The International Live Stock Exposition

THE TWENTY-SIXTH ANNIVERSARY SHOW

The Leading Exponent of a Great Movement for the Improvement of Live Stock and Crops

The Twenty-sixth Anniversary International Live Stock Exposition fully lived up to the high standard set by its quarter-centennial celebration the previous year, and in some respects excelled that notable gathering. The International Grain and Hay Show for the first time was conducted as a regular department of the Exposition and its superintendent, Director G. I. Christie, was made a member of the Board of Directors. Several new contests were added in the various departments and the activities of the Exposition were enlarged to make its scope even wider than formerly.

Each year the International is more and more fulfilling the vision of its far-sighted founders. Based upon a broad educational foundation, the Exposition is carrying the lessons of good husbandry to an ever widening circle of stockmen and farmers. New methods of presenting valuable facts in an interesting and forceful way are constantly being introduced. New fields are being included continuously until, at the twenty-sixth anniversary show, the visitor could find within its gates the finest examples of breeding stock, their fattened produce, the feed upon which they were produced, the resulting carcasses and cuts of meat, and the coming generation which is being so admirably prepared for taking up the business of stock raising and farming. The various departments were so correlated that each supplemented the other to make the picture complete.

An outstanding feature of the recent Exposition was the large attendance of visitors from the country and the spirit of optimism which they brought with them. The improvement in the frame of mind of the producers present was so marked that the management of the International was moved to issue an official statement to the press during the show, calling attention to the fact and to its significance. Visitors found that the show included more features of educational and entertaining value to all members of the family than ever before, the housewives and children coming in for their full share of the attention of the management when the program was arranged.

Closely related to the increased country attendance was the fact that more agricultural organizations held their meetings during the Exposition than ever before. These gatherings reported that a feeling of harmony prevailed in their sessions and that much constructive work resulted.

Interest in junior activities continued to increase. A new record was established for the number of teams entered in the non-collegiate live stock judging contest. By far the largest show of club calves was assembled and for the first time these baby beeves were sold in an auction of their own on Friday afternoon, at which good prices were realized. This sale was the culmination of a series of weekly auctions held under the auspices of the International at the Chicago Union Stock Yards during the fall,

INTERNATIONAL LIVE STOCK EXPOSITION

in which a total of 1,024 calves, averaging 940 lbs., were sold at an average price of \$14.35 a cwt., for a total of \$138,223.47, by Col. Carey M. Jones, who donated his services to assist club work. During 1924 in a similar series of auctions 549 club calves were sold at an average price of \$11.03 a cwt., weighing 931.7 lbs.

New records were set in the sales of animals and carcasses at the recent show. The grand champion steer brought \$3.00 per pound, the grand champion wether \$4.15 per pound, the champion beef carcass \$7.00 per pound, the champion lamb carcass \$8.00 per pound and the champion swine carcass .45c per pound. The auctions of breeding animals held by the various associations also recorded satisfactory prices and a renewed interest in pure bred stock.

A new classification was in effect in the carload cattle division, entries competing by breeds in the preliminary classes for the first time. A new contest in this division was established for county groups of calves from dairy cows by pure bred beef bulls. Another innovation in the sheep division was a contest for carloads of lambs out of range ewes. These new classes met with the approval of exhibitors and the carload show as a whole was the strongest ever brought out.

In spite of quarantine regulations against the corn borer which made it necessary to exclude corn exhibits from several states, the International Grain and Hay Show received a larger number of entries than ever before. It

was noticeable in this department, as well as in other sections of the Exposition, that there is a tendency towards a larger number of small exhibitors taking part. One of the new features of the Grain Show was an exhibit of improved varieties of crops contributed by the different Agricultural Experiment Stations.

The educational exhibits throughout the entire Exposition were of an especially high order. Notable among these were the demonstration carcasses from the Experiment Stations in the Meat Shop, the United States Department of Agriculture display, the grading up of a beef herd demonstration from Sni-A-Bar Farms, and the mutation improvement exhibit from the University of Wisconsin.

Opening the second quarter century in the history of the International, the recent show was characterized by a higher average quality of exhibits and an increased interest on the part of both country and city dwellers. The fact that its champions were in nearly all cases pure bred is proof that it is accomplishing its mission in the improvement of live stock. With the advent of the radio its lessons are being vividly carried to untold thousands who are unable to attend in person. Keeping abreast with the latest developments and widening its scope as deemed expedient, its management, while reviewing the Twenty-sixth Anniversary session with pride, looks forward to making the coming International Live Stock Exposition an even greater force in the improvement of the agricultural industry.

A TYPICAL JUDGING SCENE IN THE ARENA

A FEW NEWSPAPER COMMENTS ON THE 1925 EXPOSITION

International Opens

The 26th International Live Stock Exposition opens today. It opens with the largest entries, and altogether it is the finest show on record. That is saying a good deal. It has long been the world's greatest live stock show, as it should be to represent adequately the live stock industry of this country, which leads all others, both in quality and numbers of farm animals. The International has a place not only for animals themselves, but also for the grain that is fed to them, for the men who breed and feed them and for the junior stockmen in their great club conclave.

The International's greatest usefulness lies in the fact that it establishes and implants ideals; it is a spur to quality production; it has inspired progress in animal production and will continue to do so. It is a combination of practical and inspirational teaching and demonstration. To fail to see and know it is to fail to keep up with the procession in live stock production.—CHICAGO DROVERS JOURNAL.

The International as a whole was a better show than any held in previous years. In accordance with the custom of previous years, a Scotch judge was asked to tie the ribbons in the fat steer classes, and another Scotch judge awarded the prizes in Shorthorns. The Grain and Hay Show was one of the most interesting exhibits of the whole Exposition. This show is becoming larger every year and more inclusive in its scope. The exhibits of the agricultural colleges and experiment stations of the U. S. Department of Agriculture attracted much attention.—AMERICAN SHEEP BREEDER & WOOL GROWER.

The 1925 International Live Stock Exposition is a fitting climax to the twenty-six years of hard work and energy

expended by this the world's greatest educational institution in behalf of humanity, through the very important channel of creating a better meat supply for the daily consumption of the peoples not alone of this nation, but for the peoples of other countries as well.

A finer, richer quality exhibition all the way down the line could scarcely be imagined. The display of sheep afforded a wonderful spectacle. The swine department furnished material for a real study in the latest styles of porcine delicacies. The general trend, so to speak, seems to point toward a lean meat carcass. While in the fat cattle section everything indicated a desire to build the carcass that would yield the highest percentage of edible cuts. Aberdeen-Angus type appearing as the fashion plate for the beef makers' art.

The barns and stalls were filled to capacity from floor to garret. The horse barns have not housed such a splendid array of equine royalty in years. All in all, the gates swung open to what, in our opinion, was to be the greatest assemblage of live stock ever placed on exhibit at the Chicago International.—THE ABERDEEN-ANGUS JOURNAL.

The Best of All Internationals

The sap of life in the American live stock industry is rising in the family trees of all leading breeds. The buds which inclose the foliage of a healthy flourishing trade were visible to all who attended the International Live Stock Exposition at the stock yards in Chicago last week.

The general economic condition of the industry has undergone a marked improvement in the past year. A considerable and increasing measure of prosperity is enjoyed by many producers in various regions. The incoming of the tide bearing rewards for breeders and feeders of

NO BEARS IN THIS STOCK MARKET

meat-making stocks no longer is an empty metaphor, but a demonstrated fact, which was accented by the public and private sales of breeding and fat animals made during the week. Interest in stock to found, strengthen or meliorate herds and flocks is widespread and growing. That statement is based on published facts, and the truth of it is indicated by an unprecedentedly large attendance of farmers at the 1925 show. Apart from the last two days, the weather was clement and more uniform than it has been in the Chicago zone throughout most International weeks. It is not surprising, therefore, that the attendance of Chicago people at the evening horse shows should run up to totals seldom, if ever, hitherto reached.—BREEDER'S GAZETTE.

At the county fair you learn about the fine crops your county can produce, at the state fair you see the best from your county competing with the best from other counties, and you draw your conclusions as to the sections of the state best for certain crops. But it is at the International where you see Michigan side by side with other states exhibiting the best than can be produced, and you realize how fortunate you are to be located in Michigan. . . .

Live stock from Michigan fared unusually well at the International this year in spite of the keenest competition of any time during the history of the Exposition.—THE BUSINESS FARMER.

Canadians Score Heavily

Canadians and Canadian live stock not only maintained, but enhanced Canada's reputation as a producer of live stock and live stock men by their wins at the International.—THE CANADIAN COUNTRYMAN.

The Best Ever Presented

This year's International was conceded by habitual visitors to be the best ever presented.

A large number of individual exhibits of grain, hay and small seeds were sent in by North Dakota farmers in such number as to exceed the entries of former years.

While the International added many new features this year, nevertheless pens of calves in county groups appeared to be the leader. These pens of calves showed the possibility of raising market beeves from cows kept for dairy purposes by using pure-bred beef bulls.—THE DAKOTA FARMER.

International Sets New Record

"The Greatest Show on Earth" is a phrase that is familiar to every person on the American continent. You will immediately associate it with a circus, but it may be most aptly applied to the International Live Stock Exposition, the 26th annual session of which was held in Chicago last week. It brought together more than 10,000 animals from American and Canadian farms—cattle, horses, swine and sheep. This is a new record. It is the last important show of the season, and it is the event toward which exhibitors of meat and draft animals point as the supreme court of their competitive year.

The International Live Stock Exposition presents the ideal or the standard of perfection toward which breeders work. It is aimed also to furnish the pattern from which the American farmer who raises beef cattle, swine and sheep, may cut the cloth of his operations. On the one side there is the showing of purebred breeding animals from which the seed stock for the production of better live stock is being produced. On the other side there is the showing of animals that have been fitted for the block and which find their way into the packing houses at the close of the

week. In between there is an exhibit of meat on the block with comparisons between good, bad and indifferent so that one may quickly form a correct mental picture of what good cuts of meat should look like. And then finally there is the International Hay and Grain Show.

These exhibits combined furnish a complete picture of American agriculture as it is practiced at its best.—THE FARMER (St. Paul).

The premier live stock show and exposition in North America is the International Live Stock Exposition held annually in Chicago in the spacious Amphitheatre at the Union Stock Yards. Indeed, it probably ranks as the biggest live stock event of its kind in the world when viewed in the light of the large numbers of both breeding and fat animals brought together in single group and car lot entries. So much space is required to house all of the entries and the show is so immense, both in variety and numbers, that it is difficult to realize what a tremendous event it is, even after one has visited all parts of it and seen something of all the different classes of live stock represented. In addition to the Live Stock Exposition, there is conducted as well, the International Grain and Hay Show, which is also the biggest event of its kind on the continent and contributes in no small degree to the educational advantages accompanying Live Stock Week in Chicago. Because these combined events are of such outstanding importance in the agricultural affairs of the United States—and of Canada as well, for our flock and herds and the products of our fields and meadows are always creditably represented—many important agricultural meetings take place during the week of the International and an exceedingly representative body of persons is thus drawn together each year.

The twenty-sixth International was staged last week from November 28 to December 5, while along with it was

the seventh International Grain and Hay Show. Both were eminently successful and Canada contributed her full share toward the success of many departments.—THE FARMERS' ADVOCATE.

The International Live Stock Exposition completely represents the beef breeding industry. There is no show in the world which approaches it in magnitude or power. There is no institution that so convincingly describes the character and scope of pure-breeding enterprise, or so effectively marshals together the brains and energy of a nation's animal busbandmen. It is an inspiring spectacle. The growth of the show is marvelous. If the arena at the Union Stock Yards were twice its size, it would be no more than adequate for the magnificent display of bovine and equine tribes that assemble there annually. Each year sees a larger and more impressive display which is significant not so much because of its numerical strength as for its broadening and deepening knowledge of the art of breeding, feeding and fitting. The show is rooted in the soil of a rich and resourceful nation, to which its ideal geographical location gives strength and added prestige.—THE FIELD ILLUSTRATED.

Best in Its History

The International Live Stock Exposition, "The World's Greatest Agricultural Show," was held at the Union Stock Yards, Chicago, Ill., November 28 to December 5, inclusive; it was generally conceded to be bigger and better than ever before. Yearly it is becoming more diversified, interesting and entertaining to those who live in the open, the producers as well as the city people who are the big consumers. The International each year is the common meeting ground for all allied interests that are so dependent on each other for mutual benefit and prosperity.

The International long has been recognized as the court of final resort for the laurels of the year, always popular with Hereford exhibitors as attested by the numbers and quality of the breed on exhibition. This year, while it was a few head short in numbers of breeding Herefords as compared with preceding years, that was to be expected, but no one expected such a magnificent exhibit with scarcely an animal of mediocre quality in the show. It can safely be said to be the cleanest big exhibit we have ever witnessed at any show of the breed.—THE AMERICAN HEREFORD JOURNAL.

The International Live Stock Exposition entered upon the second quarter century of its existence at Chicago last week. As last year's exposition closed the first quarter of service in a most creditable manner, so this year's show set a high standard for the next quarter. Never have the live stock exhibits at this great exposition shown such high average quality as was seen this year. While the total number of animals shown did not exceed the number exhibited in some previous years, the number of individual breeders who entered stock for the adjudication of the judges was greater than ever before. Evidently breeders have come to the conclusion that it is a waste of money and of effort to send anything but the very best representatives from their herds and flocks to the International. Fewer, but better, animals from a larger number of breeders seemed to have been the slogan that was followed this year in the selection of cattle, horses, sheep and swine for the judging ring.

Similarly, the educational exhibits, featured by the agricultural colleges, were presented in a better and more effective manner than ever before.—IOWA HOMESTEAD.

The stock show was a history making one in every particular, including number of exhibits, quality and en-

thusiasm displayed. Over four hundred exhibitors' names were on the entry books. These had entered over ten thousand purebred and grade animals. Over thirty breeds of horses, cattle, swine and sheep were represented in the contests in the prize rings in addition to the entries in horse show and feeding divisions.

Never before has this show drawn such tremendous crowds, the majority of which represented no particular class, but just people interested in the animals displayed.—THE HORSEMAN.

The twenty-sixth annual International Live Stock Exposition and Hay and Grain Show, which was held in Chicago at the Union Stock Yards, November 28 to December 5, in many ways surpassed all of the exhibitions held in former years, even including the silver jubilee celebration of last year, when, for the first time, the President of the United States lent dignity to the occasion through his presence.

Practically all records were smashed in the number of animals exhibited in the show and in the number of exhibitors taking part. More than 10,000 of the finest horses, cattle, sheep and swine found in America competed for supreme honors and never before has there been so much interest displayed by both exhibitors and visitors. More samples of grain and hay were exhibited than ever before and the educational exhibits prepared by the various agricultural experiment stations and the U. S. Department of Agriculture were more numerous and interesting than in any show of former years. Moreover, no former International has ever witnessed such a progressive and wide-awake group of boys and girls as those who came this year from 42 states and Canada to attend the fourth national Boys' and Girls' Club Congress held in connection with the International.

The International Live Stock Exposition is a yardstick with which the progress of the improvement of live stock in North America is measured. The thousands of men, women, boys and girls who visit this great show annually not only become acquainted with the highest attainments of present-day breeders, but they are filled with inspiration that is certain to result in greater endeavors with corresponding success. No other similar exposition in the world is so purely educational in character as this show and none other can hope to have so much influence in shaping the destiny of the great live stock industry.—THE INDIANA FARMERS GUIDE.

“The court of last resort” in live stock matters—the International Live Stock Exposition.—KANSAS FARMER.

This show, more than any other, has emphasized the years of progress that we have gone through in the past quarter of a century. It is a long stride from “Mac Mullen” and “Clarence Kirklevington,” from last year’s calf and this year’s black steer. The lamb of today equals the wether of the early eighties, while the hog has advanced wonderfully since those days. It is early maturity, quick returns and a rapid turn-over that we aspire to with success. Greatest of all is the transformation in the car-load lots. Some fairy waved his wand and transformed the character and quality of our farm animals—at least of our cattle, hogs and sheep.—LIVE STOCK MARKETS.

Michigan Farmers have once again brought home the bacon as demonstrated by their winnings in the Hay and Grain Department of the International Live Stock Exposition, held at Chicago, November 28 to December 5. . . .

While Michigan’s outstanding victory at the great International Live Stock and Grain Show at Chicago was in

the grain departments, her exhibitors brought home no small amount of winnings from the live stock end of the 1925 Show. . . .

The International is contributing abundantly to the progress of agriculture.—MICHIGAN FARMER.

. . . But the International in many respects still stands alone. Not only are the exhibits, including those of the grain show, the best possible to assemble, but the International brings together the most cosmopolitan class of stockmen of any show in the world. Folks from every section of the United States, from Canada and from across the waters, rub shoulders. Dozens of organizations hold annual meetings. Club boys and girls fairly swarm. I never tire of watching the crowds, for there the might of agriculture is manifested. It is a colorful pageant of prosperity. And the crowning of a king or queen of beef is an event more worthy of mention than that of succession to an European throne.—MISSOURI RURALIST.

The International is not an ordinary seed show. It is a show where the highest possible and almost extreme quality is the goal. The awards, therefore, are not only indicative of actual quality of production, but also the ability of the exhibitor in selecting and preparing the exhibit.

Let us then give due credit to Montana soil and climate, but let us not forget the “planned and tireless efforts” of the exhibitors. A win at the International even though it may be below 20th place represents not only real quality, but a considerable amount of care and infinite patience on the part of the exhibitor himself.

The number of exhibitors from Montana is steadily increasing. In a more normal year when adverse climatic conditions interferes less, the number of exhibitors is expected to take a decided jump.—THE MONTANA FARMER.

All Records Broken

The 1925 International Live Stock Exposition goes on record as being the greatest show ever held. All records of previous years for number and variety of exhibits were broken. Special trains from all sections of the United States and Canada brought in more than 11,500 head of cattle, horses, sheep and hogs for the exposition. More than 5,000 samples of hay, grain and seed were on exhibition.

The "International" can be called the great North American clearing house, a place where grand champions and the leading prize winners from all sections of the continent meet in the highest live stock court of the land. The 1925 show is the climax. Never before has the quality been equaled. It was of particular interest to see the many good animals and the improvement that has been made in the past few years. Breeders have culled their herds and flocks carefully and today a marked improvement is to be found in the quality of the animals exhibited. This was particularly true in the beef cattle divisions. The classes were strong in both bulls and cows. The breeders have been following the demand of the packers for highly finished beeves at the earliest possible age, as shown in the early maturing, low set, wide and deep in body and more thickly fleshed kind of animals that were being exhibited. . . .

The International Live Stock Exposition is a great educational institution and should be visited when opportunity affords itself. At this exposition you will find cattle, horses, sheep and hogs, and grains and hays which have been bred for generations to most cheaply meet the needs of man. Here the farmers can compare what the most expert breeders have done with his own success. If his own farm animals and crops have not been profitable, here he has a good chance of learning the reason why. If his own cattle or hogs are deficient in some respect, here he may find a desirable type and discover the breeder from whose herd or

flock to buy a sire to overcome the defects in his animals.—
THE NEBRASKA FARMER.

Honors are not lightly bestowed at the big Chicago show. The word "International" means just that. The best of the world is assembled there. Competition is of the keenest.—THE OKLAHOMA FARMER-STOCKMAN.

Greatest International Live Stock and Grain Show

The International Live Stock Exposition, the greatest assembly of live stock and grain, is now in full swing. The highly fitted and groomed cattle, swine which are improved to perfection, the excellent specimens of the draft and harness horses and the products of experimental work in grain are evidence of the work being accomplished by the farmer. An education of untold value lies in store for the agricultural man who will study the products of the farmers' efforts and conscientious work exhibited at this show. . . .

A splendor never before realized is produced at the night horse shows. Highly schooled and mannered animals, and ponies going through their paces will arouse the love for animal life in every man's heart. In addition to the spectacular live stock maneuvers, an excellent band furnishes music for the people.—THE ORANGE JUDD ILLINOIS FARMER.

A new record for attendance was established by the 1925 International Live Stock Exposition. More than 225,000 people passed through the gates during the week. The live stock on exhibition this year surpassed in quality that of any previous International. One notable feature was the absence of poorly fitted animals, making it truly a show of select exhibitors. But this should be expected if real progress is being made in live stock breeding and feeding.

Practically all the breeds were represented by entries from all parts of the United States and Canada. Never before in the history of this show were the entries drawn from such a wide area. The entries from the Pacific Coast, Canada, the eastern states and from the South were strong contenders for championship honors.—PENN-SYLVANIA FARMER.

The great International Live Stock Exposition has just opened its doors for the 26th time in history. All records have been smashed in the number of exhibits. More than 11,500 head of cattle, horses, sheep and swine are there, all groomed and curled, waiting to be led by their white-garbed attendants into the ring.—THE PRAIRIE FARMER.

Meat Takes Place in Live Stock Show

Demonstrations of the kind of meat the public wants—and that the retailer can sell the most of—have been made big features of the International Live Stock Exposition, held in Chicago during the past week.

For a long time the show had been confined almost entirely to the finest types of meat animals that can be produced, both of breeding stock and fat stock ready for slaughter.

Now the exhibits have been extended to show what these animals look like on the rail, and how the cuts from their carcasses look on the retailer's block; also to showing the difference between prime, good and common meat.

In fact, it is a bringing out of comparisons of kind and quality that is of great interest to packers, retailers and consumers. . . .

With the inclusion of the meat feature, the International Live Stock Exposition becomes of much greater importance to the packing industry and retail meat trade than it has ever been before.—THE NATIONAL PROVISIONER.

With greater entries of live stock and grain and a more splendid array of educational exhibits than ever before, the 26th International Live Stock Exposition staged its annual classic last week at Chicago. History was made again among the kings and queens of the live stock world when the champions of many states and Canada came together on the tanbark. It is the court of last resort for American showrings.

There came together for the highest honors of the land about 2,000 cattle, 1,000 sheep, 1,000 swine and 400 draft horses, representing some 500 breeders, scattered through 30 states and Canada. Carload entries numbered around 200. More than 5,000 entries made up the greatest grain and hay show ever exhibited at Chicago, despite the fact that corn was barred from corn-borer states.—OHIO FARMER.

The Chicago International Horse Show

The International Show, which closed Saturday night, December 5th, was one of, if not the, greatest ever held; the crowds were enormous. . . . The evening horse show, which is most interesting to our readers, was attended wonderfully. The show of hunters, ponies and saddle horses was unprecedented.—THE RIDER AND DRIVER.

The International Live Stock Exposition grows, and grows better, year by year. This is true of every department except horses. The Coach horses which filled the arena in the early shows have disappeared with the carriages to return no more. The draft horse show was less this year than last, but it is of substantial size yet and some day it will be bigger than it was this year. For interest in draft horses is increasing, not waning, at the present time. In all other respects, including the grain and hay classes, including also the exhibits of the U. S. Department

of Agriculture and the experiment stations, the International of 1925 was the best in history.—THE NATIONAL STOCKMAN AND FARMER.

The twenty-sixth anniversary of the establishment of the International Live Stock Exposition was celebrated by the greatest and most instructive exhibition of live stock that ever has been seen on the North American continent. The fat cattle exhibits in the yards, where carloads competed, has not been surpassed. The fat steers in the barns were of unusual quality. The breeding classes filled every available stall with a better lot of cattle than have been seen there before.—THE SHORTHORN WORLD & FARM MAGAZINE.

Chicago's International Show

With a more numerous entry in all divisions than in many years, and with quality in proportion, the horse show of the International Live Stock Exposition, held in the International Amphitheatre in Chicago, scored a record-breaking success. Some idea may be grasped from the fact that more than fifty hunters and jumpers appeared in the Touch-and-Out contest, with not a poor performer in the list; sixteen five-gaited saddle horses to a class, and twenty-six of the three-gaited variety entered the ring, and the quality of the heavy and light harness horses, and of the scintillant high-stepping ponies, was fully up to the average in the other classes.—THE SPUR.

The International Live Stock Exposition is more than a show, it is an institution, true to its name in size and influence and unequalled by any other similar Exposition in the world.

While the number of visitors and exhibitors this year exceeded those of former years, it is difficult to say whether it was the greatest International. When events reach such

stupendous proportions as has been developed by this exposition the past few years it is humanly impossible to determine standards upon which accurate comparisons can be made. Suffice to say it was a great week and every visitor from this experience must more nearly realize the important place of live stock in the farming systems of this country and better appreciate the present day standards of our leading breeds.—AMERICAN SWINEHERD.

Biggest Crowd in History

Rings of carefully groomed cattle and horses, the choicest of their breeds, awaiting the critical eyes of the judges; pens of blocky sheep and sleek swine; exhibits of grains and hays from all parts of North America; displays from the experiment stations, telling all who will stop to look at the stories of the new methods and new discoveries in agriculture. These made up the International—these and the people. For it is probable that no American event attracts people from so many walks in life as does the International—farmers from the west, south and east, ranchmen, Canadians, city folks from Chicago's loop and the boys and girls. To America, the International is a review of the year's achievements in live stock husbandry; it is a time when pioneer breeders and feeders renew old friendships—a time when the newer generation of live stock men and women make plans for the future.

As a colorful and glamorous spectacle, the 1925 International proved worthy of the best traditions. As a review of American live stock performance in the show ring and on the butcher's block, it was all that its predecessors have been and more. The International grows with the years. Interest in it broadens in scope with each show, to judge from the wealth of exhibits and the attention paid to them by thousands of visitors. This year the attendance, according to Secretary-Manager B. H. Heide, exceeded all previous marks.—WALLACE'S FARMER.

Boys' and girls' club work of the United States has grown to be a vital and most important division of the extension service of the state agricultural colleges and the United States Department of Agriculture. A special building has been constructed on the grounds of the International Live Stock Exposition in Chicago, dedicated to the boys' and girls' clubs of the United States, and the national conference and club meeting held during the week of the exposition is the culminating club event of the year.—WESTERN FARM LIFE.

"Bring on your world beaters!" seems to be the annual challenge of the International Live Stock Exposition to the live stock breeders of the world. That challenge is accepted to the tune of some 15,000 head of the world's best blue-bloods. They are there, all kinds of animals and draft horses.

Speaking of "world beaters," in one class of aged bulls 13 animals were lined up that had been grand champions of as many different state fairs this year. At no other place could one find such an array of the "best." Truly it was a championship contest with many an animal "knocked out" but not disgraced. Those that came through winners rightly can claim the highest honors of the land for at least one more year.—THE WISCONSIN AGRICULTURIST.

Sheep at the International Live Stock Exposition

Agricultural and live stock exhibitions are increasing in number, size and in usefulness in all parts of the country. Some of them draw from, and contribute to the advancement of many states. And yet there is the one and only International. The twenty-sixth renewal at Chicago of the International Live Stock Exposition was held from November 28 to December 5. From all parts of the United States and from Canada and other countries came visitors,

students and onlookers, also the highest attainments in the breeding and feeding of horses, cattle, sheep and swine, and in the production of all classes of crops and seed grains.

The International appears to have attained its mature size, but improvement in quality of all classes of exhibits is always plain even to the hyper-critical. Also there is here the record and presentation of the continual moulding of the best animal qualities to the ever changing conditions of market demand and greater efficiency in economical production.—NATIONAL WOOL GROWER.

The Live Stock Show

The aristocratic quadruped has the stage. Of all the countless expositions, exhibitions, shows, gymkhanas, and rodeos, conclaves, assemblies, fairs and conventions held in Chicago each year, none is of greater interest nor of more significant value than the International Live Stock Exposition, which opens today, and which draws its four-footed attractions from near and far and its guests from all quarters of the globe.

The live stock industry is one of the cornerstones of American prosperity, and when all is well with it, all is well with a great body of American citizens. It is of the highest importance to all America, and is of very special importance to Chicago, the greatest live stock market on the globe.—CHICAGO DAILY JOURNAL.

The Greatest of Live Stock Shows

Not every exposition of importance elicits a proclamation from the mayor of the city in which it is held. But Mayor Dever realizes the exceptional character of the International Live Stock Exposition, which opens in Chicago today. In his appropriate proclamation he voiced the sentiment of the community in extending a cordial welcome to the tens of thousands of visitors attracted by this unique

annual event and commending to them the many interesting, admirable and beautiful things the city affords in the way of entertainment and instruction.

Chicago long has realized the very great importance of scientific development of the live stock industry. Reciprocally the industry in its various branches has never failed to evince its intelligent appreciation of the advantages of Chicago as the eminently suitable place for the Exposition of its ever-increasing activities.

The supreme value of this great Exposition ought to be recognized by the people of Chicago, as it is recognized by the stock breeders and the authorities on food supplies of the world at large.—THE CHICAGO DAILY NEWS.

Every State in the Union Represented

More than 225,000 farmers and city visitors attended the International Live Stock Exposition, which closed last night with the Horse Show, exceeding by many thousands the attendance of any of the other twenty-five stock shows held in Chicago.

The International this year was truly a record-breaker, wrecking high marks in prices of animals on the hoof as well as the carcasses of the champions.

Interest in the show was keen from the opening day until the last. Visitors from every state in the union, Canada, and other foreign countries, including Scotland and England, poured in from the opening of the show last Saturday morning, a week ago, until the lights were turned out late last night.

The International Amphitheatre was packed during the judging programs throughout the day, as well as the Horse Show at night.—CHICAGO TRIBUNE.

If, of all the expositions this city sees in a year, there is one particularly Chicagoesque, we think the "Stock

Show," otherwise the International Live Stock Exposition is IT.

Chicago, like the "Stock Show," has become international. But neither Chicago nor the show has lost its individuality, and those individualities are closely intertwined.

Historically, the "Stock Show" is our great show. It is also one of our most picturesque. The 10,000 pure-bred animals in the show are the pick of the country and the promise of the future. They have the individuality of perfection. They are the "dernier cri" of evolution. Breeding is the greatest exhibition of applied science, and here is the best the breeders can do.—CHICAGO HERALD AND EXAMINER.

For Every Chicagoan

This week Chicago has many thousands of visitors who have come from all sections of the United States and Canada to visit the International Live Stock Exposition. There are visitors, too, from other countries; for the stock show now being held in Chicago is not only recognized as the supreme show of its kind in the United States, but in all the rest of the world as well.

No intelligent Chicagoan who really wants to understand the economic foundations of his city should miss seeing the thing which has attracted men and women to this place from all the corners of the world. In addition to the stock show, the visitor will see the International Horse Show, in which more than a thousand blooded horses have been entered. All told, a visit to the International Amphitheatre would give a Chicagoan the best possible returns for his time and his money.

Other forms of entertainment and instruction will be available not only this week but the next week and the week after that. But the stock show and the horse show

are for this week only. Chicago is the only place to see these shows; and they are to be seen only this week. Every thoughtful Chicagoan, and especially every business man, should make his arrangements now to visit the stock and horse shows at least once during their stay.—CHICAGO JOURNAL OF COMMERCE.

Chicago and the Stock Show

The first Saturday after the last Thursday in November has come to have a significance throughout the western hemisphere which attaches to no other day of its name in the calendar. For twenty-six years it has marked the opening of the International Live Stock Exposition in Chicago, the most extraordinary event of its kind held anywhere in the world.

For weeks in advance throughout the United States and Canada, and in countries of Latin-America and Europe, the attention of stock breeders is held by the approach of this great display. An industry basic to the life of the world—an industry which feeds it, clothes it, puts shoes upon its feet and belts upon its wheels—finds in this exposition the most comprehensive and the highest expression of its achievement.

It is impossible to estimate the influence which the event exerts upon the industry it represents. It is a tremendous stimulus to the emulative effort of all who breed and raise the domestic animals, biped or quadruped, big and little, upon which mankind relies for the satisfying of so many of its needs.—CHICAGO EVENING POST.

The International Live Stock Exposition opened at the Union Stock Yards today. Annually this offers Chicago the opportunity to take an interesting educational course in one of the greatest industries of this country—stock feeding and breeding.

The prosperity of the Middle West is pyramided upon agriculture. The prices of corn, wheat, hogs and cattle mean more to our economic well-being than any other prices in this country. . . .

At the "Fat Stock Show" you will see some of the animals on the breeding of which largely depends the existence of modern economic society. . . .

Every boy and girl, as well as their elders, should go to the International Live Stock Exposition during the week of November 28 to December 5 at least once.—CHICAGO AMERICAN.

“International” Establishes Economics Department

The International Live Stock Exposition, on its Twenty-Fifth Anniversary, was honored by the presence of Calvin Coolidge, President of the United States. In an address to the Members and their guests, the President said:

“More than anything else, the farmer needs to know the truth about himself and his business. He needs to understand all the facilities that have been created, wherewith he can help himself. He needs to study them, and to learn to utilize them.”

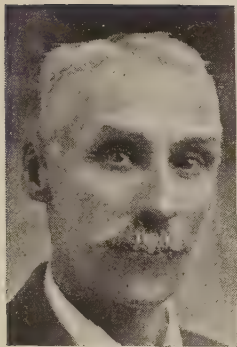

With this suggestion in mind, the management of the International Live Stock Exposition Association has decided to create a “Department of Live Stock Economics.” The Association has secured the services of Dr. Tage U. H. Ellinger, of Chicago, as Director of this Department.

Dr. Ellinger is a graduate of the University of Copenhagen; a special student of John Hopkins University, and the University of Illinois, and holds a Doctor of Science degree from Harvard University. He is the author of many scientific papers, and co-author of “Marketing Live Stock and Meat,” “Progressive Sheep Husbandry,” and “Progressive Hog Raising.” He has also traveled extensively in Europe and South America.

This Department will have unparalleled facilities for collecting and compiling information relative to the Live Stock industry; and inasmuch as the International Live Stock Exposition Association is organized “Not for Profit” and has nothing to buy or sell, it will be in the unique position of disseminating information of an unbiased nature.

—*Live Stock Markets*, Nov. 25, 1925.

CATTLE DEPARTMENT

Chas. W. Lewis
Supt.

In reviewing the display of breeding stock at the time of the show the Chicago Daily Drovers Journal stated:

"The founders of the International had a dream. Their vision was to establish an institution which would be the great North American clearing house; a place where the grand champions, champions and leading prize winners from all sections of the continent would meet annually in the final and highest court of the land. This year's show is the climax. Never before has the quality been as good.

This is general verdict. Here champions by the dozens will be eliminated and in the end the best and most perfect animals of the respective breeds crowned kings and queens of the land. It is truly the world's greatest animal husbandry school. Nothing has been left undone to make this year's show a truly educational event.

"The breeding cattle show reflects results of five years of close culling and is clearly the best ever seen so far as the Shorthorn, Hereford and Angus are concerned. There are more exhibitors than ever before, coming from every nook and corner of the continent.

"Perhaps the most marked improvement is to be found in the superior quality of the animals. They truly exemplify the fact that our American breeders have steadily

but surely gone forward. The bull classes are strong and the female classes, in most breeds, are even stronger. In every breed we have ample evidence of the trend on the part of our molders of animal form to produce a lower set, broader, deeper and more thickly fleshed early maturing type of animal.

"They have been following the demand of the modern day packer for highly finished beeves at the very earliest possible age. They have shortened the gap between birth and block not by days or months, but by years, the result of economic demands."

The improvement in the purebred cattle business was evident on every hand. The demand for bulls by prospective purchasers was encouraging and the inquiry for female stock was especially pleasing to those who were in a position to fill orders.

At the Association meetings optimism prevailed. A large number of new breeders were in evidence and added enthusiasm to the gatherings. Much constructive work was accomplished.

In this department, as in others, the tendency was towards more exhibitors and smaller show herds than in the early days of the Exposition. This widening interest in cattle breeding was very satisfying to the men who for years have preached the gospel of better live stock.

Charles W. Lewis, Agate, Nebraska, again served in his accustomed efficient manner as superintendent of the cattle department.

THE SHORTHORNS

R. L. P. Duncan
Judge

"Breeding Shorthorns were present in large numbers from coast to coast, from Canada to the Southern states. Mr. R. L. P. Duncan of Forfarshire, Scotland, made the awards. He is an able judge; his classes looked uniform; and his placings were much in accord with the work that had been done in previous shows throughout the season.

"The aged bull class has been the principal cause of disagreement among judges during the entire show season. There is no outstanding winner. There are extreme types in this class. King of the Fairies, exhibited by H. R. H. The Prince of Wales, is a bull of great style and character. His shoulders and crops are not pleasing and he fails to carry his width back of the hooks. But he is mellow and deep and on short legs. He got first place. There were 18 aged bulls shown, making it the strongest class that has been presented in years.

"The two year olds were but ten in number. Jos. Miller's Sons' well known show bull Oakdale Stanmore and E. D. Logsdon's Mysie's Baron, smooth, thick fleshed and very mellow, were easily first and second. The senior yearling class contained only seven entries, Vint Hill Challenger, a squarely built red by the International champion Lespedeza Collynie, was an outstanding first.

"The junior yearlings composed one of the strongest classes of the entire exhibition. Sixteen splendid young bulls were presented. The red Broadhooks, Collynie Supreme by Collynie Clipper Crest, shown by Easton & Ward, led the class. He is level, smooth, well balanced and full of quality. His head is ideal and he looks to be the

making of a grand stock bull. Twenty-one summer yearlings came forward and there were some extraordinary bulls on the top. Collynie King Lancaster by Collynie Prince Lavender, the grand champion at the Pacific International and at the American Royal, took first place for Easton & Ward. His half brother out of the same dam was the grand champion at the Royal last year. This bull is a beautiful rich red and exhibits exceptional character. Thirty senior calves were shown. Browndale Guard from the noted herd of James Douglas & Sons, Caledonia, Ont., took first prize in this strong class. He is a red by Browndale Coronet by Browndale Count. He is a very compact, thick fleshed, smoothly made bull on good legs and with a pleasing head.

"Thirty-two junior bull calves were shown. Collynie Lord Victor by Collynie Clipper Crest, a roan with unusual developed hindquarters, wide, thick and short of leg, took first place for Easton & Ward. This is the third show for this calf and he remains undefeated in class.

"King of the Fairies, having won first place in the senior bull class, showed against Miller's Oakdale Stanmore for the senior championship. The former had clearly the best head and was the most pleasing to the touch. Oakdale Stanmore, though he droops slightly at the rump, was much truer in his lines and considerably superior in general conformation than the other bull. Character won over conformation and King of the Fairies was awarded the senior championship.

"Easton & Ward had three of the four candidates for the junior championship. No better heads were exhibited at this show than those possessed by their junior and summer yearlings. Both are ideal in color, are level and true in their lines and have little to be corrected in regard to their general conformation. Browndale Guard shown

KING OF THE FAIRIES 164901

Grand Champion Shorthorn Bull, 1925. Age, April 21, 1920.
Sire, Sherborne King Christian (152037); dam,
Sherborne Fairy 4th 1026-E. Owned by
H. R. H., The Prince of Wales,
Pekisko, Alberta, Canada.

by Douglas is a great calf. He was awarded the junior championship. Between King of the Fairies and Browndale Guard, a senior calf, the mature bull received the grand championship honors.

"Easton & Ward's three bulls that won first prizes in their classes had no difficulty in landing the blue ribbon in the class of three bulls owned by exhibitor. Eighteen pairs of bulls bred and owned by exhibitors were next shown and again Easton & Ward won an easy victory.

"The senior cow class was won by Waterloo Princess 42nd, exhibited by T. A. Russell of Toronto, Canada. This is a beautiful red cow, very pleasing from her hooks forward. There were eleven cows shown in the class. The two year old class here, as at the Kansas City Royal show, was the strongest that has been seen in years. Twelve wonderful heifers were shown. There was very little difference in the placing over the way they stood two weeks previously under Will Pew as judge. Model Mill Ury, the perfect little roan block, won first place for Alexander & Son.

"The senior yearlings were strong, sixteen being forward. Sni-A-Bar Farms' thick roan Oakdale Jealousy 12th won first place. Twenty-seven junior yearlings were led by the undefeated blocky white Sultan's Fortune 3rd by Naemoor Escort shown by Buckland Hall Farms. In the summer yearling class twenty-two lots were shown. The first, second and fourth in this class were all daughters of the famous sire Cudham Dreadnaught. Mathers Bros.' white Belle O'Leveldale being first and Haylands Farm's Haylands Bridal Day 2nd and Haylands Athene, second and fourth. The senior calf class was thirty in number and

strong indeed in quality. The dark roan Orange Blossom 14th with a beautiful coat of hair and blocky in type shown by James Douglas & Sons won first. There were 22 calves in this class.

"In the wet cow class Dorothy Anoka shown by Sni-A-Bar Farms was outstanding. Dorothy Anoka carried off the senior and grand championship and the decision had the unanimous approval of all who saw the show. Sultan's Fortune 3rd exhibited by Buckland Hall Farms continued her record of the season and became the Junior Champion. Sni-A-Bar Farms has an aged herd that has not been defeated this year. Every one of the cattle in this group is a splendid individual of rare quality and striking in character. Easton & Ward have made but three shows during the season and at each one of the three their yearling herd headed by Collynie King Lancaster has won first place. There were 11 herds shown. There were 19 pairs of calves. Douglas & Sons were able to show two first prize winners and took first on the pair.

"The get of sire class was won by Douglas & Sons on the get of Browndale Coronet, a son of Edellyn Farms' stock bull Browndale Count. The Carlos M. Duggan trophy for the best two head, bull and female of any age bred and owned by exhibitor, was won by Douglas on Lady Bellona and Browndale Guard. The Emilio Casares trophy for the champion bull calf of the show was won by Douglas on Browndale Guard. The gold medal offered by the Shorthorn Society of Great Britain and Ireland for the best Shorthorn bull exhibited at the 1925 International was won by H. R. H. The Prince of Wales on King of the Fairies."—THE SHORTHORN WORLD.

SHORTHORN BREEDING CLASSES

CLASS 1

Bull, Calved Before June 1, 1922

Awards

- 1st King of the Fairies 164901—Age, April 21, 1920; sire, Sherborne King Christian (152037); dam, Sherborne Fairy 4th 1026E—H. R. H. The Prince of Wales, Pekisko, Alberta.
- 2nd Ballylin Rodney 945251—Age, Oct. 9, 1919; sire, Rodney 753273; dam, Villa Grove Flower 2d 740190—John Alexander & Sons, Aurora, Ill.
- 3rd Sni-A-Bar Royalist 1123718—Age, March 14, 1922; sire, Clipper Sunset 920679; dam, Anoka Lady Dorothy 715637—Sni-A-Bar Farms, Grain Valley, Mo.
- 4th Maxwellton Revelenter 1101592—Age, Sept. 20, 1920; sire, Rodney 753273; dam, Villa Grove Flower 151292—Sni-A-Bar Farms, Grain Valley, Mo.
- 5th Ravendale Glaryford 1113671—Age, May 23, 1922; sire, Glaryford Augustus 716421; dam, Maxwellton Dignity 3rd 699925—E. W. Brockett, Atwater, Ohio.
- 6th Maxwellton Matador 1113593—Age, Nov. 3, 1921; sire, Rodney 753273; dam, Maxwellton Missie 3rd 169060—E. D. Logsdon, Indianapolis, Ind.
- 7th Model Mill Victor 1169623—Age, May 6, 1922; sire, Royal Baron 835475; dam, Gainford's Model 958245—E. D. Logsdon, Indianapolis, Ind.

Awards

- 8th Lespedeza Supreme 1009666—Age, Sept. 3, 1920; sire, Lespedeza Sultan 406929; dam, Lethenty Laura 605880—Haylands Farm, Sharpsburg, Ill.
- 9th Columbian Bruce 1050999—Age, Dec. 20, 1920; sire, Royal Bruce 795521; dam, Clara 794382—Columbian Stock Farm, Kansas City, Mo.
- 10th Cumberland Sultan 1049322—Age, Oct. 1, 1920; sire, Fair Sultan 494475; dam, Alena Cumberland 512722—Sni-A-Bar Farms, Grain Valley, Mo.
- 11th Maxwellton Clansman 2nd 1159489—Age, April 24, 1922; sire, Rodney 753273; dam, Maxwellton Clipper 11th 201399—Rosewood Farms, Howell, Mich.
- 12th Maxwellton Ladas 1044717—Age, March 4, 1921; sire, Rodney 753273; dam, Lady Dorothy 526415—Maxwalton Farms, Mansfield, Ohio.

CLASS 2

Bull, Calved Between June 1, 1922, and May 31, 1923

- 1st Oakdale Stanmore 1193382—Age, March 16, 1923; sire, Cumberland Matadore 926116; dam, Golden Secret 2nd 674719—Joseph Miller's Sons, Granger, Mo.
- 2nd Mysie's Baron 1216105—Age, Oct. 20, 1922; sire, Royal Baron 835475; dam, Mysie 60th 583809—E. D. Logsdon, Indianapolis, Ind.

Awards

- 3rd Collynie Secret Star 1235554—Age, March 18, 1923; sire, Collynie Prince Lavender 1003666; dam, Gem's Beauty 2nd 156385—Easton & Ward, Diablo, Calif.
- 4th Whimble King 1214056—Age, Nov. 26, 1922; sire, Whitehall King 792762; dam, Edellyn Whimsical 717464—Edellyn Farms, Wilson, Ill.
- 5th Lodestar 1220537—Age, Jan. 9, 1923; sire, Maxwalton Stamp 2nd 414029; dam, Crewe Medora 5th 754975—Ely-Aylor Shorthorn Co., Mayville, N. D.
- 6th Edglink Masterpiece 1187364—Age, Jan. 3, 1923; sire, Merry Clipper 1005342; dam, Mina Grey 10th 566352—Bob Brennan, Kendallville, Ind.
- 7th Kingswood 1214055—Age, May 29, 1923; sire, Whimsical King 792762; dam, Princess Dorothy 2nd 936271—Edellyn Farms, Wilson, Ill.
- 8th Marquis Dale—163564—Age, Jan. 4, 1923; sire, Matchless Dale—130811—dam, Gainford Emmeline—176713—T. A. Russell, Toronto, Canada.
- 9th Aristocrat 163560—Age, Sept. 2, 1922; sire, Bridgebank Agitator (Imp.) (147504)—144553—; dam, Miss Rosalie—169076—T. A. Russell, Toronto, Canada.
- 10th Silver Bapton 1254449—Age, Dec. 17, 1922; sire, Silver Champion 635123; dam, Silver Nell 180804—Mathers Brothers, Mason City, Ill.

CLASS 3**Bull, Calved Between June 1 and Dec. 31, 1923**

- 1st Vint Hill Challenger 1270549—Age, Oct. 15, 1923; sire, Lespedeza Collynie 576037; dam, Maxwalton Fancy 6th 837318—Buckland Hall Farm, Nokesville, Va.
- 2nd Anoka Waverly 1281578—Age, Oct. 13, 1923; sire, Bridgebank Jolly Tar 1111521; dam, Winifred 19th 971611—Powell & Sons, Linn Grove, Iowa.
- 3rd Royal Dreadnaught 1271411—Age, July 23, 1923; sire, Merry Dreadnaught 961086; dam, Queen Hazel 1082648—Winmoor Farms, Dundee, Ill.
- 4th Dundee's Commander 1267156—Age, Aug. 10, 1923; sire, Mint Master 1005343; dam, Blinkbonny 54th (Imp.) 1115359—Edwin D. Logsdon, Indianapolis, Ind.
- 5th Elm's Model 1250020—Age, Sept. 3, 1923; sire, Victor Cumberland 704305; dam, Elm's Golden Girl 927324—W. W. Brown, Amenla, North Dakota.
- 6th Kingrod 1267434—Age, Sept. 15, 1923; sire, Kingwood 682218; dam, Maxwalton Beauty 6th 1044668—Edellyn Farms, Wilson, Ill.
- 7th Mar-Don Selection 1267782—Age, June 26, 1923; sire, Maxwalton Royalist 699910; dam, Simplicity 713657—Mar-Don Farm, Ashland, Ohio.

CLASS 4**Bull, Calved Between Jan. 1 and May 31, 1924**

- 1st Collynie Supreme 1281630—Age, Mar. 1, 1924; sire, Collynie Clipper Crest 1259323; dam, Congalton Broadhooks 1259368—Easton & Ward, Diablo, Calif.

Awards

- 2nd Dreadnaught Clansman 1269926—Age, Apr. 21, 1924; sire, Cudham Dreadnaught 860431; dam, Dale's Missie 1159559—Mathers Bros., Mason City, Ill.
- 3rd Roan Villager 1304097—Age, Jan. 5, 1924; sire, Grandview Villager 1047864; dam, Ardmores Countess 1235282—Baker Shorthorn Farm, Hickman Mills, Mo.
- 4th Scottish Member —170509—Age, Mar. 15, 1924; sire, Member for Browndale —158576—; dam, Roan Lady 13th —167300—Reynolds Bros., Lodi, Wis.
- 5th Lavender Crown 1348799—Age, Apr. 16, 1924; sire, Augusta's Crown 1053978; dam, Lavender Leaf 949647—John Alexander & Sons, Aurora, Ill.
- 6th Royal Supreme 1313958—Age, May 1, 1924; sire, Baron Supreme 1117443; dam, Claret's Lady 1117447—A. L. Lynch & Son, Waverly, Iowa.

SHORTHORN SOCIETY OF GREAT BRITAIN AND IRELAND SPECIAL

The Shorthorn Society of Great Britain and Ireland offered a gold medal for the best Shorthorn bull exhibited at the 1925 "International." Won by H. R. H., The Prince of Wales, Pekisko, Alta., Can.

FIRST PRIZE SHORTHORN AGED HERD, 1925

Owned by Sni-A-Bar Farms, Grain Valley, Mo.

THE MILKING SHORTHORNS

John C. McNutt
Judge

"The Milking Shorthorn show last week was the best in number and quality that has been held in this country. The breed has made great advance in popularity during the last few years.

"The exhibitors came from New England to California. The best blood of the breed was represented. The show should be a further stimulus to progress and result in a wider distribution of the farmer's cattle. Prof. J. C. McNutt of Durham, New Hampshire, tied the ribbons.

"Twenty-two splendid matrons were shown in the aged cow class. Hudson & Sons brought Edgewood Fairy 2d into the ring. She made a fitting first prize winner and a worthy senior and grand champion. She possesses good scale, matronly carriage, a wonderful udder and is a real Shorthorn. The three-year-old cow class numbered 16 head. Flintstone Farms had first and second on Gift's Duchess 2nd by Flintstone Gift and the noted Knowsley Rena by Knowsley Gift. There were 20 two-year-old heifers and the lineup was considerably different than at some other shows where the same heifers had competed. Hero's Milkmaid by Glendale Hero stood first and King's Juliette by Glenside Meadow King was second, both being shown by the Connecticut Agricultural College. The senior yearling heifer class was won by Innisfail Dorothy, a daughter of the first prize and grand champion aged bull. Fifteen junior yearlings were shown and Innisfail Herd won another blue ribbon when Foot Hills Trifle was placed on top over the Eastern States champion Duchess Woodward shown by Donald Woodward Farms.

"Edgewood Fairy 2nd won the senior and grand championship for Hudson & Sons while Innisfail herd won junior and reserve grand championship on Foot Hills Trifle and reserve junior championship on Innisfail Girl.

"Innisfail Perfector a big, fresh, masculine-looking red defeated Flintstone Model the many times champion shown by Connecticut Agricultural College and in so doing paved the way for the senior and grand championship which in due time were awarded to him. In the aged bull class there were eight shown.

"The two-year-old class was somewhat of a surprise. King of Flintstone by Flintstone Gift, a red with lots of quality, won first place. Glen Rose Woodward and Master Woodward both by the Duke of Glenside took first and second place in the yearling class for the Donald Woodward Farms. Sixteen bull calves were shown and they were headed by the good, straight-lined Bar None Clay Duke, a calf of rare quality and character and a very acceptable winner.

"Bar None Clay Duke was awarded the junior championship and Innisfail Perfector the senior and grand championship. Flintstone Farms took first prize in the class for three cows in milk and second in the class for two cows in milk, Hudson & Sons being second in the first and first in the second of these classes. The graded herd prize was won by Innisfail Herd of Davis, California.

"Donald Woodward herd won first prize on get of sire with the get of Duke of Glenside, thus going through the second season without a defeat with the get of this famous sire."—THE SHORTHORN WORLD.

- 7th Otis White Maid 1130547—Age, Feb. 17, 1922; sire, British Chief 831573; dam, Maple Ridge Mabel 234333—Connecticut Agri. College, Storrs, Conn.

CLASS 37**Heifer, Calved Between Aug. 1, 1922, and July 31, 1923**

- 1st Hero's Milkmaid 1224116—Age, Oct. 29, 1922; sire, Glendale Hero 944850; dam, Milkmaid 3d 836168—Connecticut Agr. College, Storrs, Conn.
- 2nd King's Juliette 1227439—Age, Nov. 22, 1922; sire, Glenside Meadow King 622765; dam, Juliet 10th 603120—Connecticut Agr. College, Storrs, Conn.
- 3rd Lu Woodward 1186222—Age, Feb. 1, 1923; sire, Duke of Glenside 813884; dam, Lu 535475—The Donald Woodward Herd, Le Roy, New York.
- 4th Otis Peaches 1243534—Age, Jan. 14, 1923; sire, Prince Jeweler 1114098; dam, Peach Blossom 241369—S. J. Macy, Caledonia, New York.
- 5th Woodward Roan Queen 1186228—Age, March 3, 1923; sire, Duke of Glenside 813884; dam, Queen Bapton 492907—The Donald Woodward Herd, Le Roy, N. Y.
- 6th Waterloo Maid 34th 1191210—Age, Jan. 17, 1923; sire, Maggie's Chief 844017; dam, Waterloo Maid 30th 594794—R. R. Clampitt, New Providence, Iowa.
- 7th Royal Bonnie 1230258—Age, Dec. 3, 1922; sire, Bonnie Lad 739248; dam, Bonnie Queen 909603—Alasa Farms, Alton, N. Y.

CLASS 38**Heifer, Calved Between Aug. 1, 1923, and Dec. 31, 1923**

- 1st Innisfail Dorothy 1335941—Age, Sept. 27, 1923; sire, Innisfail Perfector 1011992; dam, Bessborough Dorothy 615485—Innisfail Herd, Davis, Calif.
- 2nd Foothills Telltale 1284860—Age, Dec. 1, 1923; sire, Snow White 1043598; dam, Foothills Kismet 6th 969613—Innisfail Herd, Davis, Calif.
- 3rd Princess 1289351—Age, Sept. 28, 1923; sire, General LaFayette 843673; dam, Altagracita 813850—Hudson & Sons, Mason, Ohio.

EDGEWOOD FAIRY 2nd 887420

Grand Champion Milking Shorthorn Cow, 1925. Age, December 6, 1919.

Sire, Dairy Lad 2nd 377336; dam, Edgewood Fairy 114531.

Owned by Hudson & Sons, Mason, Ohio.

Awards

- 4th Isabel's Princess 1298969—Age, Dec. 8, 1923; sire, Flintstone Chief 800643; dam, Isabel L. 483948—R. W. Lamb & Son, Janesville, Wisconsin.
- 5th Walby Belle Woodward 1263098—Age, Aug. 3, 1923; sire, Duke of Glenside 813884; dam, Belle of Troy 1028196—Donald Woodward Herd, Le Roy, N. Y.
- 6th Pine Ridge Lady 1287862—Age, Oct. 7, 1923; sire, Rose Wood's Chief 1086697; dam, Pine Ridge Lass 964162—Alasa Farms, Alton, N. Y.
- 7th Hollandale Graceful 1270381—Age, Aug. 17, 1923; sire, English King 1051142; dam, Dairymaid 24th 713841—Hollandale Farm, Milton, Iowa.

CLASS 39

Heifer, Calved Between Jan. 1, 1924, and July 31, 1924

- 1st Foothills Trifle 1298880—Age, April 18, 1924; sire, Snow White 1043598; dam, Foothills Kismet 12th 1033210—Innisfail Herd, Davis, Cal.
- 2nd Duchess Woodward 1263097—Age, Feb. 24, 1924; sire, Meadow Violet Duke 1119959; dam, Duchess 3rd 1086702—The Donald Woodward Herd, Le Roy, N. Y.
- 3rd Roan Oxford Lass 1287863—Age, Feb. 18, 1924; sire, Rose Wood's Chief 1086697; dam, Oxford Lass 251241—Alasa Farms, Alton, New York.
- 4th Bonvue Red Rose 1288610—Age, March 20, 1924; sire, Windy Mead's Bell Boy 673906; dam, Roan Rose 943575—Wolhurst Farm, Littleton, Colo.
- 5th Opal 3rd 1324200—Age, April 15, 1924; sire, Balmic Welfare 826987; dam, Ruby 541425—Finlay McMartin & Sons, Claremont, Minn.
- 6th Model's Darling 1235300—Age, Jan. 5, 1924; sire, Flintstone Model 794788; dam, Bessborough Darling 965813—Connecticut Agr. College, Storrs, Conn.
- 7th Bellevue Rosette 2nd 1304795—Age, Feb. 1, 1924; sire, Bellevue White Royal 987627; dam, Bellevue Rosette 1062019—Bar None Ranch, Berlin, N. Y.

CLASS 40

Heifer, Calved Between Aug. 1, 1924, and March 31, 1925

- 1st Innisfail Girl—Age, Sept. 15, 1924; sire, Silver Sword 810366; dam, Flower Girl 2d 167256—Innisfail Herd, Davis, Calif.
- 2nd Roan Strawberry 1347203—Age, Dec. 7, 1924; sire, Rose Wood's Chief 1086697; dam, Dorothy 1195558—Alasa Farms, Alton, N. Y.
- 3rd Gift's Greenleaf 1283250—Age, Aug. 7, 1924; sire, Flintstone Gift 807690; dam, Miss Greenleaf 1019022—Flintstone Farm, Dalton, Mass.
- 4th Gem Woodward 1305779—Age, Nov. 1, 1924; sire, Duke of Glenside 813884; dam, Pearl Gem 741439—The Donald Woodward Herd, Le Roy, N. Y.
- 5th Model's Juliette 1299732—Age, Oct. 23, 1924; sire, Flintstone Model 794788; dam, Sunnyside Juliette 1058790—Connecticut Agr. College, Storrs, Conn.

Awards

- 6th Duchess—Age, Aug. 12, 1924; sire, Joe Johnson 1078729; dam, Royal Beauty 887421—Hudson & Sons, Mason, Ohio.
- 7th Bonvue Gypsy Ann 1336369; Age, Dec. 20, 1924; sire Bonvue Oxford 1047554; dam, Bonvue Gypsy 958920—Bonvue Farm, Denver, Colo.

CLASS 41

Senior Champion Female

- Edgewood Fairy 2d 887420—Age, Dec. 6, 1919; sire, Dairy Lad 2d 377336; dam, Edgewood Fairy 114531—Hudson & Sons, Mason, Ohio.

CLASS 42

Junior Champion Female

- Foothills Trifle 1298880—Age, April 18, 1924; sire, Snow White 1043598; dam, Foothills Kismet 12th 1033210—Innisfail Herd, Davis, Calif.

CLASS 43

Grand Champion Female

- Edgewood Fairy 2d 887420—Age, Dec. 6, 1919; sire, Dairy Lad 2d 377336; dam, Edgewood Fairy 114531—Hudson & Sons, Mason, Ohio.
- Reserve—Foothills Trifle 1298880—Age, April 18, 1924; sire, Snow White 1043598; dam, Foothills Kismet 12th 1033210—Innisfail Herd, Davis, Calif.

CLASS 44

Three Cows in Milk (Classes 35-36-37) Owned by Exhibitor

- 1st Flintstone Farm, Dalton, Mass.
- 2nd Hudson & Sons, Mason, Ohio.
- 3rd Connecticut Agricultural College, Storrs, Conn.

- 5th The Donald Woodward Herd, Le Roy, N. Y.
- 6th Innisfail Herd, Davis, Calif.

CLASS 45

Two Cows in Milk (Classes 35-36-37) Bred and Owned by Exhibitor

- 1st Hudson & Sons, Mason, Ohio.
- 2nd Flintstone Farm, Dalton, Mass.
- 3rd Innisfail Herd, Davis, Calif.
- 4th Finlay McMartin & Sons, Claremont, Minn.
- 5th R. W. Lamb & Son, Janesville, Wis.

CLASS 46

Graded Herd—One Bull (Classes 28-29); One Cow (Classes 35-36); One Heifer (Class 37); One Heifer (Class 38); and One Heifer (Classes 39-40)

- 1st Innisfail Herd, Davis, Calif.
- 2nd The Donald Woodward Herd, Le Roy, N. Y.

Awards

- 3rd Hudson & Sons, Mason, Ohio.
- 4th Flinstone Farm, Dalton, Mass.
- 5th Connecticut Agr. College, Storrs, Conn.
- 6th Alasa Farms, Alton, N. Y.

CLASS 47

Yearling Herd—One Bull (Class 30) and Two Heifers (Classes 38-39), Heifers to Be Bred and Owned by Exhibitor

- 1st Donald Woodward Herd, Le Roy, N. Y.
- 2nd Innisfail Herd, Davis, Calif.
- 3rd A. W. Kohley, Lisle, Ill.
- 4th Wolhurst Farm, Littleton, Colo.
- 5th R. R. Clampitt, New Providence, Iowa.

Awards

CLASS 48

Pair of Calves—One Bull (Class 31) and One Heifer (Class 40); Bred and Owned by Exhibitor

- 1st Innisfail Herd, Davis, Calif.
- 2nd Connecticut Agr. College, Storrs, Conn.
- 3rd Bar-None Ranch, Berlin, N. Y.
- 4th Bonvue Farms, Denver, Colo.
- 5th A. W. Kohley, Lisle, Ill.

CLASS 49

Get of Sire—Four Animals (Both Sexes to Be Represented) Owned by Exhibitor

- 1st Donald Woodward Herd, Le Roy, N. Y.
- 2nd Connecticut Agr. College, Storrs, Conn.
- 3rd Flinstone Farm, Dalton, Mass.
- 4th Hudson & Sons, Mason, Ohio.
- 5th Bonvue Farms, Denver, Colo.

THE HEREFORDS

E. A. Trowbridge
Judge

The American Hereford Journal reported the Hereford breeding show in part as follows, in the words of John Letham:

"The International was generally conceded to be bigger and better than ever before. Yearly it is becoming more diversified, interesting and entertaining to those who live in the open, the producers as well as the city people who are the big consumers. The International each year is the common meeting ground for all allied interests that are so dependent on each other for mutual benefit and prosperity.

"The International long has been recognized as the court of final resort for the laurels of the year, always popular with Hereford exhibitors as attested by the numbers and quality of the breed on exhibition. This year, while it was a few head

short in numbers of breeding Herefords as compared with preceding years, that was to be expected, but no one expected such a magnificent exhibit with scarcely an animal of mediocre quality in the show. It can safely be said to be the cleanest big exhibit we have ever witnessed at any show of the breed.

"For this and many other features connected with the showing of the breed, Hereford exhibitors, who have the faith and courage to go on and go forward showing the vast crowds that attend the International that America leads the world in Herefords today, have put every home breeder under obligation for advertising their herds and keeping them steadily in the spotlight.

"With 46 breeders from 18 states and two from Canada exhibiting, our Herefords are still in safe keeping.

"Aged bulls formed a great class of 17 real herd headers. Ken-Caryl from Ken-Caryl Ranch, Woodford 167th from Shallenberger Farms, and Don Laurel from Laurel Heights were placed in order named at the Royal and finished in the same order here, so it must be right. Ken-

Caryl, with his character, head and bold way of going, is looking remarkably fresh for a third-year's campaigner after heavy service.

"Two-year-old bulls were 14 in number and the tops were easily found in Marshall's Early Dawn and Mischief Mixer 39th. In seven shows Early Dawn has won five to two against Mixer 39th; only twice has Mischief Mixer 39th won, and that under Hereford-breeder judges. Mr. Marshall likes them both, especially when they were later declared the grand champion and reserve champion of the show.

"Senior yearling bulls came in a dozen strong and Camden's Patrician Woodford and Superintendent Kinzer took their accustomed place at the top. In two years' showing as a senior calf and senior yearling few bulls have ever won so many blues and purples as this double grandson of Woodford.

"Junior yearling bulls brought out a nice class of 13 entries. Again Superintendent Kinzer took the Camden entry, Merdo Woodford, where he has often been, in the lead. This great young bull topped the June sale at \$1,550 and will now be delivered to Hamilton Farms, Gladstone, New Jersey.

"Summer yearling bulls were a very select lot of 10 head. The choice here was Sullivan's Major Domino 39th, a very straight-lined bull with a good head and lots of quality; he looks a trifle high right now but he is started for a large bull at maturity.

"Senior bull calves came through 19 strong and were one of the strong classes of the bull show. When Jack Van Natta was ordered into first place with Prime Blanchard, a calf that has made rapid improvement and showing even better than he did two weeks ago, some surprise was registered among the boys.

"Junior bull calves made a fine class when 17 youngsters paraded. For the third time in seven rings Super-

intendent Kinzer lead the Camden entry, Marvin Hartland, into first place, and he is a real one, a miniature bull and nothing small about him at that. All he needs to do is hold his shape and grow.

"The contest for the bull senior championship brought out Ken-Caryl, Early Dawn and Patrician Woodford, each a great bull of his age and class. It was a foregone conclusion that Marshall's Early Dawn would turn the trick and he did.

"Merdo Woodford, Major Domino 39th, Prime Blanchard and Marvin Woodford made a quality quartette that competed for the bull junior championship. This time it was so open good judges picked different bulls. Judge Trowbridge was careful and, we believe, correct in his choice of Van Natta-Murdock Co.'s Prime Blanchard.

"Only Marshall's Early Dawn and Van Natta-Murdock Co.'s Prime Blanchard were allowed to enter for the bull grand championship. Early Dawn had the call in age and condition and the supreme purple was his. It was rather a pleasing coincidence that both contenders for this supreme honor should be from daughters of Avonmore.

"The contest for bull reserve grand championship turned out to be a regular Hoosier gathering from Lafayette, Ind. With Early Dawn out it had not dawned on many what Henry Marshall was doing there with Mischief Mixer until the judge had ordered him the reserve grand ribbon.

"Aged cows were an outstanding class of 19 great matrons. It was no surprise to see Cook's Joy 4th go to the front. She is just about as sweet and acceptable a 3-year-old as ever graced a strong line of cows. She can best be described in the finest words, utility adorned by beauty.

"Two-year-old heifers made another noticeable group, of 18 great heifers. Sullivan's practically unbeaten Beauty

Domino, wonderful in her width, depth and thickness, was an easy winner. This great daughter of Major Domino has had clear sailing only at Sedalia, Missouri.

"Out of 16 senior yearling heifers in line, Marshall's W. S. Gay Lass placed herself. In the open she fills all eyes and claims her own award. Not only is she a great heifer but a wonderful prospect for next year's cow class.

"Always a strong class in numbers and quality, 23 junior yearling heifers, made a fine showing. Sullivan's Ruth Mischief by Major Domino was the leader and looked like her place.

"Summer yearling heifers, 20 of them in a row, were headed by Cunningham's Belle Woodford 212th, by far the thickest, deepest heifer in the ring. With stronger vertebrae to stiffen her top line she would be practically unbeatable, but she was good enough to win here and at the Royal.

"If there is a better show than 25 senior heifer calves can put up we want to see it. Sullivan's Donna Anna 40th, unbeaten in class and seldom for junior champion female, again found her favorite position. Of all the Major Dominos she is the pride of her family tree, just one of the type models of the breed.

Junior heifer calves were not so numerous, but none the less captivating when 16 of them rolled in on the tanbark. Largent had played a waiting game but this time Willie Joe was loaded for bear with Mary Lass at the end of the halter, and after a short tussle Mary Lass won.

"When the senior champion female class was called, Joy 4th, Beauty Domino and W. S. Gay Lass were the contenders in this beauty contest. The rub was clearly

between Joy 4th and W. S. Gay Lass and it looked for a time as if the young heifer might win. However, Judge Trowbridge is careful, considerate and conscientious to a fault in a critical contest and awarded Joy 4th a purple that brought joy to the Cook camp.

"Ruth Mischief 5th, Belle Woodford 212th, Donna Anna 40th and Mary Lass made a lovely quartette of buxom beauties in the contest for the junior female championship. Donna Anna 40th was the flower of the flock and the purple was hers.

"Cook's Joy 4th and Sullivan's Donna Anna 40th were paired for the final contest for female grand championship, the result being that joy was unconfined in the Cook corner. When it is recalled that her granddam Joy won the junior and grand championship at the 1913 Royal as a senior calf, and her sire, Panama 110th, was grand champion at the 1922 International, is it not individual merit by inheritance?

"With Joy 4th eliminated, here comes Billy Kerr and Marshall's W. S. Gay Lass to compete for the reserve female grand championship. Donna Anna 40th battles bravely but unsuccessfully; W. S. Gay Lass is just too much heifer and, like Joy 4th, Early Dawn and Mischief Mixer 39th, she is more or less miscellaneously bred, as an amazingly large number of International champions before them have been.

"Prof. E. A. Trowbridge, Columbia, Mo., placed the awards without regard to former ratings and his work on the whole in such a strong show was generally well received by the exhibitors."

HEREFORD BREEDING CLASSES

CLASS 50

Bull, Calved Before June 1, 1922

Awards

- 1st Ken Caryl 1260000—Age, Sept. 11, 1920; sire, Gay Lad 12th 395804; dam, Vesta 408605—Ken Caryl Ranch Co., Littleton, Colo.
- 2nd Woodford 167th 1114471—Age, Jan. 13, 1922; sire, Woodford 28th 691551; dam, Majestic Matron 314203—Shallenberger Farms, Argyle, Ill.
- 3rd Don Laurel 1400000—Age, Feb. 4, 1921; sire, Beau Domino 788381; dam, Blanche Picture 725393—Turner Lumber & Investment Co., Kansas City, Mo.
- 4th Prime Donald 1132178—Age, Feb. 5, 1922; sire, Dandy Lad 676780; dam, Tippecanoe Lass 31st 787611—Van Natta-Murdock Co., Lafayette, Ind.
- 5th Beau Domino Jr. 1107316—Age, Jan. 10, 1922; sire, Beau Domino 788381; dam, Mavree Woodford 718028—C. O. Graves, Georgetown, Ky.
- 6th Bonnie Brae Jr. 892893—Age, Sept. 27, 1917; sire, Maple's Lad 61st 459772; dam, Capitola 35th 327399—C. M. Largent & Sons, Merkel, Tex.
- 7th Beau Blanc Visage 43d 978001—Age, Sept. 29, 1920; sire, Beau Blanc Visage 700000; dam, Meta Perfect 558532—Delaware Land & Development Co., Mortonville, Pa.
- 8th Hartland 2nd 1307000—Age, May 27, 1922; sire, Prince Domino 499611; dam, Princess Rose 372893—J. N. Camden, Versailles, Ky.
- 9th Brum Repeater 2nd 1091682—Age, Dec. 20, 1921; sire, Repeater 41st 540859; dam, Hawthorne Hattie 562862—Rott Bros., Wonewoc, Wis.
- 10th Patrunder 992158—Age, Feb. 15, 1921; sire, Rex Mischief 593649; dam, Zera Blanchard 732272—Hassler & Algren, Manning, Ia.

CLASS 51

Bull, Calved Between June 1, 1922, and May 31, 1923

- 1st Early Dawn 1230714—Age, Jan. 20, 1923; sire, Braemore 666666; dam, Lively Dawn 806223—Henry W. Marshall, Lafayette, Ind.

Awards

- 2nd Mischief Mixer 39th 1212850—Age, Mar. 2, 1923; sire, Mischief Mixer 508606; dam, Bonnie Belle 613209—Henry W. Marshall, Lafayette, Ind.
- 3rd Columbus Don Jr.—48583—Age, Sept. 15, 1922; sire, Panama 38th —23249—; dam, Mildred Lady—18008—O. A. Boggs & Sons, Daysland, Alta., Can.
- 4th Hazford Rupert 25th 1209734—Age, Feb. 19, 1923; sire, Hazford Rupert 634535; dam, Hazford Lass 6th 634534—Robt. H. Hazlett, Ellorado, Kan.
- 5th Buck Avalanche 1217449—Age, Jan. 8, 1923; sire, Avalanche 790693; dam, Gaston's Flo 720136—Delaware Land & Development Co., Mortonville, Pa.
- 6th Prince Domino 133rd 1211647—Age, Oct. 28, 1922; sire, Prince Domino 499611; dam, Inez Aster 677006—Ken Caryl Ranch Co., Littleton, Colo.
- 7th Hartland Mischief 1314000—Age, Aug. 16, 1922; sire, Mischief Mixer 508606; dam, Bonnie Lass 15th 425041—J. N. Camden, Versailles, Ky.
- 8th Beau Blanchard 155th 1202407—Age, Jan. 15, 1923; sire, Beau Blanchard 96th 886652; dam, Virginia C 431933—H. A. Baldwin, Pleasanton, Cal.
- 9th Boonesboro 1203926—Age, Sept. 9, 1923; sire, Vernas Disturber 441223; dam, Miss Katy 497170—R. J. Cunningham, Greensburg, Pa.
- 10th The Anxiety 7th 1223460—Age, March 21, 1923; sire, The Anxiety 5th 981632; dam, Lady Comfort 4th 960778—C. O. Graves, Georgetown, Ky.

CLASS 52

Bull, Calved Between June 1 and Dec. 31, 1923

- 1st Patrician Woodford 1302635—Age, Oct. 24, 1923; sire, Beau Woodford 714155; dam, Patricia Woodford 698907—J. N. Camden, Versailles, Ky.
- 2nd Beverly Mixer 1398501—Age, Oct. 2, 1923; sire, Braemore 666666; dam, Bonnie Bloss 822637—Harry W. Marshall, Lafayette, Ind.

EARLY DAWN 1230714

Grand Champion Hereford Bull, 1925. Age, Jan. 20, 1923. Sire, Braemore 666666;
dam, Lively Dawn 806223. Owned by Henry W. Marshall, LaFayette, Indiana.

Awards

- 3rd John Milton 1256554—Age, July 10, 1923; sire, Laurel Perfection 641966; dam, Doris 621631—C. A. Smith, Chester, W. Va.
- 4th Maple's Lad 186th 1092500—Age, July 20, 1923; sire, Domino's Return 889999; dam, Aralia 5th 744822—J. C. Robinson & Son, Evansville, Wis.
- 5th Superior 39th 1301998—Age, Oct. 10, 1923; sire, Superior 4th 1010438; dam, Violet 2nd 812960—C. M. Largent & Sons, Merkel, Tex.
- 6th Woodford 225th 1307041—Age, Oct. 30, 1923; sire, Woodford 61st 811566; dam, Vs. Donaldine 914792—R. J. Cunningham, Greensburg, Pa.
- 7th Buck Avalanche 3rd 1303756—Age, Oct. 2, 1923; sire, Avalanche 790693; dam, Queenie 668306—Delaware Land & Development Co., Mortonville, Pa.

- 5th Shallenberger Farms, Argyle, Ill.
- 6th Delaware Land & Development Co., Mortonville, Pa.
- 7th Turner Lumber & Investment Co., Kansas City, Mo.
- 8th R. J. Cunningham, Greensburg, Pa.
- 9th A. J. A. Alexander, Spring Station, Ky.
- 10th J. C. Robinson & Son, Evansville, Wis.

THE ABERDEEN-ANGUS

Wm. H. Pew
Judge

A larger number of Aberdeen-Angus breeding cattle may have been exhibited at some previous International, but the quality has never been excelled. All the entries were uniformly well fitted, presenting many difficult classes for Judge Pew to pass on. The entries came from herds from practically every section of the United States, with a few splendid entries from Canada.

Twelve aged bulls, a number of which had been consistent winners all fall, appeared in the first class. The real battle came between Playman of Sunbeam, exhibited by S. C. Fullerton and Blackcap Glenn 2nd from the Harrison Stock Farms of California. The

Oklahoma bull had the advantage when he led the parade on the tanbark and was soon stationed at the head of the line, from which he could not be dislodged. Blackcap Glenn 2nd stood second and Blackcap Bandolier 2nd from the Henry Schmucker herd of Iowa third.

In the 1922 class, Enchanter of Page, exhibited by Briarcliff Farms of New York, stood first and Quality Marshall from the Scripps herd in second place. In the senior yearling class Glencarnock Revolution 6th from the Harrison herd was first and Prizemere 32nd from the Congdon & Battles herd went to second place. In the next class, the junior yearling, the California herd again furnished the first place with Revolution 7th, who was good enough to later win the junior championship. Blackcap-mere 18th from the Congdon & Battles herd headed the summer yearling class, with Benedict of Woodcote 2nd from Woodcote Farms of Michigan in second place. Nine sen-

ior calves came into the ring and presented a real problem for the judge. The well developed calf Emulative from the Caldwell herd of Ohio headed this group of calves, with Eventful R. from the Rosenfeld herd in second place. Fourteen junior calves of excellent quality came into the ring. Briarcliff Farms scored again in this class with a very promising calf named Briarcliff Elban, with Elliott Brown's Even Marshal J. in second place.

The contest for senior champion was between Playman of Sunbeam and Enchanter of Page, with the aged bull the winner, who also won the grand championship. Enchanter of Page was made reserve grand champion.

The aged cow class consisted of twelve head, several of which had been champion at a previous International. Canada scored in this class with Barbara Mc 36th, exhibited by H. G. Morison of Alberta, in first place, and Queen Viola K., the 1924 International champion, exhibited by Kemp Bros., in second place.

The sixteen two-year-old cows were headed by Miss Burgess 5th, an easy winner in this class and the later grand champion female of the show. Ames Plantation of Tennessee furnished the second place female with Endora. The first three places in the senior yearling class went to Pacific Coast exhibitors. Harrison Stock Farms was first with Mignonne of Glencarnock, Congdon & Battles second with Barbara of Rosemere 40th and Harrison Stock Farms third with Blackcap Bess of Glencarnock.

In the junior yearling class Pride of Rosemere 59th from the Congdon & Battles herd was placed first; Evetta 2nd, exhibited by Rosenfeld, second, and Harrison's Blackcap Bessie 5th of Page, was in third place. In the summer yearling class Pride of Rosemere 67th from the Congdon & Battles herd stood first and was later made junior champion female. Blackbird of Inverness 5th from the

PLAYMAN OF SUNBEAM 338509

Grand Champion Aberdeen-Angus Bull, 1925. Age, Nov. 30, 1920.

Sire, Plowman 221051; dam, Elmland Jessie 2nd 194074.

Owned by S. C. Fullerton, Miami, Oklahoma.

Schmuecker herd was second and Erica Energy 39th, exhibited by Escher & Ryan, was third. in the senior calf class Rosenfeld was first with Blackcap McHenry 163rd, Escher & Ryan second with Blackcap Empress 56th, and W. E. Scripps third with Even Glow.

In the junior class Canada scored again when Prairie

Range Missie, exhibited by Eldridge Good of Canada was placed first, Glencarnock Viola K. from the Kemp herd was second and Eline Harrison 2nd was third.

All group classes were well filled and competition keen. The outstanding feature of the group classes was the general uniformity of type throughout all the entries.

- 7th Henry Schmuecker, Blairstown, Iowa.

FIRST PRIZE ABERDEEN-ANGUS YEARLING HERD, 1925
Owned by Congdon & Battles, Yakima, Washington.

THE RED POLLS

"From the beginning of the International, Red Polls have annually made an excellent showing in Chicago. Last week's exhibit was not equal in numbers to many another that we have seen there, but was worthy of the breed. It included many outstanding individuals, of both sexes, and most of the cattle were in standard exhibition condition. Seldom has a Red Poll show given a better illustration than this one gave of the dual-purpose type, from a Red Poll viewpoint. Breeders appear to be working together more effectually than in the past toward one and the same type. In recent years their cattle have been more intelligently judged than they used to be. Moreover, well balanced leadership has in the meantime been growing up within the ranks of Red Poll breeders, who also have been immeasurably aided by the sound, constructive and conservative work in their behalf done by the Red Polled Cattle Club of America.

"The Red Polls were judged by J. Edgerton Quested, who breeds Red Polls in Kent, England. His work stressed size as well as type and dairy qualities. He looked for well-balanced individuals. . . .

"In his own words, 'I found some exceedingly good

breeding animals; the females particularly so, and I have no hesitation in saying that some of the females would take front rank in English Shows'."—Breeder's Gazette.

"There were some hotly contested classes in the breeding Red Polls. The aged cow class, and the aged bull class, as well as some of the younger ones, had some very fine individuals for the tops. The winners in both of the aged classes were well developed, smooth animals, and they also carried away the grand championships. The bull, Teddy's Boy, shown by Schickedanz Bros., was an outstanding individual, and he easily won the grand honor. The aged cow was shown to the grand championship by the same owners, but she had a worthy competitor in the junior champion exhibited by A. P. Arp. The junior champion heifer, O. K. Rebuna, was a good one and she had plenty of size. The aged cow won over her by being just a little neater at the rump."—The Wisconsin Farmer.

EXHIBITORS

Arp, Adolph P., Eldridge, Iowa.
Briney, Walter and Howard, Waverly, Iowa.

- 4th J. W. Larabee & Sons, Earlville, Ill.
- 5th Schickedanz Bros., Chenoa, Ill.
- 6th Adolph P. Arp, Eldridge, Iowa.

THE GALLOWAYS

H. R. Smith
Judge

The Galloway breeding show at the 1925 International was one of the best exhibits of that breed assembled in the United States during recent years. The classes of females were uniformly good and demonstrated the marked fleshing qualities of the breed. The grand champions were exceptionally good beef types, low down, with good depth and well covered.

The aged bulls found a leader in Tarzan, who headed his class last year. In second position was placed the grand champion of the 1924 International. Joe of L. F. again won his class this year and went on to the royal purple.

A strong class of aged cows developed the grand champion, Miss Gentle of L. F., who won similar honors at the 1923 International. In third place was Florence 6th who headed her class last year and in

the fourth position stood Black Beauty, grand champion of the 1924 show.

The second cow class brought out a uniform group of six contestants and last year's junior champion was relegated to fifth place on this occasion.

It is interesting to note that both of the grand champions were sired by the bull Baron and both of the reserve grand champions by the bull Peerdale Fascination.

Four exhibitors from Ohio, Illinois, South Dakota and Kansas divided the honors, each one carrying home at least one blue ribbon. H. L. Fluke, Bath, South Dakota, was back after an absence of three Internationals, and won the largest share of the premier awards. The championships and groups were shared equally by Fluke and J. W. Larabee & Sons, Earlville, Illinois.

Professor H. R. Smith, Chicago, made the official awards.

EXHIBITORS

Fluke, H. L., Bath, S. D.
Frantz Bros., Mt. Cory, Ohio.
Imboden, J. G., & Son, Decatur, Ill.
Talley, C. E., Meade, Kan.
University of Nebraska, Lincoln, Neb.

CLASS 153

Get of Sire—4 Animals, Any Age (Both Sexes to Be Represented), Bred by Exhibitor

Awards

- 1st H. L. Fluke, Bath, S. D.
- 2nd J. W. Larabee & Sons, Earlville, Ill.
- 3rd J. W. Larabee & Sons, Earlville, Ill.
- 4th H. L. Fluke, Bath, S. D.

THE POLLED SHORTHORNS

**Frank Brown
Judge**

"The 1925 International Polled Shorthorn Show was perhaps not the largest display of this breed at this show but it was easily the best. Never have Polled Shorthorn breeders witnessed exhibits of their kind in such excellent condition and of such good types as this opportunity presented. It was a good Polled Shorthorn show, and the breed received more favorable advertising from the quality of its exhibits than ever before.

"Twelve strong herds competed for honors in the International show ring, these exhibits being representative of ten different states. Both grand championships went to Nebraska and Albert Hultine was the lucky man.

"The writer ventures the assertion that the winning of championships at this show carried more glory than at any previous International for when Judge Frank Brown of Carleton, Oregon, had sifted out his classes, the tops were all worthy of championship consideration. As evidence of this we ask the reader to visualize the three great bulls, Royal Marshal, the roan four-year-old that won the aged class for Hanson & Son; Dale's Heir, the massive roan that won first for Hultine in the long two-year-old class, and Mardale, Hultine's compact flashy roan that has

gone through the show season with such great success. The latter bull finally conquered and won senior championship, later going on to grand champion honors.

"King Dale, a very level lined roan that impressed one for his smoothness was the first prize junior yearling. His stall mate in the Hultine show string, Sir August, won first in the summer yearling class. C. B. Teegardin & Sons brought out Oakwood Baron, a son of Royal Count, Jr., and stood at the top of a class of 13 very fine senior bull calves with him. W. W. Rose & Son won the junior bull calf class with Meadow Marshal. The junior championship went to Hultine & Sons on King Dale. This same firm won first in both the three bull and two bull classes.

"Teegardin & Sons took the two-year-old blue ribbon on the white Oakwood Welcome, a beautiful feminine cow with much character. She made a splendid senior champion. Queen of Mankato, several times a grand champion at strong shows this season, is an ideal type of heifer. She won the senior yearling class easily for Hanson & Son. Bracelet 9th, a beautiful straight lined, thick bodied summer yearling from the Hultine herd, won her class with ten head forward and so impressed Judge Brown with her ideal type that she not only won junior championship but went on to the highest female honors of the show, grand championship.

"Hultine won blue ribbons in the aged herd, yearling herd and get of sire classes, but the pair of calves shown

by Elm Grove Farm, which has been undefeated at sixteen big shows this year, also came out victorious in this great show.

"Polled Shorthorn advocates may well feel proud of the showing which their breed made at the International."
—THE SHORTHORN WORLD.

EXHIBITORS

Clamme, J. H. & Sons, Upland, Ind.
Elm Grove Farm, Belvidere, Tenn.

- 4th Fairest Blossom X1060910—Age, March 28, 1921; sire, Supreme Goods X620271; dam, Queen Orange Blossom X7982—W. W. Rose & Son, Rossville, Ind.

CLASS 174**Senior Champion Female**

- Oakwood Welcome X1267121—Age, April 25, 1923; sire, Royal Count Jr. 1053938; dam, Mound Waterloo 3rd 65927—C. B. Teegardin & Sons, Duvall, Ohio.

CLASS 175**Junior Champion Female**

- Bracelet 9th X1341974—Age, Sept. 14, 1924; sire, Dales Renown 1205599; dam, Bracelet 7th 1206597—Albert Hultine & Sons, Saronville, Neb.

CLASS 176**Grand Champion Female**

- Bracelet 9th X1341974—Age, Sept. 14, 1924; sire, Dales Renown 1205599; dam, Bracelet 7th 1206597—Albert Hultine & Sons, Saronville, Neb.

CLASS 177**Aged Herd—1 Bull from Classes 154-155-156; 1 Cow from Classes 166-173; 1 Heifer from Classes 167-168; One Heifer from Classes 169-170; and 1 Heifer from Classes 171-172****Awards**

- 1st Albert Hultine & Sons, Saronville, Neb.
- 2nd H. A. Hanson & Son, Mankato, Minn.
- 3rd Albert Hultine & Sons, Saronville, Neb.
- 4th C. B. Teegardin & Sons, Duvall, Ohio.

CLASS 178**Yearling Herd—1 Bull from Classes 157-158; 2 Heifers from Classes 169-170. Heifers to Be Bred by Exhibitor**

- 1st Albert Hultine & Sons, Saronville, Neb.
- 2nd Elm Grove Farm, Belvidere, Tenn.
- 3rd C. B. Teegardin & Sons, Duvall, Ohio.
- 4th J. H. Clamme & Sons, Upland, Ind.

CLASS 179**Pair of Calves—Bull from Classes 159-160; Heifer from Classes 171-172. Both to Be Bred by Exhibitor**

- 1st Elm Grove Farm, Belvidere, Tenn.
- 2nd Albert Hultine & Sons, Saronville, Neb.
- 3rd C. B. Teegardin & Sons, Duvall, Ohio.
- 4th Miller & Sons, Mulberry, Ind.
- 5th W. W. Rose & Son, Rossville, Ind.
- 6th H. A. Hanson & Son, Mankato, Minn.

CLASS 180**Get of Sire—4 Animals, Any Age (Both Sexes to Be Represented), Owned by Exhibitor**

- 1st Albert Hultine & Sons, Saronville, Neb.
- 2nd Albert Hultine & Sons, Saronville, Neb.
- 3rd H. A. Hanson & Son, Mankato, Minn.
- 4th C. B. Teegardin & Sons, Duvall, Ohio.
- 5th Elm Grove Farm, Belvidere, Tenn.
- 6th J. H. Clamme & Sons, Upland, Ind.

FAT CATTLE DEPARTMENT

J. Egerton Quested
Judge

"Most of those who saw the display of fat steers at the 1925 International invented new superlatives to describe the display of prime beef that came before the British judge, J. Egerton Quested, of Kent, England. Literally dozens of smooth bullocks worthy of championship honors came into the ring and many good ones had to be left far down the line. Sometimes the contest was college against college, and sometimes it was college against farmer-feeder.

"For the supreme honors, a college-fed animal was selected. In the naming of Mah Jongg, purebred yearling Aberdeen-Angus steer, fed and shown by Iowa State College, for grand championship of the show, the Iowa college won back an honor which it had last held in 1911. It was the fifth time that an Ames steer had reached the pinnacle of International fame. And in winning it this year, Ames brought back to the college field an honor that had been held for the past three years by farmer-feeders.

"To win the grand championship, Mah Jongg had to defeat one of the best calf champions the show has seen, in Laddie Fairfax, a Hereford from the University of Illinois. He also had to dispose of other strong breed champions, such as the white Shorthorn, Purdue's Prince, from

Purdue University, and the grade Angus steer from the Carl Rosenfeld herd of Iowa.

"When the champion steers went under the hammer of the auctioneer on Thursday morning, an air of excitement filled the crowd of onlookers. And that excitement was an omen, for when the hammer fell Mah Jongg, the champion, had been sold for \$3.00 per pound, eclipsing all previous records and enriching his owners by over \$4,600. The buyer was the Biltmore Hotel, of New York City. Other high prices were made, too, the grand champion carload lot of Angus steers, from John Hubly's Illinois feed lots, bringing \$43.00 per hundred, to make Christmas beef for the New Palmer Hotel, Chicago. Incidentally, it was Hubly's fifth win in the car lot classes, and this year he had to defeat what was considered the choicest field of bullocks in car lots that the Chicago Yards have ever seen.

"The Angus made a clean sweep, taking not only the individual and car lot honors, but also the highest award in the carcass section. This honor went to an Angus steer, fitted by W. W. Wilson & Son, Muncie, Ind. Curiously enough, the carcass champion failed to place when the entries were judged on foot. On the hooks, however, he showed the qualities of prime beef.

"Judge Quested performed single-handed the exacting task of placing all the steer classes. Throughout he selected animals of rather large, rugged type."—WAL-LACE'S FARMER.

THE SHORTHORN STEERS

Shorthorn steers were out in good numbers at the International and before the steers were shown Shorthorn fanciers thought the breed had an even shake for distribution of final championship honors. Before completion of the judging, fans of the reds, whites and roans saw their chances glimmering, because their favorites had been relegated down the line in the final ratings.

The senior yearling class brought out a number of good steers. Standing at the top of fourteen entries was the large white steer, Purdue's Prince, shown by Purdue University. He was a good individual, no doubt, and the kind that commanded top price on the Chicago market last summer, when there was a dearth of finished Koshers on the market, but not the type of steer that American buyers have favored for the most part. Next to him stood Eddaho 2nd, grand champion at the Portland Exposition, that was much favored by ringside talent as a prospect for winning

his class. Among the twenty-nine junior yearlings, Spel-Lea-Jimmy, described as very fat, but too leggy to be of regular show yard type, headed the class. California Roan Raider, shown by the University of California, was of the type that has been carrying off the championship honors at recent Internationals and was looked to by fans of the breed to fight it out for final honors with other tops. He won his class of twenty-six senior calves but was passed over when it came to picking the champion Shorthorn, which honor went to the big Purdue steer, a somewhat different type than that selected to lead the other breeds. Barney, a typey calf, headed the seven junior calves. California Roan Raider sold in the auction at the close of the show for 40 cents a pound, next to the price received for the grand champion.

Purdue University also won the class for steer herds in a field of twelve entries.

THE SHORTHORN STEERS

CLASS 181

Steer, Spayed or Martin Heifer, Calved Between Sept. 1 and Dec. 31, 1923

Awards

- 1st Purdue's Prince 1285149—Age, Sept. 2, 1923; sire, White Champion 753519; dam, Sultan's Princess 814450—Purdue University, Lafayette, Ind.
- 2nd Edabho 2d—Age, Dec. 3, 1923; sire, Golden Stamp; dam, Claret Gift 3rd 863757—Easton & Ward, Diablo, Calif.
- 3rd White Lad 1273191—Age, Dec. 5, 1923; sire, Royal Dale 793983; dam, Challenger's Queen 837472—University of Nebraska, Lincoln, Neb.
- 4th Purdue's Commander 1285146—Age, Sept. 26, 1923; sire, White Champion 753519; dam, Purdue's Mina 704348—Purdue University, Lafayette Ind.
- 5th Nodak 2nd 1242266—Age, Sept. 7, 1923; sire, Royal Echo 1048328; dam, Golden Gloria 801261—North Dakota Agricultural College, Agricultural College, N. D.
- 6th California Omega 1237862—Age, Sept. 24, 1923; sire, Caledonia Omega 1123010; dam, California Poppy 1079975—University of California, Davis, Calif.

Awards

- 7th Clansman 3rd 1242264—Age, Oct. 15, 1923; sire, Sittyton Model 960709; dam, Emma 34th 544803—North Dakota Agricultural College, Agricultural College, N. D.
- 8th Chenoweth Victor 1271773—Age, Oct. 5, 1923; sire, Prentice 1005343; dam, Blythe's Victoria 904078—John O. Pew & Son, Freedom, Ohio.
- 9th Ohio's Chief—Age, Oct. 16, 1923; sire, Maryvale Chief 1022853; dam, Cluny Flora 8th 923019—Ohio State University, Columbus, Ohio.
- 10th Valley View Marshal 6th 1309168—Age, Nov. 10, 1923; sire, Fair Marshal 945079; dam, Leta's Mysie 874750—Columbian Stock Farm, Kansas City, Mo.
- 11th Mitch—Age, Sept. 28, 1923; sire, Chenoweth Claudius 1108633; dam, Princess of Orange K 761734—University of Kentucky, Lexington, Ky.

CLASS 182

Steer, Spayed or Martin Heifer, Calved Between Jan. 1 and Aug. 31, 1924

- 1st Spel-Lea-Jimmy 1352399—Age, April 15, 1924; sire, Oakwood Fashion 738480; dam, Coney's Baroness 138315—Hutchison & Baber, Kansas, Ill.

PURDUE'S PRINCE 1285149

Champion Shorthorn Steer, 1925. Age, Sept. 2, 1923. Sire, White Champion 753519;
dam, Sultan's Princess 814450. Owned by Purdue University,
LaFayette, Ind.

Awards

- 2nd Mike 1353393—Age, June 1, 1924; sire, Favorite Beau 1002808; dam, Silver Lady 2d 1159397—Glenn Michael, Albion, Neb.
- 3rd Buck—Age, May 20, 1924—Iowa State College, Ames, Iowa.
- 4th Billy Mc—Age, July 30, 1924; sire, Maxwalton Merrimac 680831; dam, Belle Actress 750169—Harry H. Morris, Kansas, Ill.
- 5th Collynie Leader 1279192—Age, Feb. 7, 1924; sire, Collynie Prince Lavender 1003666; dam, Village Beauty E 934466—Easton & Ward, Diablo, Calif.
- 6th Ohio's Robin—Age, Feb. 23, 1924; sire, Maryvale Chief 1022853; dam, Ohio's Rowena 861702—Ohio State University, Columbus, Ohio.
- 7th Maryvale Fancy 1288315—Age, May 23, 1924; sire, Maxwalton Dorothy 699926; dam, Queen's Guard 945474—John O. Pew & Son, Freedom, Ohio.
- 8th Deacon 1352400—Age, April 8, 1924; sire, Royal Pride 948062; dam, Twin Maid 599494—H. F. Strine, Waldo, Ohio.
- 9th Tubby—Age, Jan. 20, 1924; sire, Sultan's Archer 97726; dam, Rosalind 828696—Sylvester Amsler, Rensselaer, Ind.
- 10th White Clip 1297357—Age, March 14, 1924; sire, Mondimin Augustus 1108173; dam, Calcelora Queen 6th 987871—Pennsylvania State College, State College, Pa.
- 11th Craigievar Again =170011= —Age, April 3, 1924; sire, Dale Marquis =135772=; dam, Sanseveria 6th =128563= —University of Alberta, Edmonton, Alta, Can.

CLASS 183

Steer, Spayed or Martin Heifer, Calved Between Sept. 1 and Dec. 31, 1924

- 1st Cal. Roan Raider 1297717—Age, Sept. 19, 1924; sire, Caledonia Omega 1123010; dam, The Rosary 1079983—University of California, Davis, Calif.
- 2nd Gipsy King 1353734—Age, Sept. 28, 1924; sire, White Champion 753519; dam, Sultan's Gipsy 704349—Purdue University, Lafayette, Ind.
- 3rd Gainford Prince 1334731—Age, Sept. 25, 1924; sire, Gainford Enchanter 1137642; dam, Princess Lucy 986646—Iowa State College, Ames, Iowa.
- 4th Favorite Sultan 1353732—Age, Oct. 8, 1924; sire, College Sultan 1256092; dam, Favorite Bangle 993650—Michigan State College, East Lansing, Mich.
- 5th Chenoweth Marquis 1338977—Age, Oct. 2, 1924; sire, Brittanicus 1108631; dam, Gay Marquis 868056—W. J. & B. A. Thomas, Shelbyville, Ky.
- 6th Spel Lea Billy 1352398—Age, Sept. 6, 1924; sire, Coney's Count Radium 1059993; dam, Maxwalton Amaranth 2nd 914950—Ivan Bennett, Westfield, Ill.
- 7th Lochinvar 3rd 1330900—Age, Oct. 3, 1924; sire, Maxwalton Lochinvar 941315; dam, Clara 75th 628664—Iowa State College, Ames, Iowa.

Awards

- 8th Northwest Choice 1319534—Age, Sept. 18, 1924; sire, Choice Again 1123945; dam, Snowdon's Rose 1172192—University of Minnesota, St. Paul, Minn.
- 9th—Carl E. Steel—Age, Nov. 16, 1924; sire, Maryvale Chief 1022853; dam, Cloverleaf Dorothy 2nd 1024354—Ohio State University, Columbus, Ohio.
- 10th Maryvale Robinhood 1338150—Age, Oct. 6, 1924; sire, Queen's Guard 945474; dam, Village Secret 662483—John O. Pew & Son, Freedom, Ohio.
- 11th Maryvale Rosidor 1338152—Age, Sept. 1, 1924; sire, Queen's Guard 945474; dam, Cloverleaf Gwynee 2nd 651144—John O. Pew & Son, Freedom, Ohio.

CLASS 184

Steer, Spayed or Martin Heifer, Calved Since Jan. 1, 1925

- 1st Barney—Age, Jan. 6, 1925; sire, Favorite Blend 165640; dam, May Blossom 10th 164666—R. A. Wright, Drinkwater, Sask., Can.
- 2nd Scottish Captivator 1337229—Age, Jan. 4, 1925; sire, Scottish Hero 1259331; dam, Maplewood Maid 5th 1127128—Easton & Ward, Diablo, Calif.
- 3rd Heatherdale Mark—Age, Jan. 2, 1925; sire, Oakland Dale 693514; dam, Heatherdale Mind 949433—Wilson & Krueck, Lafayette, Ind.
- 4th Enticer 1334729—Age, Jan. 4, 1925; sire, Gainford Enchanter 1137642; dam, Roan Blossom 986647—Iowa State College, Ames, Iowa.
- 5th Excelo—Age, Feb. 24, 1925; sire, Brides Gainford 1122508; dam, Beulah 491011—Chas. & Walter Denby, Carlinville, Ill.
- 6th Best Ever 1355947—Age, Jan. 4, 1925; sire, Brides Gainford 1122508; dam, Florence Stamp 499513 1122513—Chas. & Walter Denby, Carlinville, Ill.
- 7th Royal Spot 1337335—Age, Jan. 25, 1925; sire, Royal Dale 793983; dam, Minnie Craggs 3d 532752—University of Nebraska, Lincoln, Neb.

CLASS 185

Champion Steer, Spayed or Martin Heifer

- Purdue's Prince 1285149—Age, Sept. 2, 1923; sire, White Champion 753519; dam, Sultan's Princess 814450—Purdue University, La Fayette, Ind.
- Res. Spel-Lea-Jimmy 1352399—Age, April 15, 1924; sire, Oakwood Fashion 738480; dam, Coney's Baroness 138315—Hutchison & Baber, Kansas, Ill.

CLASS 186

Group—Three Steers or Heifers from Above Classes

- 1st Purdue University, Lafayette, Ind.
- 2nd Hutchison & Baber, Kansas, Ill.
- 3rd University of Wisconsin, Madison, Wis.
- 4th North Dakota Agricultural College, Agricultural College, N. D.
- 5th Easton & Ward, Diablo, Cal.
- 6th Iowa State College, Ames, Iowa
- 7th John O. Pew & Son, Freedom, Ohio.

THE HEREFORD STEERS

"For several years the Hereford steer exhibit at the International has varied only a steer more or less in numbers. This year we had 86 head shown, and the quality of any former years was well maintained with some real top bullocks in all the classes.

"Senior yearling steers were 14 in number that made up a strong class led by Diamond Lad from Purdue University, Lafayette, Ind. A prime, big steer with a strong back and loin, showing a typical Jack Douglas finish, was an easy winner here and had friends for champion steer of the breed. Judge Quested thought him a little too rich about his rumps for that honor, however.

"Junior yearling steers had 28 in line. The winner here, Steve Lee, shown by C. M. Largent & Sons, Merkel, Tex., comes very near to being an ideal Hereford type. He was the contender here for champion Hereford.

"In the senior steer calf class again 28 ripe ones stood in line and even the foreign judge was heard to remark, 'Wonderful are Hereford beasts.' Right here was where the champion Hereford and reserve grand champion of the show was uncovered when the University of Illinois' Laddie Fairfax stepped into the ring, unquestionably one of the best calves ever shown here. His character was

good, his balance of body perfect, his quality and covering so pleasing to the touch, he was ripe to head any ring of calves of any breed, as he ably demonstrated later in the day.

"In a handy class of 16 junior steer calves, West Virginia forged to the front. C. A. Smith's Virginia Pride had pride of place. He has quite a little scale that Judge Quested seemed to favor when he got them thick enough and fairly well covered. This class was, perhaps, not quite so uniform as the preceding class, but contained many real baby beeves that should go on for winning yearlings in 1926.

"When Purdue's Diamond Lad, Largent's Steve Lee, University of Illinois' Laddie Fairfax, and C. A. Smith's Virginia' Pride lined up for the final test for the steer championship the breed was not lacking for royal representation, with this quartette in the ring. The middle-aged steers, Steve Lee and Laddie Fairfax, were the ruling ringside favorites. Steve was the killer's ideal. Laddie was more the producer's ideal. After a searching examination and critical inspection, Laddie Fairfax was the popular victor of a hard-fought contest."—THE AMERICAN HEREFORD JOURNAL.

CLASS 187

THE HEREFORD STEERS

Steer, Spayed or Martin Heifer, Calved Between Sept.

Awards 1 and Dec. 31, 1923

- 1st Diamond Lad 1141—Age, Dec. 11, 1923; sire, Diamond Disturber 1102884; dam, Fair Lassie 705072—Purdue University, La Fayette, Ind.
- 2nd Bonnie Jr. 4th 1271465—Age, Oct. 8, 1923; sire, Bonnie Jr. 916843; dam, Correctress Fairfax 431388—Walter S. Dickey, Kansas City, Mo.
- 3rd Woodburn 33rd 1294990—Age, Nov. 14, 1923; sire, Woodburn 832772; dam, Belle Donald 181st 394179—Iowa State College, Ames, Iowa.
- 4th Repeater Lad 70th—Age, Oct. 18, 1923; sire, Repeater 191st 690639; dam, Lad's Dainty 579297—Iowa State College, Ames, Iowa.

- 5th Bonnie Repeat 8th 1003—Age, Sept. 23, 1923; sire, Repeater 237th 820333; dam, Daisy 4th 538104—Jas. Price & Son, Onalaska, Wis.
- 6th Bright Fancy 1139—Age, Nov. 25, 1923; sire, Perfect Donald 897543; dam, Delila's Fancy 996606—Michigan State College, East Lansing, Mich.
- 7th Diamond Beau 1320—Age, Nov. 2, 1923; sire, Diamond Disturber 1102884; dam, Purdue's Lady Beau 2d 789373—Purdue University, Lafayette, Ind.
- 8th Keystone Visage—Age, Sept. 6, 1923; sire, Beau Blanc Visage 28th 889020; dam, Bessie 572892—Delaware Land & Development Co., Mortonville, Pa.
- 9th Buster—Age, Sept. 2, 1923; sire, Battler 2d 985059—Oklahoma A. & M. College, Stillwater, Okla.
- 10th May's Repeater 1298235—Age, Oct. 16, 1923; sire, Repeater 131st 618942; dam, May Disturber 504550—E. R. Tigan, Rochelle, Ill.

CLASS 188**Steer, Spayed or Martin Heifer, Calved Between Jan.****Awards 1 and Aug. 31, 1924**

- 1st Steve Lee—Age, June 10, 1924; sire, Standard Lee 959813; dam, Lassie 1st 1074490—C. M. Largent & Sons, Merkel, Tex.
- 2nd Donald Fairfax 6th 1335535—Age, March 7, 1924; sire, Bondsman Fairfax 628184; dam, Hoosier Lass 21st 687420—Beryle Williams, Salem, Ind.
- 3rd Bright Lad 1330283—Age, Feb. 28, 1924; sire, Bright Donald 15th 785942; dam, Perfect Lass 34th 814039—James Price & Son, Onalaska, Wis.
- 4th Keystone Avalanche 3rd—Age, Jan. 8, 1924; sire, Avalanche 790693; dam, Gaston's Flo 720136—Delaware Land & Development Co., Mortonville, Pa.
- 5th Rachel Woodford 1319619—Age, Jan. 31, 1924; sire, Woodford 49th 794950; dam, Elzora 778324—E. R. Tigan, Rochelle, Ill.
- 6th Donald Fairfax 3rd 1335537—Age, Feb. 27, 1924; sire, Bondsman Fairfax 628184; dam, Hoosier Lass 7th 450799—Miss Audrey Williams, Salem, Ind.
- 7th Paragon Lad 30th 1052—Age, Feb. 26, 1924; sire, Bravo Paragon 654440; dam, Lacoma 3rd 320889—Ritchey McCoy, Lafayette, Ind.
- 8th Good Anxiety 11th 1325159—Age, April 26, 1924; sire, Good Anxiety 790000; dam, Dulcinea 23rd 912348—Henry W. Marshall, Lafayette, Ind.
- 9th Paragon Lad 27th 1042—Age, Jan. 22, 1924; sire, Bravo Paragon 654440; dam, Miss Pretty 866480—Ritchey McCoy, Lafayette, Indiana.
- 10th Panama's Gift—55916—Age, June 15, 1924; sire, Panama 38th—23249—; dam, Helen Brae—31216—University of Alberta, Edmonton, Alta., Can.

CLASS 189**Steer, Spayed or Martin Heifer, Calved Between Sept. 1 and Dec. 31, 1924**

- 1st Laddie Fairfax—Age, Sept. 18, 1924; sire, Donald Fairfax 3rd 931581; dam, Lady Fairfax 820479—University of Illinois, Urbana, Ill.
- 2nd Largent's Gay Lad 1280—Age, Nov. 10, 1924; sire, Gay Lad Jr. 787079; dam, May Flower 3rd 1114865—C. M. Largent & Sons, Merkel, Tex.
- 3rd Stanofax—Age, Oct. 8, 1924; sire, Donald Fairfax 3rd 931581; dam, Miss Standard 4th 790034—University of Illinois, Urbana, Ill.
- 4th Beau Garnet 1199—Age, Oct. 1, 1924; sire, Woodford 80th 877647; dam, Miss Garnet 924783—University of Minnesota, St. Paul, Minnesota.
- 5th Woodburn 38th 1387741—Age, Oct. 6, 1924; sire, Woodburn 832772; dam, Bonny Lass 3rd 636539—A. J. A. Alexander, Spring Station, Ky.
- 6th Jolly Fairfax—Age, Oct. 9, 1924; sire, Donald Fairfax 3rd 931581; dam, Polly D. Fairfax 1100073—University of Illinois, Urbana, Illinois.

Awards

- 7th Lassie Fairfax—Age, Sept. 18, 1924; sire, Donald Fairfax 3rd 931581; dam, Lady Fairfax 820479—University of Illinois, Urbana, Ill.
- 8th Select Modest 1382185—Age, Oct. 22, 1924; sire, Selection 931445; dam, Miss Modesty 530124—University of Nebraska, Lincoln, Neb.
- 9th Steve—Age, Sept. 24, 1924; sire, Caryl Domino 999806—Ken Caryl Ranch Co., Littleton, Colo.
- 10th Keystone Visage 2nd 1384233—Age, Oct. 2, 1924; sire, Beau Blanc Visage 28th 889020; dam, Bessie 572892—Delaware Land & Development Co., Mortonville, Pa.

CLASS 190**Steer, Spayed or Martin Heifer, Calved After Jan. 1, 1925**

- 1st Virginia Pride 1279—Age, Jan. 23, 1925; sire, Royal Repeater 999999; dam, Virginia Dare 615551—C. A. Smith, Chester, W. Va.
- 2nd Donald Panama 16th 1399231—Age, Jan. 6, 1925; sire, Panama 110th 816250; dam, Pretty Lark 510495—A. B. Cook, Townsend, Mont.
- 3rd Woodford Lad 5th 1270—Age, Jan. 15, 1925; sire, Woodford 153rd 1095846; dam, Repeater Lass 34th 1073757—Shallenberger Farms, Argyle, Ill.
- 4th Dick—Age, Jan. 8, 1925; sire, Woodford Prince 8th 1099017; dam, Rosamond 289365—D. D. Van Voorhis & Sons, Beecher, Ill.
- 5th Donald's Fancy 1315—Age, Jan. 3, 1925; sire, Perfect Donald 897543; dam, Delila's Fancy 996606—Michigan State College, East Lansing, Mich.
- 6th Dude 1309—Age, Jan. 19, 1925; sire, Caryl Domino 999806; dam, Queen's Mischief 817841—Ken Caryl Ranch Co., Littleton, Colo.
- 7th Argyle 1403497—Age, Jan. 13, 1925; sire, Repeater 131st 618942; dam, Blue Bell 718080—Shallenberger Farms, Argyle, Ill.
- 8th Keystone Woodford 3rd—Age, Jan. 3, 1925; sire, Woodford 65th 811570; dam, Miss Clark 618028—Delaware Land & Development Co., Mortonville, Pa.
- 9th Choppy Mischief 1276—Age, Jan. 2, 1925; sire, Prairie Mischief 2nd 814442; dam, Belle 3rd 637872—University of Nebraska, Lincoln, Neb.
- 10th Grace Aster 1274—Age, Jan. 1, 1925; sire, Fairfax Aster 2nd 1228255; dam, Grace Anxiety 973836—University of Nebraska, Lincoln, Neb.

CLASS 191**Champion Steer, Spayed or Martin Heifer**

- Laddie Fairfax—Age, Sept. 18, 1924; sire, Donald Fairfax 3rd 931581; dam, Lady Fairfax 820479—University of Illinois, Urbana, Ill.
- Reserve—Steve Lee—Age, June 10, 1924; sire, Standard Lee 959813; dam, Lassie 1st 1074490—C. M. Largent & Sons, Merkel, Tex.

LADDIE FAIRFAX

Champion Hereford Steer, 1925. Age, Sept. 18, 1924. Sire, Donald Fairfax 3rd 931581; dam, Lady Fairfax 820479. Owned by University of Illinois, Urbana, Ill.

CLASS 192**Awards Group—Three Steers or Heifers from Above Classes**

- 1st University of Illinois, Urbana, Ill.
- 2nd Iowa State College, Ames, Iowa.
- 3rd Oklahoma A. & M. College, Stillwater, Okla.
- 4th Jas. Price & Son, Onalaska, Wis.

Awards

- 5th Sears-Roebuck Agricultural Foundation, Chicago, Ill.
- 6th E. R. Tigan, Rochelle, Ill.
- 7th Shallenberger Farms, Argyle, Ill.
- 8th Delaware Land & Development Co., Mortonville, Pa.
- 9th Purdue University, Lafayette, Ind.
- 10th Michigan State College, East Lansing, Mich.

THE ABERDEEN-ANGUS STEERS

In point of numbers the pure bred Aberdeen-Angus steers exhibited was greater than any previous show. Never in the history of the show have as many high class individuals been entered and exhibited. In addition to furnishing the grand champion steer of the show from the senior yearling class, there were a number of steers in the several classes that had to be given careful consideration by the judge for the highest honors of the show. Twenty-five senior yearlings came before the judge for consideration. The entries were evenly divided between the agricultural colleges and breeder exhibitors. The well finished, smooth, thick and well made bullock Mah Jongg from the Iowa State College went to the top of this class after a battle with the two entries, College Rosewood and Pride of Burnbrae, from the Michigan College. Fourth place went to Fullerton's Chapin Sunbeam.

When the junior yearling class of forty-five head came into the ring there were among these entries several steers that had been looked upon as possible candidates for championship honors. These steers, however, did not appeal to Judge Quested, and the result was that they were placed down the line or left entirely out of consideration. First place in this class went to a splendid, well finished steer, Black Lad from the University of Minnesota. Plumb Square and Level from the Michigan State College was a close second in this class. Charcoal from the Iowa College was placed third. In this class, as well as all the steer classes, weight for age was an important factor in the consideration

which the cattle received at the hands of the judge. The senior calf class of around twenty-five entries presented a problem for the judge. He seemed to have real difficulty in locating a satisfactory top. After making a number of changes the well balanced and mature calf North Dakota Boy 2nd, exhibited by the North Dakota Agricultural College, was selected to head this ring of calves. This calf was later made reserve champion calf of the show. Second place went to Gay Perfect from the Iowa College.

A dozen junior calves came into the ring. The Iowa State College seemed to have the edge on the other exhibitors in this class, placing first and fourth with Cloverleaf Dean and Gay Lad. W. W. Wilson & Son were second with a splendid calf of the right type. Third went to the University of Alberta on Emil of West View.

In the championship contest the battle for premier honors was between the senior yearling from the Iowa State College and the junior yearling exhibited by the University of Minnesota. The senior yearling was the choice of Judge Quested after carefully working over these two steers. The weight, thick fleshing qualities and firmness of Mah Jongg appealed to the judge.

The first prize group of three steers was exhibited by the Iowa State College. This group was made up of the champion steer Mah Jongg, the third prize junior yearling Charcoal and the second prize senior calf Gay Perfect. The second prize group came from the Michigan College. Third went to Fullerton and fourth to the Pennsylvania State College.

THE ABERDEEN-ANGUS STEERS

CLASS 193

Steer, Spayed or Martin Heifer, Calved Between Sept.

Awards 1 and Dec. 31, 1923

- 1st Mah-Jongg—Age, Sept. 3, 1923; sire, Elvan 320742; dam, Black Ida of Loneash 291195—Iowa State College, Ames, Iowa.
- 2nd Pride of Burnbrae 2424—Age, Nov. 4, 1923; sire, Plumb Square & Level 319753; dam, Rose 3rd of Burnbrae 193784—Michigan State College, East Lansing, Mich.
- 3rd College Rosewood 2422—Age, Sept. 12, 1923; sire, Plumb Square & Level 319753; dam, College Rosebud 7th 324783—Michigan State College, East Lansing, Mich.
- 4th Chapins Sunbeam—Age, Sept. 3, 1923; sire, Ben Hur of Sunbeam 338504; dam, Favorite Mary 2d 317171—S. C. Fullerton, Miami, Okla.
- 5th F's White Sox 2397—Age, Oct. 7, 1923; sire, Blackcap Burtis 344823; dam, Blackcap Bixie 283523—Iowa State College, Ames, Iowa.
- 6th Young Tupper 2409—Age, Sept. 2, 1923; sire, Crofton 171863; dam, University Craighead 3d 170597—University of Illinois, Urbana, Illinois.

CLASS 194

Steer, Spayed or Martin Heifer, Calved Between Jan. 1 and Aug. 31, 1924

- 1st Black Lad 2398—Age, March 2, 1924; sire, Quaker Lad K. 281346; dam, Minnesota Primp 2d 363607—University of Minnesota, St. Paul, Minn.
- 2nd Plumb, Square & Level 2d 2425—Age, Jan. 4, 1924; sire, Plumb, Square & Level 319753; dam, College Pride 8th 337250—Michigan State College, East Lansing, Mich.
- 3rd Charcoal—Age, Jan. 6, 1924; sire, Blackcaper C. 352618; dam, Queen Ella 6th 304684—Iowa State College, Ames, Iowa.
- 4th Little King 2528—Age, Jan. 3, 1924; sire, Star W. P. 274654; dam, Badger Lawn K. Anna 12th 323138—University of Wisconsin, Madison, Wis.
- 5th Margo—Age, Jan. 27, 1924; sire, Broadus Blackburn 9th 338707; dam, Delaine 7th 157263—University of Kentucky, Lexington, Ky.
- 6th Pride Harrison—Age, May 6, 1924; sire, Black Leader 4th 320347; dam, Pride of Ash Row 297073—Harrison Stock Farms, Woodland, Cal.
- 7th Lord Ashfield—Age, Jan. 6, 1925; sire, Eirreboll of Bleaton 341413; dam, Queen Mary Ann 338023—William E. Scripps, Orion, Mich. 371465; dam, Elapis of Blackmer 326618—Elliot Brown, Rose Hill, Iowa.

CLASS 195

Steer, Spayed or Martin Heifer, Calved Between Sept. 1 and Dec. 31, 1924

- 1st North Dakota Boy 2d 2482—Age, Sept. 14, 1924; sire, Eldart 215754; dam, Meadow Pride 339416—North Dakota Agricultural College, Agricultural College, N. D.

Awards

- 2nd Gay Perfect—Age, Sept. 10, 1924; sire, Gay Baronet 333878; dam, Blackbird Perfection 313864—Iowa State College, Ames, Iowa.
- 3rd Randolph 2516—Age, Sept. 15, 1924; sire, Protector of Dalmeny 240699; dam, Betrama's Pride 321668—J. S. Turner, Fairfax, Mo.
- 4th Roxy of Skillymarno—35747—Age, Sept. 16, 1924; sire, Demitone —27224—; dam, Ruth of Portlethen 10th —27231—University of Alberta, Edmonton, Alta, Can.
- 5th Ames Plantation Bouncer—Age, Oct. 2, 1924; sire, Eric 3d of Maisemore 319709; dam, Ames Plantation Blue 303521—Ames Plantation, Grand Junction, Tenn.
- 6th King of Hearts—Age, Sept. 2, 1924; sire, Belvoir 365512; dam, Black Ida of Loneash 291195—Iowa State College, Ames, Iowa.
- 7th Kenyon of Lincoln 2490—Age, Sept. 6, 1924; sire, Kenyon 3d 304473; dam, Iola of Lincoln 300095—University of Nebraska, Lincoln, Nebraska.

CLASS 196

Steer, Spayed or Martin Heifer, Calved Since Jan. 1, 1925

- 1st Clover Leaf Dean—Age, Jan. 3, 1925; sire, Blackcaper C. 352618; dam, Blackbird of Maple River 275663—Iowa State College, Ames, Iowa.
- 2nd Black Bobbie—Age, Jan. 19, 1925; sire, Belmont E. Baron 274048; dam, Bula Ida 207846—W. W. Wilson & Son, Muncie, Ind.
- 3rd—Ernil of West View—Age, March 17, 1925—University of Alberta, Edmonton, Alta., Can.
- 4th Gay Lad—Age, March 24, 1925; sire, Gay Baronet 333878; dam, Ames Blackbird 2d 240362—Iowa State College, Ames, Iowa.
- 5th Wildwood Choice—Age, Jan. 12, 1925; sire, Eirreboll of Bleaton 341413; dam, Blackbird Lot 4th 338033—Wm. E. Scripps, Orion, Mich.
- 6th Pride Lad—Age, Jan. 12, 1925; sire, Broadus K. Deverly 364166; dam, Pride 4th of Okaw 357150—A. A. Armstrong & Son, Camargo, Ill.
- 7th Earnest Marshall 2481—Age, Jan. 8, 1925; sire, Earl Marshall J.

CLASS 197

Champion Steer, Spayed or Martin Heifer

- Mah-Jongg—Age, Sept. 3, 1923; sire, Elvan 320742; dam, Black Ida of Loneash 291195—Iowa State College, Ames, Iowa.
- Reserve—Black Lad 2398—Age, March 2, 1924; sire, Quaker Lad K. 281346; dam, Minnesota Primp 2d 363607—University of Minnesota, St. Paul, Minn.

CLASS 198

Group—Three Steers or Heifers from Above Classes

- 1st Iowa State College, Ames, Iowa.
- 2nd Michigan State College, East Lansing, Mich.
- 3rd S. C. Fullerton, Miami, Okla.
- 4th Pennsylvania State College, State College, Pa.
- 5th University of Nebraska, Lincoln, Neb.
- 6th Purdue University, Lafayette, Ind.

THE RED POLLED STEERS

The senior yearling ring found a leader in Arp's Bert, which kept on to the breed championship. His half-brother, Hon Ted, captured similar honors at the 1924 International. The third and fourth prize winners in this class later stood first and second respectively in the Red Polled Specials in the carcass contest.

Another son of Ruperta's Teddy headed the junior yearling class. The third, fifth and second prize winners

in this group later were awarded first, second and third Association Specials in the carcass contest.

Joseph Kestel's entry won the blue ribbon in the ring of senior calves, while Arp headed the junior calves with another get of Ruperta's Teddy, and later captured the contest for groups of three with his trio of first prize winners.

THE RED POLLED STEERS

CLASS 199

Senior Yearling Steer, Spayed or Martin Heifer,

Awards Calved Between Sept. 1 and Dec. 31, 1923

- 1st Bert 47125—Age, Sept. 14, 1923; sire, Ruperta's Teddy A. R. 32696; dam, Bessia Marham 55486—A. P. Arp, Eldridge, Iowa.
- 2nd Buster—Age, Oct. 12, 1923; sire, Appollo 43994; dam, Nellie 59979—Joseph Kestel, Manhattan, Ill.
- 3rd Curles 49507—Age, Dec. 18, 1923; sire, Ruperta's Teddy A. R. 32696; dam, Marham Lassie 44957—A. P. Arp, Eldridge, Iowa.
- 4th Roscoe—Age, Dec. 28, 1923; sire, Rollie 2nd 35716; dam, Flossie 37255—H. P. Olson, Altona, Ill.

CLASS 200

Junior Yearling Steer, Spayed or Martin Heifer, Calved Between Jan. 1 and Aug. 31, 1924

- 1st Marham Lad 47126—Age, Jan. 19, 1924; sire, Ruperta's Teddy A. R. 32696; dam, Marham Lala 57434—A. P. Arp, Eldridge, Iowa.
- 2nd Bell Boy—Age, April 26, 1924; sire, Bill Neff 42698; dam, Beauty Marham 61118—H. P. Olson, Altona, Ill.
- 3rd Upshot 48508—Age, March 10, 1924; sire, Ruperta's Teddy A. R. 32696; dam, Upshot Diana 58709—A. P. Arp, Eldridge, Iowa.
- 4th Jack—Age, Jan. 15, 1924; sire, Necton Lad 40834; dam, Charmer's Queen 59980—Joseph Kestel, Manhattan, Ill.
- 5th Pat—Age, March 1, 1924; sire, Buster Charmer 41292; dam, Melvilla 3rd 60037—Stamp & Etzler, Convoy, Ohio.

CLASS 201

Senior Calf Steer, Spayed or Martin Heifer, Calved Between Sept. 1 and Dec. 31, 1924

- 1st Dick—Age, Sept. 15, 1924; sire, Necton Lad 40834; dam, Mary Jane 59168—Joseph Kestel, Manhattan, Ill.

Awards

- 2nd Marham Ted 2nd 48510—Age, Nov. 24, 1924; sire, Ruperta's Teddy A. R. 32696; dam, Marham Lulo 57436—A. P. Arp, Eldridge, Iowa.
- 3rd Barney Charmer 48062—Age, Nov. 17, 1924; sire, Antone Charmer 32299; dam, Margret 36124—J. W. Larabee & Sons, Earlville, Ill.
- 4th Laddie 24th 48509—Age, Sept. 14, 1924; sire, Ruperta's Teddy A. R. 32696; dam, Marham Lassie 24th 52814—A. P. Arp, Eldridge, Iowa.
- 5th Bounce—Age, Nov. 1, 1924; sire, Rollie 2nd 35716; dam, Flossie 37255—H. P. Olson, Altona, Ill.

CLASS 202

Junior Calf Steer, Spayed or Martin Heifer, Calved Since Jan. 1, 1925

- 1st Lulu 69107—Age, Jan. 24, 1925; sire, Ruperta's Teddy A. R. 32696; dam, Honolulu 48231—A. P. Arp, Eldridge, Iowa.
- 2nd Erasta's Ted 48511—Age, June 9, 1925; sire, Ruperta's Teddy A. R. 32696; dam, Erastas Diana—A. P. Arp, Eldridge, Iowa.

CLASS 203

Champion Steer, Spayed or Martin Heifer

- Bert 47125—Age, Sept. 14, 1923; sire, Ruperta's Teddy A. R. 32696; dam, Bessia Marham 55486—A. P. Arp, Eldridge, Iowa.

CLASS 204

Group—Three Steers or Heifers from Above Classes

- 1st A. P. Arp, Eldridge, Iowa.
- 2nd Joseph Kestel, Manhattan, Ill.
- 3rd A. P. Arp, Eldridge, Iowa.
- 4th H. P. Olson, Altona, Ill.

BERT 47125

Champion Red Polled Steer, 1925. Age, Sept. 14, 1923. Sire, Ruperta's Teddy A. R. 32696;
dam, Bessia Marham 55486. Owned by Adolph P. Arp, Eldridge, Iowa.

THE GALLOWAY STEERS

The show of Galloway steers, although small in numbers, was creditable to the breed. The individuals were well fitted and the lack of coarseness was noticeable.

The senior yearlings were headed by the University of Nebraska's entry, Nebraska Mutual, a low set, smoothly covered beast. He had been reserve breed champion at the 1924 International, when his half brother was awarded the purple. This year he went on through to the breed championship himself and later stood fourth in his carcass class.

Skeezix, shown by J. G. Imboden & Son, headed the junior yearlings and was awarded the reserve breed championship. The leading position in the group of senior calves was awarded to Fluke's entry, and among the junior calves to Frantz Bros.' Stand Patter's Lady. It is notable that each of the four classes by ages was won by a different exhibitor. As on former occasions, the University of Nebraska was awarded the blue ribbon for the best herd of three.

THE GALLOWAY STEERS

CLASS 205

Senior Yearling Steer, Spayed or Martin Heifer,

Awards Calved Between Sept. 1 and Dec. 31, 1923

- 1st Nebraska Mutual 49257—Age, Sept. 2, 1923; sire, A-Model 46735; dam, Sadie Lawn 38484—University of Nebraska, Lincoln, Neb.
- 2nd Valentino 49336—Age, Sept. 7, 1923; sire, Serbian Chief 46214; dam, Hillair Tweedie 47424—J. G. Imboden & Son, Decatur, Ill.
- 3rd Optimist F 49153—Age, Dec., 1923; sire, Haida's Optimist 47351; dam, Frances 10th 47464—Frantz Bros., Mt. Cory, Ohio.

CLASS 206

Junior Yearling Steer, Spayed or Martin Heifer, Calved Between Jan. 1 and Aug. 31, 1924

- 1st Skeezix 49334—Age, Feb. 7, 1924; sire, Standpat 45610; dam, Bessie Kid 44017—J. G. Imboden & Son, Decatur, Ill.
- 2nd Otoe's Pride 49258—Age, April 24, 1924; sire, Model Lawn 45914; dam, Catalina 2d 40834—University of Nebraska, Lincoln, Neb.
- 3rd A Model 4th—Age, June 20, 1924; sire, Model Lawn 45914—University of Nebraska, Lincoln, Neb.
- 4th Optimist 3rd 49147—Age, Feb., 1924; sire, Haida's Optimist 47351; dam, Scottish Emma 40888—Frantz Bros., Mt. Cory, Ohio.

CLASS 207

Senior Calf Steer, Spayed or Martin Heifer, Calved Between Sept. 1 and Dec. 31, 1924

- 1st Prince of F. F. 49281—Age, Oct. 12, 1924; sire, Peerdale Fascination 47377; dam, Dolly of F. F. 48534—H. L. Fluke, Bath, S. D.

Awards

- 2nd Shaggy Bill 49435—Age, Sept. 11, 1924; sire, Model Lawn 45914; dam, Meg Empress 47937—University of Nebraska, Lincoln, Neb.
- 3rd Hillair Moon 49433—Age, Sept. 3, 1924; sire, Aristocrat 47073; dam, Topsy 2nd of Capital View 43980—J. G. Imboden & Son, Decatur, Ill.
- 4th Nebraska Charles 49436—Age, Sept. 7, 1924; sire, Model Lawn 45914; dam, Stella Lawn 48550—University of Nebraska, Lincoln, Neb.

CLASS 208

Junior Calf Steer, Spayed or Martin Heifer, Calved Since Jan. 1, 1925.

- Stand Patter's Lady 49316—Age, Jan., 1925; sire, Stand Patter of A. 44762; dam, Othello's Lady 2d 48129—Frantz Bros., Mt. Cory, Ohio.

CLASS 209

Champion Steer, Spayed or Martin Heifer

- Nebraska Mutual 49257—Age, Sept. 2, 1923; sire, A-Model 46735; dam, Sadie Lawn 38484—University of Nebraska, Lincoln, Neb.
 Reserve—Skeezix 49334—Age, Feb. 7, 1924; sire, Standpat 45610; dam, Bessie Kid 44017—J. G. Imboden & Son, Decatur, Ill.

CLASS 210

Group—Three Steers or Heifers from Above Classes

- 1st University of Nebraska, Lincoln, Neb.
- 2nd J. G. Imboden & Son, Decatur, Ill.
- 3rd Frantz Bros., Mt. Cory, Ohio.

NEBRASKA MUTUAL 49257

Champion Galloway Steer, 1925. Age, Sept. 2, 1923. Sire, A-Model 46735;
dam, Sadie Lawn 38484. Owned by University of Nebraska, Lincoln, Neb.

THE POLLED SHORTHORN STEERS

A representative show of Polled Shorthorn steers was brought before the judge. The yearling class was headed by an entry raised by a club boy, Lawrence Wilson of Princeton, Illinois, which went on to the breed championship. Hultine & Sons took the blue in the calf class. Repeating last year's performance, Murray & Sons captured the contest for steer herd.

THE POLLED SHORTHORN STEERS

CLASS 211

Steer, Spayed or Martin Heifer, 1 Year and Under 2

Awards

- 1st White Prince—Age, Sept. 3, 1923; sire, Violet Craibstone X23893; dam, Topsy Roan 1022586—Lawrence Wilson, Princeton, Ill.
2nd Sultans Lady X1292412—Age, Dec. 12, 1923; sire, Sultan Crest X24265; dam, Scotia Lady 9th X11205—F. A. Murray & Sons, Mazon, Ill.

CLASS 212

Steer, Spayed or Martin Heifer, Under 1 Year

Awards

- 1st Dale's Joker—Age, Sept. 2, 1924; sire, Dale's Renown 1205599; dam, Azalea 1150166—Albert Hultine & Sons, Saronville, Neb.
2nd Roan Beauty—Age, Sept. 28, 1924; sire, Sunnyside Goods 1047176 X23401; dam, Princess Emma X12796-961282—Floyd Weibler, Aledo, Ill.

CLASS 213

Champion Steer, Spayed or Martin Heifer

- White Prince—Age, Sept. 3, 1923; sire, Violet Craibstone X23893; dam, Topsy Roan 1022586—Lawrence Wilson, Princeton, Ill.

CLASS 214

Group—Three Steers or Heifers from Above Classes

- 1st F. A. Murray & Sons, Mazon, Ill.
2nd Miller & Sons, Mulberry, Ind.
3rd Elm Grove Farm, Belvidere, Tenn.

THE GRADES AND CROSS BREDS

The call for the senior yearlings brought out a small class of nine contenders which contained some strictly high class bullocks. Judge Quested found a leader to his liking in the Rosenfeld entry Evolution, a grade Angus, which he later made champion steer of the grades and cross breds. The next four in line were all college steers, sired by Angus bulls, the second being a grade, the third a Shorthorn cross, the fourth a grade and the fifth a Shorthorn cross.

Rosenfeld again repeated when the grade Angus, Black Gold, was put in the premier position in the line of twenty junior yearlings. The leaders of both of these classes were sired by the same bull, Elixir Earl. Second and third ribbons were awarded to grade Shorthorns from Sni-A-Bar Farms, while the noted steer feeder, E. P. Hall, placed a grade Angus in fourth, and Downey another grade Angus in fifth place. Next in line and just outside the money stood Pauline Brown's club calf, which had captured the championship in the junior feeding contest on Saturday.

Twenty-four senior calves composed the largest class

of the grade and cross bred section. Downey took the blue ribbon away from Rosenfeld, while the North Dakota Agricultural College entry stood next, all three being grade Angus. A grade Hereford from the Iowa State College was placed fourth, followed by Kessler's grade Shorthorn.

The junior calf class of eleven youngsters was headed by the University of Nebraska's cross bred Hereford-Shorthorn. Following in order stood a grade Shorthorn, another grade Shorthorn, a grade Hereford and a cross bred Hereford-Angus.

In the contest for the championship of this section, Rosenfeld's senior yearling was given the preference and Downey's senior calf was placed in reserve.

Five groups of three animals each competed in the herd class. With two first prize winners and one second prize winner, Rosenfeld's trio was triumphant. This group later defeated the winners in the pure bred sections and was declared the champion steer herd of the show.

EXHIBITORS

Beach, Calvin B., Goodenow, Ill.
Boggs, O. A. & Sons, Daysland, Alta., Can.
Bowers, H. G., Elmwood, Ill.
Briney, Walter & Howard, Waverly, Iowa.
Brown, Edwin, Aledo, Ill.
Brown, Elliott, Rosehill, Iowa.
Brown, Ina Mae, Aledo, Ill.
Brown, Pauline, Aledo, Ill.

INTERNATIONAL LIVE STOCK EXPOSITION

GRADES AND CROSS-BRED STEERS

CLASS 215

Steer, Spayed or Martin Heifer, Calved Between Sept.

Awards 1 and Dec. 31, 1923

- 1st Evolution—Age, Nov. 25, 1923; sire, Elixir Earl 333448—Carl A. Rosenfeld & Son, Kelley, Iowa.
- 2nd Wallstreet—Age, Oct. 3, 1923; sire, Bradstreet 4th 162580—Iowa State College, Ames, Iowa.
- 3rd Exception—Age, Sept. 22, 1923; sire, Parlee 320291; dam, Exception's Lassie 135521—Pennsylvania State College, State College, Pennsylvania.
- 4th East Wind—Age, Sept. 26, 1923; sire, Black Star Atlas 244282—Iowa State College, Ames, Iowa.
- 5th Blue Belle—Age, Sept. 21, 1923; sire, Eidort A. A. 219754; dam, Snow Blossom 884782—North Dakota Agricultural College, Agricultural College, N. D.

CLASS 216

Steer, Spayed or Martin Heifer Calved Between Jan. 1 and Aug. 31, 1924

- 1st Black Gold—Age, Jan. 10, 1924; sire, Elixir Earl 333418—Carl A. Rosenfeld & Sons, Kelley, Iowa.
- 2nd Sni-A-Bar Guardsman—Age, Feb. 15, 1924; sire, Anoka Roan Knight 1111533—Sni-A-Bar Farms, Grain Valley, Mo.
- 3rd Sni-A-Bar Marvel—Age, Feb. 15, 1924; sire, Prentice 1005345—Sni-A-Bar Farms, Grain Valley, Mo.
- 4th Hallhurst Boy—Age, March 20, 1924; sire, Erwin Pride 278579—E. P. Hall, Mechanicsburg, Ill.
- 5th—Age, Feb., 1924; sire, Ishmael II 262935—Willet H. Downey, Aledo, Ill.

CLASS 217

Steer, Spayed or Martin Heifer Calved Between Sept. 1 and Dec. 31, 1924

- 1st—Age, Sept. 3, 1924; sire, Borrinea 339074—Willet H. Downey, Aledo, Ill.
- 2nd Hot Toddy—Age, Sept. 27, 1924; sire, Eursu 357390—Carl A. Rosenfeld & Sons, Kelley, Iowa.
- 3rd Black Boy—Age, Sept. 4, 1924; sire, Eidort A. A. 219754—North Dakota Agricultural College, Agricultural College, N. D.
- 4th Mac—Age, Sept. 10, 1924; sire, Donald Knight 987591—Iowa State College, Ames, Iowa.
- 5th Max—Age, Nov. 24, 1924; sire, Maxwalton Chorister 822791—Vivian D. Kessler, Morocco, Ind.

CLASS 218

Steer, Spayed or Martin Heifer, Calved Since Jan. 1, 1925

- 1st Prince's First—Age, Jan. 1, 1925; sire, Prince Domino 132nd 1211646; dam, Sweet Gift 1111283—University of Nebraska, Lincoln, Neb.

Awards

- 2nd Snow Drift—Age, Jan. 5, 1925; sire, Standard Cup Bearer 1060482—A. L. Lynch & Son, Waverly, Iowa.
- 3rd Sni-A-Bar Premier—Age, Jan. 3, 1925; sire, Argonauts Master 978230—Sni-A-Bar Farms, Grain Valley, Mo.
- 4th Agatha Boy—Age, Jan. 10, 1925; sire, Donald Blackstone 1101369—Calvin B. Beach, Goodenow, Ill.
- 5th College James—Age, Jan. 4, 1925; sire, Fairfax Aster 2nd 1228255; dam, Blackbird of Sundance 24th 355219—University of Nebraska, Lincoln, Neb.

CLASS 219

Champion Steer, Spayed or Martin Heifer

Evolution—Age, Nov. 25, 1923; sire, Elixir Earl 333448—Carl A. Rosenfeld & Son, Kelley, Iowa.

Reserve.....—Age, Sept. 3, 1924; sire Borrinea 339074—Willet H. Downey, Aledo, Ill.

CLASS 220

Group—Three Steers or Heifers from Above Classes

- 1st Carl A. Rosenfeld & Sons, Kelley, Iowa.
- 2nd Iowa State College, Ames, Iowa.
- 3rd Sni-A-Bar Farms, Grain Valley, Mo.
- 4th Pennsylvania State College, State College, Pa.

CLASS 221

Three Steers, Spayed or Martin Heifers, Calved Since Sept. 1, 1923, Get of one Sire. (Open to Pure-Breds, Grades and Crosses. To be Shown Subject to Conditions Governing Breed Steer Classes)

- 1st University of Nebraska, Lincoln, Neb.
- 2nd University of Illinois, Urbana, Ill.
- 3rd Pennsylvania State College, State College, Pa.

AMERICAN SHORTHORN ASSOCIATION GRADE AND CROSS-BRED SPECIALS

(Animals competing must have sire recorded in American Shorthorn Herd Book.)

CLASS 215

Steer, Spayed or Martin Heifer Calved Between Sept. 1 and Dec. 31, 1923

- 1st Red—Sire, King Cole 628681—Robert Fluck, Grant Park, Ill.

CLASS 216

Steer, Spayed or Martin Heifer Calved Between Jan. 1 and Aug. 31, 1924

- 1st Sni-A-Bar Guardsman—Age, Feb. 15, 1924; sire, Anoka Roan Knight 1111533—Sni-A-Bar Farms, Grain Valley, Mo.
- 2nd Sni-A-Bar Marvel—Age, Feb. 15, 1924; sire, Prentice 1005345—Sni-A-Bar Farms, Grain Valley, Mo.

Awards

- 3rd Sni-A-Bar Pretender—Age, March 15, 1924; sire, Prentice 1005345—Sni-A-Bar Farms, Grain Valley, Mo.
 4th Proud Lass—Age, July 8, 1924; sire, Maxwalton Laddus 1044717—Maxwalton Farms, Mansfield, Ohio.

CLASS 217**Steer, Spayed or Martin Heifer, Calved Between Sept. 1 and Dec. 31, 1924**

- 1st Max—Age, Nov. 24, 1924; sire, Maxwalton Chorister 822791—Vivian D. Kessler, Morocco, Ind.
 2nd Roanoke—Age, Nov. 15, 1924; sire, Scottish Lad 1157012—Sears-Roebuck Agricultural Foundation, Chicago, Ill.
 3rd—Age, Sept., 1924; sire, Pride Monarch 3rd 291039—Edwin Brown, Aledo, Ill.
 4th Sni-A-Bar Favourite—Age, Sept. 20, 1924; sire, Prentice 1005345—Sni-A-Bar Farms, Grain Valley, Mo.

CLASS 218**Steer, Spayed or Martin Heifer, Calved Since Jan. 1, 1925**

- 1st Snow Drift—Age, Jan. 5, 1925; sire, Standard Cup Bearer 1060482—A. L. Lynch & Son, Waverly, Iowa.
 2nd Sni-A-Bar Premier—Age, Jan. 3, 1925; sire, Argonauts Master 978230—Sni-A-Bar Farms, Grain Valley, Mo.
 3rd Roselan Avalon—Age, Jan. 3, 1925; sire, Dreadnaught Trojan 1214710—F. E. Shepard & Son, Charlotte, Mich.
 4th Cal King—Age, March 8, 1925; sire, Marvels King 1174387; dam, Oakfield Lula 127713—University of California, Davis, Calif.

CLASS 219**Champion Steer, Spayed or Martin Heifer**

- Sni-A-Bar Guardsman—Age, Feb. 15, 1924; sire, Anoka Roan Knight 1111533—Sni-A-Bar Farms, Grain Valley, Mo.

CLASS 220**Group of 3 Steers or Heifers**

- 1st Sni-A-Bar Farms, Grain Valley, Mo.

AMERICAN ABERDEEN-ANGUS GRADE AND CROSS-BRED SPECIALS

(Animals competing must have sire recorded in American Aberdeen-Angus Herd Book, or in the Canadian Aberdeen-Angus Herd Book, and premiums will be paid according to Aberdeen-Angus rating.)

CLASS 215**Steer, Spayed or Martin Heifer, Calved Between Sept. 1 and Dec. 31, 1923**

- 1st Evolution—Age, Nov. 25, 1923; sire, Elixir Earl 333448—Carl A. Rosenfeld & Son, Kelley, Iowa.

Awards

- 2nd Wallstreet—Age, Oct. 3, 1923; sire, Bradstreet 4th 162580—Iowa State College, Ames, Iowa.
 3rd Exception—Age, Sept. 22, 1923; sire, Parlee 320291; dam, Exception's Lassie 135521—Pennsylvania State College, State College, Pa.
 4th East Wind—Age, Sept. 26, 1923; sire, Black Star Atlas 244282—Iowa State College, Ames, Iowa.

CLASS 216**Steer, Spayed or Martin Heifer Calved Between Jan. 1 and Aug. 31, 1924**

- 1st Black Gold—Age, Jan. 10, 1924; sire, Elixir Earl 333448—Carl A. Rosenfeld & Sons, Kelley, Iowa.
 2nd Hallhurst Boy—Age, Mar. 20, 1924; sire, Erwin Pride 278579—E. P. Hall, Mechanicsburg, Ill.
 3rd—Age, Feb. 1924; sire, Ishmael II 262935—Willet H. Downey, Aledo, Ill.

CLASS 217**Steer, Spayed or Martin Heifer Calved Between Sept. 1 and Dec. 31, 1924**

- 1st—Age, Sept. 3, 1924; sire, Borrinea 339074—Willet H. Downey, Aledo, Ill.
 2nd Hot Toddy—Age, Sept. 27, 1924; sire, Eursu 357390—Carl A. Rosenfeld & Sons, Kelley, Iowa.
 3rd Black Boy—Age, Sept. 4, 1924; sire, Eidort A. A. 219754—North Dakota Agricultural College, Agricultural College, N. D.

CLASS 218**Steer, Spayed or Martin Heifer Calved Since Jan. 1, 1925**

- 1st Blue's Model—Age, Feb. 20, 1925; sire, Blackbirdman of Rosemere 333877—Oklahoma A. & M. College, Stillwater, Okla.
 2nd—Age, Feb. 27, 1925; sire, Coxie 354865—Edwin Brown, Aledo, Ill.

CLASS 219**Champion Steer, Spayed or Martin Heifer**

- Evolution—Age, Nov. 25, 1923; sire, Elixir Earl 333448—Carl A. Rosenfeld & Son, Kelley, Iowa.

CLASS 220**Group of 3 Steers or Heifers**

- 1st Carl A. Rosenfeld & Sons, Kelley, Iowa.
 2nd Iowa State College, Ames, Iowa.
 3rd Pennsylvania State College, State College, Pa.

GRAND CHAMPIONS

The Breeder's Gazette in reporting the age championship bouts stated:

"In the yearling championship class the pure bred senior yearling Aberdeen-Angus from the Iowa College herd had no apparent difficulty in disposing of Purdue's Hereford and Shorthorn. All three steers were above criticism in wealth of flesh, but the black clearly surpassed the others in his mellowness and smoothness. For a mature steer (he weighed 1,560 pounds) he was fully ripe without being overdone.

"In the calf championship, the Illinois Hereford had no serious contenders. Equal to any of them in depth, width, low-setness and straightness of lines, he excelled them all in his depth and smoothness of flesh. Many recognized judges, who carefully examined him, pronounced him the best calf that has ever been shown at an International."

The Iowa Homestead describes the outcome of the grand championship clash as follows:

"The big event at the International is the picking of the grand champion steer. No feature is watched with keener interest than this. It was an especially interesting event this year because of the very keen and close competition that existed. The foreign judge, J. Egerton Quested, Kent county, England, picked the senior yearling pure bred Angus steer, Mah-Jongg, exhibited by Iowa State College, as the grand champion steer of the show. Mr. Quested, contrary to foreign judges in former years who have selected the compact, early maturing type of steers, seemed partial to the steers showing plenty of scale, even though somewhat lacking in smoothness of flesh covering, compactness of body, and closeness to the ground. Mah-Jongg was the fifth grand champion steer produced by Iowa State College—a record that no other individual or

institution has yet been able to approach. Mah-Jongg was calved September 3, 1923, and weighed 1,560 pounds when sold. He is a great grandson of the famous Earl Marshall, and his dam is one of the best cows in the Iowa State College Angus herd. His full brother was the grand champion carcass steer at the 1924 International, at which he was also exhibited, and won third place in a strong class of calves. Mah-Jongg was sold at auction to the Bowman-Biltmore hotels, of New York City, for \$3 a pound, or a total of \$4,680, the highest price ever paid for an International grand champion steer. The previous record was \$2.62, paid in 1919 to Marion Armentrout, of Iowa, while the record before that was \$2.50 a pound, paid to Purdue University in 1918 for Purdue's Fyvie Knight.

The reserve grand champion steer went to the University of Illinois on Laddie Fairfax, a wide, low-set, evenly balanced, pure bred Hereford of excellent quality. He was calved September 18, 1924, on the University of Illinois farm and weighed 1,050 pounds when judged. He was a twin calf and weighed only 50 pounds at birth. The eminent foreign judge, Mr. Quested, spoke in superlative terms of this part of the show and declared it, from the standpoint of numbers and quality, to be the best in the world. In regard to the grand champion and the reserve champion steers he said: Both of the bullocks in the final round of the grand championship fight were good ones. I very much preferred the Angus yearling because of his scale, his ripeness of flesh, his wonderful width of body and quarters, his very pleasing style and alertness when walking. He is one of the best bullocks I have ever seen. The Hereford calf is a marvel in type, conformation and style, but lacking the thickness and ripeness of flesh so much in evidence in the yearling Angus bullock."

MAH JONGG

Grand Champion Steer, 1925. Age, Sept. 3, 1923. Sire, Elvan 320742; dam, Black Ida of Loneash 291195. Owned by Iowa State College, Ames, Iowa.

(Mah Jongg was sold at auction to the Biltmore Hotel, New York City, at \$3.00 per pound, on foot, and dressed out 67.3 per cent.)

NOTE—No shows in 1914 and 1915.

THE SLAUGHTER CONTEST—STEERS ON FOOT

John Gosling
Judge

Intense interest was manifested at the ringside when the bullocks were lined up for their final exhibition on foot. Producers are becoming more eager each year to learn how to pick the prize-winner with the hide still on. They are fast learning the difference between just an ordinary fat bullock and a bullock that shows development over the high-priced cuts, and, in addition, shows smooth, mellow covering evenly distributed over the more important cuts. They are also learning that a bullock, even though he be finished, must not carry an extremely heavy brisket, which is almost a sure indication that the carcass will be wasty.

"Uncle John" Gosling of Kansas City, Mo., who has no peer as a carcass bullock judge, again rose to the occasion, and awarded the prizes on the two very close classes. "I was confronted with the hardest class that I have ever attempted to pass upon," said he. Practically every entry was carrying enough finish, but a number lacked the quality that usually is found in an exhibit of this kind. "I am amazed at the lack of quality, so far as handling indicates," said Mr. Gosling.

The carcass entries included 53 cattle, 180 hogs and 61 sheep.

In the senior yearling class, Pung, an Aberdeen-Angus, fed and exhibited by Iowa State College, won first. He carried a high degree of finish, and was low-set, compact and straight in his lines. Paddy Norwood, a quality bullock, exhibited by W. W. Wilson & Son, Muncie, Ind., was

second. He lacked the finish found in the Iowa entry. "Paddy was kinder to the touch than Pung, but he lacked the amount of inner muscle shown in Pung," said "Uncle John." Edwin of Woodcote, an Aberdeen-Angus shown by Woodcote Stock Farm, Ionia, Mich., was placed third over Nebraska's Mutual, a Galloway, fed and exhibited by the University of Nebraska. The Woodcote entry carried more fleshing over the loin and a little more development through the round. The quality was about equal. Rastus, a grade Aberdeen-Angus steer, shown by C. L. Taggart, Washington, Pa., was fifth in this class. He did not show the development over the rib and loin found in the first four entries.

In the junior yearling class competition was keen. The first five bullocks were very close. Oxford Winner, an Aberdeen-Angus shown by Iowa State College, won first. He carried about the right amount of covering, with a fair degree of quality. His rib was especially well-covered. Earl Ito, another Aberdeen-Angus, shown by the University of Minnesota, was second over Jock, another Aberdeen-Angus, shown by W. W. Wilson & Son, because he was a little smoother, and carried a little more depth of covering over the rib and loin. The fourth prize steer, Prince of South Side, another Aberdeen-Angus, shown by C. L. Taggart, was not so well-developed over the loin as the Wilson entry. The Ohio State University won fifth on Ohio's Prince, another Aberdeen-Angus of splendid quality and conformation.

The on-foot championship went to Pung, the first-prize senior yearling, on account of his finish and conformation, and his exceptional development of flesh over the high-priced cuts. The neat, evenly-covered bullock that won the junior class was the reserve champion.

INTERNATIONAL LIVE STOCK EXPOSITION

CLASS 226

Senior Yearling Steer or Heifer, entered in Carcass

Awards Contest

- 1st Pung—Age, Sept. 10, 1923; sire, Everly 313627; dam, Elonna 2nd 234302—Iowa State College, Ames, Iowa.
- 2nd Paddy Norwood—Age, Nov. 9, 1923; sire, Brodus Norwood 164977; dam, Pride of Swayland 324060—W. W. Wilson & Son, Muncie, Indiana.
- 3rd Edwin of Woodcote 372110—Age, Nov. 15, 1923; sire, Elcho of Harviestoun 313295; dam, Erica of Woodcote 15th 176755—Woodcote Stock Farm, Ionia, Mich.
- 4th Nebraska Mutual 49257—Age, Sept. 2, 1923; sire, A. Model 46735; dam, Sadie Lawn 38484—University of Nebraska, Lincoln, Neb.
- 5th Rastus—Age, Oct. 10, 1923; sire, Harvesto 277525—C. L. Taggart, Washington, Pa.

CLASS 227

Junior Yearling Steer or Heifer Entered in Carcass Contest

- 1st Oxford Winner—Age, April 20, 1924; sire, Bandro 209462; dam, Oxford Beauty 2d 315911—Iowa State College, Ames, Iowa.

Awards

- 2nd Earl Ito 2411—Age, May 20, 1924; sire, Elixir Earl 333448; dam, Medina Martha 2nd 194795—University of Minnesota, St. Paul, Minnesota.
- 3rd Jock—Age, Nov. 4, 1923; sire, Blackbird Deblieux 261093—W. W. Wilson & Son, Muncie, Ind.
- 4th Prince of South Side—Age, May 5, 1924; sire, Harvesto 277525; dam, May of Canton—C. L. Taggart, Washington, Pa.
- 5th Ohio's Prince—Age, Feb. 12, 1924; sire, Prince Idare of Maisemore 322612; dam, Ohio's Adelaide 325174—Ohio State University, Columbus, Ohio.
- 6th Plumb Square & Level 2nd 2425—Age, Jan. 4, 1925; sire, Plumb Square & Level 319752; dam, College Pride 5th 337250—Michigan State College, East Lansing, Mich.

CLASS 228

Champion Steer or Heifer Entered in Carcass Contest

- Pung—Age, Sept. 10, 1923; sire, Everly 313627; dam, Elonna 2nd 234302—Iowa State College, Ames, Iowa.
- Reserve—Oxford Winner—Age, April 20, 1924; sire, Bandro 209462; dam, Oxford Beauty 2d 315911—Iowa State College, Ames, Iowa.

Note—No championship awarded previous to 1917.

THE CATTLE CARCASS TEST

By M. D. HELSER, Superintendent

M. D. Helser
Supt.

In the senior yearling class Reuben, an Aberdeen-Angus exhibited by the University of Kentucky, won first. The conformation and finish of this carcass were nearly perfect. He was well-finished, but not wasty. He showed more finish than Black Cap, an Aberdeen-Angus shown by C. L. Taggart. Black Cap was placed second, over Ober of Hall Orchards, an Aberdeen-Angus entry shown by Hall Orchards, Inc., Belding, Mich., because he showed a larger eye of beef. The eighth rib cut of Mr. Taggart's entry showed more marbling and a little nicer proportion of lean to fat than the Hall Orchards' entry. Ohio

Aristocrat, an Aberdeen-Angus shown by Ohio State University, won fourth over Pung, the Aberdeen-Angus entry from Iowa State College, because he was not so wasty, and carried nearer the right proportion of fat to lean. The color of the lean and fat on the prize-winning carcasses in this class showed a beautiful, rich, red color of lean and firm, white fat.

In the junior yearling class, W. W. Wilson & Son won first on Jock, an Aberdeen-Angus which showed a well-balanced, evenly-covered carcass that was especially strong

in the development of the inner muscle. The eye of beef was of a beautiful color, and large. The Hall Orchards' Aberdeen-Angus entry Husky was a close second. The eye of beef was not quite so large, and the distribution of fat and lean, as shown by the eighth rib cut, was not quite so even as the Wilson entry. Ohio Prince, an Aberdeen-Angus shown by Ohio State University, was placed third over Muskogee Sunbeam, another Aberdeen-Angus, exhibited by Judge S. C. Fullerton, Miami, Okla., on quality and color. The grain of beef was much nicer than the Ohio entry. The finish was about the same. The University of Kentucky won fifth on Margo, another Aberdeen-Angus, which showed just a little better conformation and finish. His color was good.

The champion carcass was Jock, the first-prize junior yearling, and the reserve was Husky of Hall Orchards, the second-prize junior yearling. The champion steer carcass was sold to the New City Packing and Provision Co. for the Hotel Sherman, Chicago, for \$7 a pound. W. W. Wilson, the owner of this carcass, reserved one-half of it to be presented to the Indiana Live Stock Breeders' Association for a banquet. The reserve champion, Husky of Hall Orchards, brought 70 cents a pound. It was purchased by Eli Pfaelzer for McCann of Pittsburgh.

Ralph Cudney of Chicago did excellent work in making the awards. The steers were dressed and exhibited by Swift & Co.

THE CATTLE CARCASS CONTEST

CLASS 229

Carcass of Senior Yearling Steer or Heifer Entered in Regular Classes

1st Reuben—Age, Oct. 10, 1923; sire, Black Idleman 303373; dam, Sterling Queen B 318931—University of Kentucky, Lexington, Kentucky.

Awards

2nd Black Cap—Age, Oct. 12, 1923; sire, Harvesto 277525—C. L. Taggart, Washington, Pa.
3rd Ober of Hall Orchards—Age, Dec. 8, 1923; sire, Evenest of Woodcote 318878; dam, Abitibi Lassie 312939—Hall Orchard, Inc., Belding, Mich.

Awards

- 4th Ohio's Aristocrat—Age, Dec. 5, 1923; sire, Prince Idare of Maisemore 322612; dam, Ohio's Amelia 250400—Ohio State University, Columbus, Ohio.
- 5th Pung—Age, Sept. 10, 1923; sire, Everly 313627; dam, Elonna 2nd 234302—Iowa State College, Ames, Iowa.
- 6th Paddy Norwood—Age, Nov. 9, 1923; sire, Brodus Norwood 164977; dam, Pride of Swayland 324060—W. W. Wilson & Son, Muncie, Indiana.

CLASS 230**Carcass of Junior Yearling Steer or Heifer**

- 1st Jock—Age, Nov. 4, 1923; sire, Blackbird Deblieux 261093—W. W. Wilson & Son, Muncie, Ind.
- 2nd Husky of Hall Orchards—Age, Feb. 21, 1924; sire, Evenest of Woodcote 318878; dam, Callie of Fairview 258571—Hall Orchards, Inc., Belding, Mich.
- 3rd Ohio's Prince—Age, Feb. 12, 1924; sire, Prince Idare of Maisemore 322612; dam, Ohio's Adelaide 325174—Ohio State University, Columbus, Ohio.
- 4th Muskogee Sunbeam—Age, Jan. 25, 1924; sire, Plowman 221051—S. C. Fullerton, Miami, Okla.

CUTS FROM GRAND CHAMPION CARCASS

THE CARLOTS OF FAT CATTLE

F. H. Stemm
Judge

of breeds. Loads representing other breeds than the three mentioned were eligible to compete in these classes. The winning loads of yearlings and two-year-olds were brought together to decide the grand championship. The new system worked satisfactorily and had the effect of increasing interest in the contest.

The carlot of fat cattle show this year was the most spectacular display ever brought out. After the sifting committee had completed its work a total of one hundred and eleven loads remained for the consideration of the judges. Ninety-three of these were yearlings, and eighteen were two-year-olds. There were forty loads of Herefords, thirty-seven of Aberdeen-Angus, fifteen of Shorthorn and one of Galloways in the yearling classes. Two-year-olds were composed of six loads of Herefords, seven of Aberdeen-Angus, and five of Shorthorn.

Mr. Henry B. DuPlan judged the two-year-olds; Mr. Fred Stemm the yearlings; and these two judges together

selected the Grand Champion. Mr. James Brown was the referee.

The Wisconsin Agriculturist told of the grand champion load as follows:

"The grand champion carload was a load of Angus steers and all but a couple were out of the breeding cows Mr. Hubly keeps for raising his steer calves. They are all purebred and are raised from birth according to a method he has found to be just about perfect.

"For the fifth time, John Hubly showed the grand champion carload of steers in seven years of exhibiting. His steers were bred and fed on his own farm, near Mason City, Illinois.

"This year he showed 60 head of Angus steers and all but five of the steer calf crop dropped on his farm in 1924. That in itself is a remarkable achievement to breed them and feed them good enough so that there are only five out of 65 not good enough for show purposes. Besides winning the championship on this load of yearlings this breeder-feeder showed the fourth and eighth prize loads of yearling Angus. Furthermore, he won second and fourth on two-year-old Angus and third and fourth on two-year-old Shorthorns.

"His yearlings were dropped in the spring. They ran with their dams the first summer on good pasture. The first winter they were carried over on corn, oil meal and clover hay. May 1, last, they went on grass and were continued on corn and oil meal with a little cottonseed meal added. They stayed on grass until October 1. On August 1 Mr. Hubly began feeding chopped new corn. The ears only were run through an ensilage cutter. They got all the corn

Aberdeen-Angus Yearlings. Owned by John Hubly, Mason City, Ill.

they would clean up daily besides two pounds each of cottonseed and oil meal. After October 1 alfalfa hay was substituted for the grass.

"Mr. Hubly fed his two-year-olds just the same except that they got some molasses feed to stimulate their appetites during the summer.

"This wonderfully uniform, evenly covered load of Angus grand champions, averaging 1,042 pounds, sold at \$43 a hundredweight, or a total of \$6,720.90. They were purchased by the New Palmer Hotel, Chicago, and will be served at the holiday season."

SWENSON SPECIALS

Swenson Bros., Stamford, Tex., duplicated all prizes won by "S. M. S." cattle in the regular classes.

HIGHLAND HEREFORD BREEDERS' ASSN. SPECIALS

The Highland Hereford Breeders' Association, Marfa, Tex., duplicated all prizes won by "Highland" cattle in the regular classes.

A PRIZE-WINNING LOAD OF HEREFORDS, 1925
Exhibited by J. G. Imboden & Son, Decatur, Ill.

FEEDER CATTLE

Geo. M. Babcock
Judge

A new arrangement was in effect this year, feeder cattle competing in either a western or eastern section instead of by numerous districts as formerly. The grand championship for feeder cattle was also reestablished. George M. Babcock, of Rock Island, Illinois, a well known cattle feeder, served as judge of these exhibits. The 25 entries furnished a valuable educational display.

Five carloads of Herefords took all of the prizes in the yearling class of the western section, the blue ribbon being given to the entry of Truesdale & McClenhan of Kimball, South Dakota. Three loads of Shorthorns and one of Angus from Alberta, Canada, and three loads of Herefords entered by Illinois exhibitors made up the rest of this class.

In the calf class of the western section, eight loads of feeders competed, six loads of Texas Herefords and two of South Dakota Angus. At the top was placed F. A. Mitchell's load of Highland Hereford calves, which are reported to be destined to reappear at the 1926 International as a fat carload entry from a well known Illinois feeder. In second and third positions were placed loads of Angus from the A. M. Mitchell herd of South Dakota, which has furnished strong contenders in this feeder show during past years.

The first prize yearlings were awarded the championship of the western section over the winners in the calf class.

The eastern section brought out only five loads as compared with twenty in the western section and these

were all calves, three Angus and two Herefords. The blue ribbon went to an outstanding load of Aberdeen-Angus contributed by Stanley R. Pierce of Creston, Illinois, well known breeder and feeder who captured the grand championship of the first International in 1900 with his famous steer Advance. A second load of Pierce's Angus were given the red ribbon and close below them were placed another load of blacks entered by W. H. Downey of Illinois. The two remaining positions were filled with attractive white faces from D. D. Casement's Juniata Farm in Kansas.

In the final try-out for the grand championship the Angus calves of the eastern section were given a preference over the Hereford yearlings of the western section.

EXHIBITORS

Baker, E. J., Milk River, Alta, Can.
Bell, Rodney, Paris, Ill.
Casement, D. D., Manhattan, Ill.
Downey, W. H., Aledo, Ill.
Hubly, John, Mason City, Ill.
Mitchell, A. M., Hecla, S. D.
Mitchell, F. A., Marfa, Texas.
Murchison, A. H., Menard, Tex.
Pierce, Stanley, Creston, Ill.
Truesdale & McClenhan, Kimball, S. D.

WESTERN SECTION

CLASS 241

Carload of 20 Head Feeding Steers or Heifers 1 Year
and Under 2

Awards

1st Truesdale & McClenhan, Kimball, S. D.
2nd Truesdale & McClenhan, Kimball, S. D.
3rd F. A. Mitchell, Marfa Texas.
4th John Hubly, Mason City, Ill.
5th John Hubly, Mason City, Ill.

Angus—Stanley Pierce, Creston, Ill.

EXCHANGE BUILDING

(Near which Carload Cattle Exhibits are penned)

COUNTY GROUPS OF CALVES

Frank Huffaker

(See "Feeder" section
for picture of Mr.
Babcock)

In order to improve the quality of market cattle bred on the general farms of the country, classes were provided for the first time this year in the carlot division for the purpose of encouraging the use of beef bulls on grade cows of dairy breeds and grade cows of other breeding, maintained for dairy purposes. This classification was established particularly to encourage competition among boys and girls, general farmers and dairymen.

Prizes were awarded to groups of five steer calves out of dairy cows, sired by purebred bulls of any one of the Shorthorn, Hereford, Aberdeen-Angus or Galloway bulls. To be eligible to compete, calves must have been dropped after October first of the preceding year.

Entries were judged in an open class in which all states competed. Groups not placing in the open class were judged by states, counties competing.

A trophy was awarded the representative in charge of the first prize exhibit in the open class.

George M. Babcock, Rock Island, Illinois, and Frank M. Huffaker, Jr., of Chicago, Illinois, judged the county calf groups entered this year. First prize was awarded to five Angus from Illinois, second prize to a group of Tennessee Angus, third to Wisconsin Shorthorns, and fourth to Tennessee Herefords. The remaining five groups were judged by states. The three groups which were awarded the Wisconsin state prizes were Shorthorns from Rock County shown by County Agent R. T. Glassco, the other two groups were Angus from Montgomery County, Tenn.

CLASS 247

Awards **County Groups of Five Steer Calves (Open Class)**

- 1st D. A. Brown, Aledo, Ill.
- 2nd P. A. Merriweather, Trenton, Ky.
- 3rd Grant County Farm, Lancaster, Wis.
- 4th J. M. Barker, Trenton, Ky.

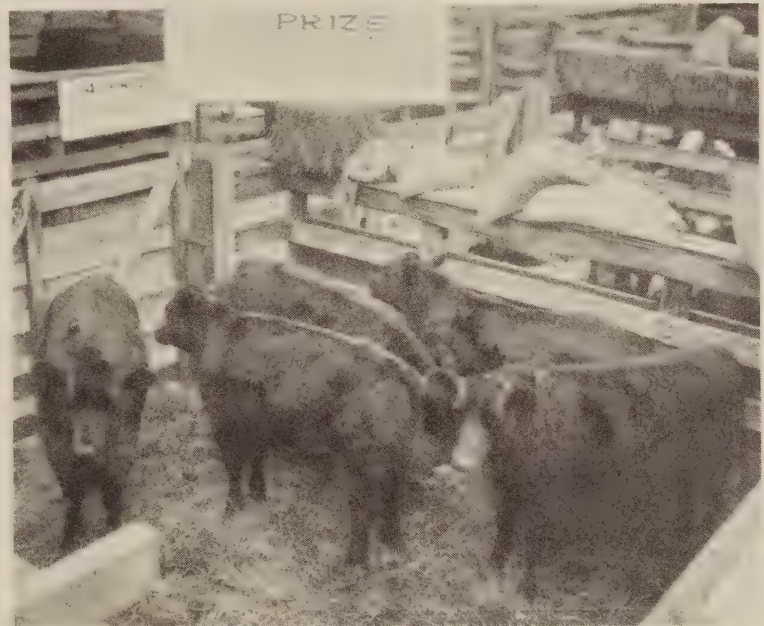

CLASS 248

State Class (Kentucky), Counties Competing

- 1st P. A. Merriweather, Trenton, Ky.
- 2nd R. L. Merriweather, Trenton, Ky.

State Class (Wisconsin), Counties Competing

- 1st R. T. Glassco, Janesville, Wis.
- 2nd R. T. Glassco, Janesville, Wis.
- 3rd R. T. Glassco, Janesville, Wis.

1st PRIZE COUNTY GROUP OF CALVES

Shown by J. C. Brown & Son, Aledo, Ill.

AUCTION SALE CARLOTS OF CATTLE

The Breeder's Gazette reported the auction sale of the grand champion steer and the carlots of cattle held Thursday of the show as follows:

"The disposal of the single grand champion steer, the usual preliminary, was sensational, the highest bid being \$3.00 a pound, paid by Armour & Co. for the account of the Biltmore Hotel in New York. After a somewhat spirited contest, the grand champion carload was also secured by Armour & Co., at \$43.00 a cwt. for the account of the Palmer House in Chicago. Both prices were records, and as the single grand champion weighed 1,560 pounds, it netted \$4,680, which is more money than any other fat steer ever realized in trade history. The grand champion load went over the scales at 1,042 pounds. . . .

"The average of the entire 111 loads was \$15.28, compared with \$15.79 last year, and \$14.51 two years ago. . . .

"Ninety-three loads of yearlings averaged \$15.25, against \$16.62 last year, and \$14.71 in 1923. Eighteen loads of 2-year-olds averaged \$15.47, against \$13.59 last year and \$14.03 in 1923. The relative positions of yearlings and heavier cattle were changed this year by the scarcity of the latter, and by the fact that they have been realizing a premium on the open market. . . . The top on cattle weighing 1,050 to 1,200 pounds was \$16.50; 1,200 to 1,350 pounds, \$18, earned by Mr. Hall's 2-year-old Aberdeen-Angus, and on 1,350 to 1,500-pound steers, \$16.25.

"The heaviest load in the show weighed 1,396 pounds, Mr. Kurth's 2-year-old Herefords. They realized \$15. The disappearance of extreme weights indicated the disposition of feeders to select 2-year-old cattle of the pony type.

"Aberdeen-Angus yearlings, 37 loads, averaged \$16.08, against \$17.13 last year and \$15.05 in 1923.

"Hereford yearlings, 40 loads, averaged \$14.81, against \$15.90 last year and \$14.47 in 1923.

"Thirteen loads of Shorthorn yearlings averaged \$14.41, against \$15.85 last year and \$14.19 in 1923.

"Six loads of 2-year-old Herefords averaged \$15, against \$13.04 last year and \$15.05 in 1923.

"Seven loads of 2-year-old Aberdeen-Angus averaged \$16.57, against \$14.52 in 1924 and \$14.75 in 1923.

"Five loads of 2-year-old Shorthorns averaged \$14.50, against \$13.87 last year and \$13.50 in 1923." Details follow:

SHEEP DEPARTMENT

D. M. Stack
Supt.

The improvement in the condition of the sheep industry was reflected in the show of breeding animals this year. The increased demand for pure-breds resulted in lighter entries being made in some of the classes. This was especially true of the aged ram classes, breeders finding such a ready outlet for this class of stock that but few were available for exhibition pur-

poses. The general quality of the breeding sheep was good, sheep men as usual bringing out creditable specimens to uphold the honors of their respective breeds. Canadian exhibitors were out in large numbers to compete with breeders from the United States and they carried home their share of the highest honors.

This department was ably superintended again by D. M. Stack, who this year had the efficient assistance of Claude Harper, Lafayette, Indiana.

THE SHROPSHIRE

Wm. A. Dryden
Judge

After the large Shropshire show at the 1924 International when Thomas A. Buttar of Scotland presided as judge, the showing this year was somewhat modest.

The American Sheep Breeder reported the show in part as follows:

"This year Will A. Dryden, Brooklyn, Ontario, tied the ribbons in a very acceptable manner. Only three aged rams were led out for his inspection, but they were good ones. Belvoir Stock Farms of Delaware, Ontario, topped the class with their aged imported Buttar ram which was champion at last year's show. He was a large, masculine ram, with a thick neck and a broad muzzle. Andrew's ram in

second place did not possess quite the scale of the Belvoir ram. There were seven yearlings. Chase Brothers of South Dakota won first and third. The winning ram was thick, blocky and well fleshed. The Andrew ram in second place was a little lighter of leg. The University of Minnesota presented two wonderful ram lambs to top a class of twelve. They were thick and had plenty of type. They were sired by McKerron's imported Buttar Caesar. The top lamb was a trifle fatter and had more character than the second lamb. Because of his superior development and scale the aged ram won the championship, with the lamb as reserve. In pens, the University of Minnesota was first with three lambs of much uniformity.

"The class of fourteen yearling ewes was somewhat uneven. J. C. Andrew won first with a beautiful, well-fleshed ewe of excellent type. She is the ewe that was champion at Ohio. The Belvoir ewe in second place was

thick neck and a broad muzzle. Andrew's ram in

INTERNATIONAL LIVE STOCK EXPOSITION

a little heavier in the leg. In the third place was a small tidy ewe from the University of Illinois. The fourteen ewe lambs lacked in uniformity. Andrew again won first on a lamb possessing plenty of quality and character. The pen of three ewe lambs also went to Minnesota on a beautifully fitted, uniform group. The yearling ewe was awarded the championship, with the lamb as reserve. The

Belvoir flock, headed by the champion ram, was awarded the blue, with Andrew second and Chase third. Andrew won the group of three yearling ewes. In competition for the shepherd's prize four shepherds led out pens of three. The veteran Tom Bradburne was awarded the first prize of \$35, with Jack Coyne of the Pennsylvania State College second."

SHEPHERDS' PRIZES

A friend of the "International" who wishes to reward superior skill, fine judgment and faithful devotion to duty on the part of the shepherds in preparing exhibits, offers two prizes, one of \$35 and another of \$15 to the shepherds fitting and exhibiting, respectively, the best and second best flocks of the three American bred Shropshires, any age, shown in the recognized Shropshire classes. General conditions and shearing alone to count in the awarding of these prizes.

- 1st Tom Bradburne (Andrew), West Point, Ind.
2nd Jack Coyne (Pennsylvania State College), State College, Pa.

CHAMPION SHROPSHIRE EWE, 1925, 603129
Owned by Jess C. Andrew, West Point, Ind.

THE HAMPSHIRE

According to the judge, Frank Brown of Carlton, Oregon, "the Hampshire breeding classes were the best lot of sheep I ever passed upon as a judge."

The ring of four aged rams brought the East and the West into conflict, an Oregon entry showing a little more scale was placed at the top.

The yearling ram class brought out five contenders and was headed by Thousand Springs Farm's compact, low, heavy-boned sire of great width which later became the reserve champion. The ram lamb class developed strong competition among the ten contestants. The winner was an outstanding son of Commander and kept on to the breed championship as he had done at other leading shows.

The superior handling qualities of Hamilton's pen of ram lambs gave them the preference over the other three contenders.

Sixteen yearling ewes composed a very uniform class. The top two positions were finally occupied by thick massed and well fleshed ewes from Thousand Springs Farm, the second prize winner having headed her class as a lamb at the 1924 International.

The largest class of the breed developed when nineteen ewe lambs were led out for the inspection of the judge. A stiff contest was staged between a thick blocky entry from Thousand Springs Farm and a pleasing Hamilton lamb out of the same ewe as the champion ram of the 1924 International.

In the championship contest the yearling was given the preference over the lamb from the same flock. Four groups of three ewe lambs each were arranged by the judge with Oregon and Idaho entries placed above sheep from Pennsylvania and Illinois.

Five flocks competed, Thousand Springs Farm finally being awarded the blue ribbon.

The Jervoise Trophy was removed from competition this year when Thousand Springs Farm won it for the third time. Hamilton won the Thousand Springs Cup for the second time, needing one more win to gain permanent possession.

The contest for the Shepherds' prize was the center of interest as the western entries were highly colored and the eastern were shown in their natural fleeces.

THE JERVOISE TROPHY

Mrs. B. A. L. Jervoise, Herriad Park, England, offered a silver trophy for the best pen of three yearling ewes exhibited at the "Inter-

national." This trophy must be won three times or twice in succession to become the property of the owner.

Won in 1920 by J. N. Camden.
Won in 1921 by Mrs. Minnie Miller.
Won in 1922 by A. R. Hamilton.
Won in 1923 by Thousand Springs Farm.
Won in 1924 by A. R. Hamilton.
Won in 1925 by Thousand Springs Farm.

THOUSAND SPRINGS CUP

Mrs. Minnie W. Miller, Thousand Springs Farm, Wendell, Idaho, offered a cup for the best pen of five ram lambs, to be bred and grown by exhibitor. Cup must be won three times or twice in succession.

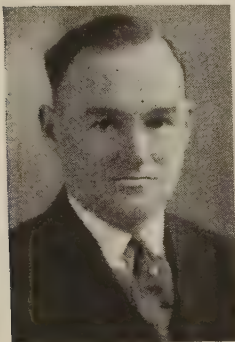

Won in 1923 by A. R. Hamilton.
Won in 1924 by Thousand Springs Farm.
Won in 1925 by A. R. Hamilton.

SHEPHERDS' PRIZES

For the three best fitted and trimmed ewe lambs or three best fitted and trimmed ram lambs, shown at the 1925 "International." Sheep shown to be bred and owned by the contesting shepherd or his employer. Only one shepherd from any one farm or flock to compete for these prizes. 1st, gold medal; 2nd, silver medal; 3rd, bronze medal.

1st Anson C. Hubbard (Hubbard), Monroe, Ore.
2nd John Goater (Hamilton), Pittsburgh, Pa.
3rd W. J. Hampton (Univ. of Illinois), Urbana, Ill.

THE OXFORDS

Samuel Breese
Judge

"While some of the classes were not as large as in past years' Internationals, I can say, however, that the type and quality was more pleasing, with very good individuals in every class," said Samuel Breese, of West Lafayette, Indiana, when he had finished judging the Oxford breeding classes.

In the aged ram ring, first honors went to a Canadian entry of Fleming's, with Chase Brothers' animal in second position.

The yearling ram class consisting of five contestants was headed by an Iowa State College ram, and later this yearling became breed champion. Thirteen ram lambs

composed the next class, which was headed by the University of Illinois' typey entry, destined to become the reserve champion of the breed.

The preference was given to Fleming's uniform, nicely fitted pen of three ram lambs over three other pens competing in the class.

Twelve yearling ewes were brought in the ring next, and Kizer's ewe was chosen for first award, second and third awards being won by Chase Brothers.

Fourteen ewe lambs was the largest class of the breed, and two ewe lambs of C. P. Kizer's, in first and second place, topped the list.

In the championship contest, Kizer's yearling was made champion ewe of the breed and his lamb given the reserve ribbon.

Five groups of three ewe lambs each, were considered by the judge, and Kizer's pen of three won first over John-

son Brothers, Hickorydale Farms and Iowa State College winning third and fourth respectively.

Six flocks contested in the final class and Kizer was awarded the blue ribbon.

THE LINCOLNS

Wade Toole
Judge

Prof. Wade Toole of the Ontario Agricultural College, who tied the ribbons in these classes, stated:

"A few of the classes were extra good. All tops were of excellent type and well finished. The uniformity of classes was noticeable."

Four aged rams were led out and Lee's flock won the blue ribbon, with a large, well-developed ram, having a strong top and handling well.

The same number of yearling rams answered the call and were led by a thick ram with an excellent fleece and plenty of breed character, shown by Lee. The winner stood fourth in the lamb class at the 1924 International,

while the lamb which headed the class at that time ranked third this year among the yearlings.

Two growthy well-fleshed lambs from the Lee flock were placed at the top of the line of nine ram lambs.

Lee's yearling showed a better top and fleece and smoother fleshing than his aged ram and was awarded the championship.

Lee's entries stood first and second in both the yearling ewe and ewe lamb classes of ten and eleven head, respectively, the yearling winner being given the preference over the lamb winner for the championship. The champion ewe stood second in class last year, and the animal which defeated her at that time and went on to the breed championship of the 1924 International had to be content with fourth place in the yearling class this year.

Lee captured all of the group classes with Robson & Goddard as runner up.

THE COTSWOLDS

John Miller
Judge

The breeding Cotswolds were judged by John Miller of Claremont, Ontario, who stated: "I found a very good show of this breed. The sheep were of good Cotswold type and extra good individuals headed each class."

The aged ram ring of four entries was topped by a nicely fleshed sheep from Anoka Farms, which continued on to the breed championship. Four yearling rams found their leader in a well fitted massive individual from Glaspell's flock, which became the reserve champion. A pair of Glaspell's youngsters headed the class of nine lamb rams.

Anoka Farms stood at the head of the ring of nine yearling ewes with a breedy individual, while Glaspell placed a pair of entries at the top of the line of eleven ewe lambs. The judge awarded the championship to the Canadian lamb.

Exhibitors stood the same in all the group classes with the Ontario sheep in the lead each time.

THE SOUTHDOWNS

In the opinion of the judge, P. C. MacKenzie, State College, Pennsylvania, the show of Southdown sheep in the breeding classes was of the highest calibre in type and quality, carrying good condition and excellent Southdown fleeces.

The American Sheep Breeder reported these contests as follows:

"There was much interest in the Southdown show. The uniformity of size and type in the individual exhibits and in the group classes caused much favorable comment. Judge MacKenzie worked faithfully in making awards and his decisions met with approval. Four aged rams presented an array of prize winners from different sections of the country. The Mountain Farm ram, which drew first award, was champion at the Eastern States Exposition. Larkin's ram, in second place, was champion at Ohio and Indiana. The six yearling rams were remarkable for their uniformity. McEwen's ram, in first place, was first and champion at Toronto. He was a ram of excellent type and quality. The fifteen ram lambs presented a very difficult problem for the judge. There was some variation in size and type, but on the whole it was a remarkable ring. There was much ringside comment to the effect that never before had the International seen a ring of lambs as good as this. Larkin won first, fourth and fifth. The winning ram was a little lighter of color and stronger on his feet than the strong-headed, big-boned McEwen lamb in second place. The Mountain Farm lamb, in third place, had many backers because of his excellent type and attractive appearance. Many good lambs had to be left out of the money. Larkin's uniform pen of lambs was awarded the blue, with McEwen second. The championship went to the aged ram. He has been champion wherever shown this year. Reserve went to the yearlings.

"The fourteen yearling ewes were uniform in type and style. A thick, blocky ewe won for Mountain Farm. She had won at six fairs in Massachusetts this year. McEwen's ewe, in second place, possessed plenty of type. She was the champion at Toronto. Third went to a nicely fitted ewe from the University of Minnesota. Seventeen ewe lambs gave the judge another problem. Five wonderful lambs were drawn out to receive the prizes, but there were many other worthy ones. These five tops were all of the same type and conformation and were very close. A smooth, tidy lamb, with a good fleece and excellent type, was selected from the Larkin entries to head the class, with a pen-mate in second place. A Mountain Farm lamb, with one of the best heads in the ring stood third. Larkin's pen of lambs was unbeatable. The winner of the flock prize received, in addition, the Southdown Sheep Society of England Trophy. For the championship the lamb won over the yearling as she had previously done at Springfield, Mass."

SOUTHDOWN SHEEP SOCIETY OF ENGLAND SPECIAL

In order to further the interests of the breed in the United States the Southdown Sheep Society of England offers a Silver Challenge Cup, value 25 guineas, for the best flock (one ram, two shearling ewes and two ewe lambs) of pure-bred Southdown sheep exhibited at the International, belonging to a member of the American South-

down Breeders' Association. Cup to become the property of exhibitor winning it three times in succession, or five times at intervals. This Society will also give a silver medal to the winner each year.

Won in 1923 by John D. Larkin.

Won in 1924 by Robt. McEwen.

Won in 1925 by John D. Larkin.

CHAMPION SOUTHDOWN RAM, 1925, 45010
Owned by Mountain Farm, Bradstreet, Mass.

TYPE OF SOUTHDOWN EWE

THE CHEVIOTS

E. E. Gifford
Judge

Breeding Cheviots were judged by E. E. Gifford, Cooperstown, New York, who stated: "While the show was not large, it was full of quality. Never in the past seven years has there been more type than was displayed this year."

The leader of the ring of five aged rams proved to be the breed champion. He had won similar honors at the Indiana State Fair. The champion ram of the 1924 International again competed in this class but was forced to give way to younger rivals. Harris & Sons topped the ring of four yearling rams with their last year's prize lamb. Another entry from the Harris

flock stood in the lead of the quartette of ram lambs and later was awarded the reserve championship.

Five yearling ewes answered the call and the judge gave the blue ribbon to Harris & Sons' beautiful ewe which had been heading her class on the state fair circuit. The same number of ewe lambs were led out and the awards made the same as in the yearling class. The first prize lamb had a fleece of extraordinary length and quality. The yearling won the championship honor over the lamb.

All the group classes were won by Harris & Sons' entries with Clark in the second position.

THE DORSETS

The Dorset breed was well represented by a good show of creditable specimens. The judge, Henry W. Brock of Alfred, Maine, stated: "All classes were well filled with animals of excellent quality. The ewe classes were a little better than the ram classes. In all it was the best Dorset exhibit that I have ever seen."

Chase Brothers captured first prize in the ring of four aged rams over Oklahoma A. & M. College's Kansas City champion. The Oklahoma institution came back in the yearling ram class and won first in a field of five entries with a ram of beautiful type and finish, which proved later to be the breed champion. Heart's Delight Farm brought out the winning rams in both of the lamb classes, of five each, the older of which was awarded the reserve championship.

Seven yearling ewes presented a uniformly well fleshed

class, topped by a pair of neat typey ewes from Heart's Delight Farm. This New York breeding establishment also headed the ring of eight senior ewe lambs with a thickly fleshed individual of nice type, which was awarded the reserve championship. The breed champion was found among the ten junior ewe lambs. She had been champion at Kansas City and was a twin to the reserve champion Dorset wether of the 1925 International. The flock classes went to Heart's Delight Farm and the pen of lambs contest to the Oklahoma A. & M. College.

THE RAMBOUILLETS

W. C. Coffey
Judge

"The Rambouillet breeders fittingly celebrated the recent large sale of sheep to Russia by making the largest show of any of the breeds. There was much interest in the work of the judge, Dean W. C. Coffey of the University of Minnesota. The sheep that he picked for prize winners had to be producers of both wool and mutton. Dean Coffey said, "I consider this to be the best show of Rambouillets that has ever appeared at the International. The fitting of most of the animals was commendable and the quality of the show as a whole superb. This was one of the greatest Rambouillet shows in the history of the breed in this country. The Rambouillet is greater today than it ever before has been and the greatest specimens of the breed are in this country." Eleven aged rams were headed by a Bullard entry with marvelous character of fleece. This ram was second at Portland. He was sired by the \$3,000 Ted and was out of a Bullard ewe. The Purdue University ram in second place had a better body than the top ram. He was last year's reserve champion. King's yearling ram was first in a ring of fourteen. He was champion at the Royal, was second here last year and first at Ogden. He is a grandson of Pride of the West. He carried refinement of wool over all parts. Bullard topped the lamb class with a good lamb of excellent type and fleece. He was followed by a good lamb from the Oklahoma College. There were 26 lambs shown. The pen of lambs went to Bullard on a nice uniform lot. They were closely followed by the King entry. The champion ram was the King yearling.

Prof. Coffey's comment on King's champion was 'A great ram in the greatest Rambouillet show ever held in America, the ram easily earning his place.' Bullard's aged ram was reserve.

"Eighteen yearling ewes made a beautiful ring. When the smoke of battle had cleared away the Bullard entries stood first and third, with King second. They were a wonderful trio with good bodies and excellent fleeces. The third prize ewe was first and champion at the Pacific International. She was fourth as a lamb at Chicago. The first prize ewe was of straight Bullard breeding. The University of Illinois entry headed the lamb class of 25. The uniform pen from Illinois won first. They were all sired by an Arn ram. Bullard's second pen were all granddaughters of Monarch. The yearling ewe won the championship, with the lamb as reserve. Bullard's winning flock contained a combination of prize winners that was hard to beat. King's good flock stood second. Five pens and four flocks were shown."—American Sheep Breeder.

THE FAT SHEEP DIVISION

"The prevailing high prices for market sheep and lambs have stimulated and materially widened the ringside interest in our sheep show. An overflow audience followed closely the work of the judges in this section. The management is to be congratulated upon having such an able corps of judges. The work was exceptionally well done in all breeds."—CHICAGO DAILY DROVERS JOURNAL.

"In keeping with International traditions, much interest was manifested in the show of fat wethers. At no time during the judging, which began Monday morning and continued until Thursday evening, was so much interest shown at the ringside, with the possible exception of the period in which the arena was occupied by Dean W. C. Coffey and the Rambouillets.

"Nearly 250 fat lambs and yearling wethers were brought into the ring to permit the judges to find the one nearest the ideal of perfection for grand championship honors. Nearly all of this array consisted of medium-wool purebred, crossbred and grade sheep, less than 2 dozen long-wools appearing. More than half of the fat wethers were lambs. The largest single class was 28 grade and crossbred lambs. The Southdown youngsters followed with 26 shown.

"The breed champions of the Shropshire, Hampshire, Oxford and Dorset breeds were yearlings, while lambs won the purple for the Cheviots, Southdowns and grades and crossbreds."—THE BREEDER'S GAZETTE.

THE SHROPSHIRE

"The general average of the Shropshire wethers was very good," stated Will A. Dryden, Brooklin, Ontario, who served as judge. "The several winners were very high class. The champion, a yearling, was a very complete animal and the lamb which stood in reserve to him was a close follower."

A uniform class of nineteen yearlings was headed by a smooth, evenly-fleshed, symmetrical wether from the Andrew flock. He was made the breed champion and went on to the reserve grand championship of the show.

Another ring of nineteen entries was brought out in the lamb class. A well finished individual with a very sweet top was chosen for the leader. He came from the same flock which produced the grand champion wether of the 1924 International and pushed the winning yearlings hard for the championship honors of the breed.

Four pens of lambs competed in the final class, representing as many different state agricultural colleges. Purdue University's entry was very uniform in type and finish and was awarded the blue ribbon.

CHAMPION SHROPSHIRE WETHER, 1925, 624884
Owned by Jess C. Andrew, West Point, Ind.

THE HAMPSHIRE

"Frank Brown, of Carlton, Oregon, officiated as judge of the Hampshire wethers. Fifteen yearling wethers presented one of the most uniform classes of Hampshires ever seen at the International. The top five wethers were among the best, from the standpoint of type and finish, that have ever been shown in the International judging ring. Purdue University won first and third, University of Wisconsin second, the University of Kentucky fourth and the University of Illinois sixth. These five wethers were all so nearly alike that it is quite probable that no two judges would have agreed on their rating.

"The ring of twenty wether lambs was not nearly as uniform as the ring of yearlings. The University of California was awarded first prize on a smooth, thickly fleshed lamb. . . . In the pen classes, the Purdue entry in first place was a little more uniform in type than the Kentucky pen in second place, but the Kentucky lambs were much more highly finished than the Purdue lambs. The yearling defeated the lamb for the championship."—**AMERICAN SHEEP BREEDER.**

According to Judge Brown, "The winning yearling wether lambs were the best finished and fleshed individuals I have ever judged."

Owned by Purdue University, LaFayette, Ind.

THE OXFORDS

"The Oxford wether show was not as large as at the 1924 International, but the champion wether was the best individual I ever saw or placed in this breed at the International," commented Judge Samuel Breese, of West Lafayette, Indiana.

Ten yearling wethers were arrayed before the judge for inspection. This was the only breed in which more yearlings were exhibited than lambs. The leading pair from Iowa State College were twins. The first prize winner was a great-backed sheep, wide, thick and firm. He was awarded the championship over the Canadian lamb which stood at the top of the class of four youngsters. Johnson Bros.' trio of lambs which stood in the first three positions in the lamb class were awarded the pen contest.

Owned by Iowa State College, Ames, Iowa.

THE LINCOLNS

John Rawlings
Judge

Five yearling wethers represented a very useful lot of sheep as to type and quality but lacked flesh, according to John Rawlings, Wheaton, Illinois, who again served as judge. The winner stood second in the lamb class last year while the second prize winner this year headed the lamb class and was made reserve breed champion of the 1924 International.

The lamb class brought out nine contestants which the judge described as, "a very breedy lot, showing good wool and breed character, but lacking in finish."

Lee's yearling and lamb met for the championship and the purple ribbon was awarded to the older animal which in the opinion of the judge, "was a very nice type of Lincoln but would stand a little more flesh."

THE COTSWOLDS

While the Cotswold fat classes were rather small, Judge John Miller of Claremont, Ontario, stated that he found some very good sheep in each class. Five yearlings were headed by Lee's entry which later was made the breed champion. At the 1924 International this animal won the lamb class and was made reserve champion for another owner. Glaspell won the first three places in the lamb ring and also captured the pen award.

THE CHEVIOTS

In the words of E. E. Gifford, Cooperstown, N. Y., who made the official adjudications in these classes: "It was the biggest Cheviot wether show ever staged at the International. It was of the finest quality throughout. The champion was the best fleshed Cheviot lamb ever exhibited in this country."

Seven yearlings furnished keen competition and when the final alignment had been made the small neat entry from the University of Kentucky was awarded the blue ribbon. Last year's first prize lamb from the same institution landed in fourth place below two from the Pennsylvania State College.

The ring of seventeen wether lambs was sensational. A pair of remarkably well fleshed lambs from the Pacific Coast headed the class. The neatness and wonderful fleshing of the leader carried him on to the breed championship. This was the first time since the early years of the International that a lamb has been awarded this high honor in the Cheviot classes. With this outstanding individual as a pivot the University of California was able to win the pen of three class over the University of Kentucky.

Owned by University of California, Davis, Calif.

THE DORSETS

Henry W. Brock, Alfred, Maine, who served as judge of the fat classes remarked: "I think that the Dorset wether show was the best that I have seen at the International. The yearling wether was in fine flesh and the wether lamb was very good, both in style and size."

Eight yearling wethers presented a good-typed, well-conditioned lot. Heart's Delight Farm headed this class with an entry that continued on to the breed championship. Last year's champion from the same flock stood fourth in this class this time. Oklahoma A. & M. College took the highest honors in the ring of thirteen lambs and later the reserve championship with a twin of its champion Dorset ewe. The Oklahoma entries also won the pen class against two other contenders.

THE SOUTHDOWN

Prof. E. L. Shaw, Ashley, Ohio, who passed upon the fat Southdown classes stated:

"This was the best Southdown wether show ever held at the International. In both the yearling and lamb classes, excellent sheep not only stood at the top, but well down the line. The winning yearling wether was of model conformation and well fleshed in all parts. Anyone of the first three wethers could have topped the class with credit to the breed. A beautiful handling lamb from California headed the lamb class. He was the best handling wether I have ever judged. This lamb had to be handled to be fully appreciated. The second prize lamb from the noted McEwen flock was a model in conformation and with a little more fitting would be a real contender for higher honors. The California lamb was made champion Southdown wether and later grand champion of the show."

Twenty-one yearlings, twenty-six lambs and seven flocks competed.

THE SUFFOLKS

Professor H. L. Garrigus, Storrs, Connecticut, passed upon the fat Suffolks exhibited by the University of Kentucky. That institution showed a group of lambs at the 1924 International and this year brought out yearling representatives of the breed.

CLASS 140

Wether, 1 Year and Under 2

1st University of Kentucky, Lexington, Ky.
2nd University of Kentucky, Lexington, Ky.

CLASS 142

Champion Wether

University of Kentucky, Lexington, Ky.

THE GRADES AND CROSS BREDS

E. L. Shaw
Judge

Prof. E. L. Shaw, Ashley, Ohio, once more officiated as a judge of these classes and issued the following statement:

"The grades and crosses brought out some excellent wethers, especially among the lambs. The yearling class presented more variety in type and conformation. The yearling wether heading the class was an especially well fleshed sheep, but was somewhat on the heavy shrinking type. Several yearlings needed better back covering. The lamb class was especially good. The winning lamb was an excellent handler, being well covered in all parts. Most of the lambs near the

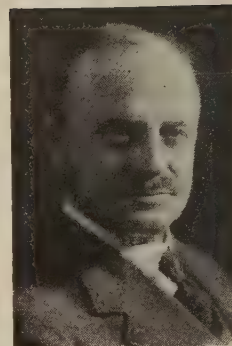

top handled good and looked well in the line-up."

Nineteen yearlings and twenty-five lambs were brought out. Five pens of yearlings and eight pens of lambs com-

peted. The championship was awarded to the Kansas Shropshire-Southdown cross bred lamb.

The long wool types were again passed upon by Prof. H. L. Garrigus, Storrs, Connecticut. This year ten yearlings and nine lambs were brought before him for adjudication, also three groups in each of the pen classes. All firsts were won by Lee's flock from Ontario as last year, the championship again going to his yearling entry.

In commenting upon the classes Prof. Garrigus said: "The long wool grade and cross bred show was not large, but of excellent quality. The tops especially were to be commended. A fairly high degree of perfection was maintained throughout the classes."

THE GRAND CHAMPION

"The task of selecting the grand champion wether was admirably done by two of America's best trained and highly efficient men, Prof. E. L. Shaw, Ashley, Ohio, and Prof. H. L. Garrigus, Storrs, Conn. The competition was very keen, the final decision close, but it met with unanimous approval of both exhibitors and ringside critics. These two gentlemen have worked together on this work for some five consecutive years and their efforts have been highly satisfactory and of truly educational value. It has been constructive work.

"Five breed champions and the champion of the grades and crosses were in the final line-up. A yearling Shropshire wether shown by Jess C. Andrew of Indiana, a yearling Oxford wether from the Iowa State College, a yearling Hampshire wether from Purdue University of Indiana, a Cheviot lamb and a Southdown lamb from California University and a cross-bred Shropshire-Southdown lamb from

the Kansas State Agricultural College. It was a battle royal.

"The judges after a very careful inspection and brief consultation declared the California Southdown lamb as grand champion and the Andrew Shropshire yearling wether as the reserve grand champion.

"The winner, the Southdown lamb, bred, fed and exhibited by the University of California, was pronounced the best fat wether ever shown at any International. This lamb had correct type, wonderful width and depth of body with a very heavy leg of mutton.

"The flesh was thick, evenly distributed and firm in touch on all parts of the body. It is really a wonder lamb.

This lamb is ten months old, weighs 107 pounds and was a triplet, as it has a brother and sister back on the college farm. The three lambs suckled the month from birth until weaning time June 13th.

"With the other sheep of the college flock they had the run of a good alfalfa and sedan grass pasture. By the time the lambs were six weeks old they had access to a grain ration composed of two parts oats and one part bran, supplied in the lamb creep.

"After June 15th this lamb was confined to a shed during the day and on a sedan grass pasture at night. The grain ration was composed of oats two parts, barley one part and bran one part, with nice fine alfalfa hay as roughage. After October first the lamb was confined to the shed night and day, fed alfalfa hay, cabbage, carrots and a grain ration of six parts oats, three parts barley, three parts bran and one part oil meal. With the other show lambs it was driven about one-quarter of a mile each morning and night for exercise to invigorate the appetite and make the flesh firm on all parts of the body.

"Too much credit cannot be given to the college shepherd, George Philip, who for 12 years has been the man behind the college flock.

"The reserve grand champion wether is one of the best yearlings ever seen here. His weight, 158 pounds, was somewhat of a handicap in the eyes of the judges, as they figured that a well finished, ripe lamb more nearly conformed to present day market demands."—Chicago Daily Drovers Journal.

Prof. Garrigus stated: "The class for grand champion wethers brought out the strongest tops that I have passed on. The grand champion was a particularly satisfactory lamb, very evenly fleshed and just firm enough. He was followed by an excellent Shropshire yearling."

DRESSED CARCASSES OF SHEEP

(Any Breed, Grade or Cross)

Robert Lorimer
Judge

"It is the best exhibition of lamb and mutton that I have ever seen," said Robert Lorimer, Evanston, Ill., after he had finished judging the entries in a very satisfactory manner. The overfat, wasty ones were missing this year. In the yearling class Iowa State College won first on a Southdown of excellent quality and conformation. The large eye of mutton carried an even distribution of fat through the lean. The University of Wisconsin won second and third on two Southdowns that were very close. They carried the finish, but did not show the quality and marbling found in the Iowa entry. A Shropshire shown by Iroquois Farm, Cooperstown, N. Y., won fourth. This carcass was just a little better developed over the leg and loin than the Southdown which was placed fifth. The fifth-prize carcass was exhibited by Ohio State Uni-

versity. It was also a little more wasty than the Iroquois entry.

In the lamb class the carcasses were close. The University of Wisconsin won first on a 53-pound Southdown carcass which carried a well-developed leg and loin, with just the right proportion of fat to lean. The fat was white and firm. The lean was especially well-marbled. This carcass later won the championship. A Southdown shown by Robt. McEwen, London, Ont., Can., was a close second. It did not carry quite so much finish and the eye of lamb was not quite so large as the Wisconsin entry. The Canadian carcass was later made the reserve champion. The University of Wisconsin won third on another Southdown which was placed over a Southdown shown by Clark Sisters, Janesville, Wis. The two were very close. The fourth-prize carcass did not show quite so much quality as the Wisconsin entry. The University of Wisconsin won fifth on another Southdown that lacked just a little in the development of the high-priced cuts.

Swift & Co. dressed and exhibited the sheep carcasses. The champion lamb carcass was purchased for \$8 a

CARLOADS OF FAT SHEEP

J. M. Horan
Judge

J. M. Horan who again officially passed upon the carloads of sheep made the following statement in the American Sheep Breeder:

"The exhibits of lambs this year were of exceptional quality and competition among the top loads was intensely keen. In the native lamb division all of the four first prizes went to Southdown loads, which speaks highly of the meat producing qualities of this wonderful breed. It was an extraordinary difficult job to place the two best loads, both of which exhibited a very similar degree of quality. First honors were finally placed on the load exhibited by Mc-

Ewen of Ontario, Canada, because his lambs were of a somewhat handier weight and also slightly better finished than his neighbor's, Mr. Brodie, who got second prize. The grand champions made a very good percentage, yielding 56 per cent of meat. They were fed roots, rape and small grain, but no corn. Both third and fourth prize went to Mr. Miles of Evansville, Wisconsin, for two loads of very good lambs of a quality and finish that speaks very highly for the abilities of the exhibitor. The fourth prize carload averaged 75 lbs., but yielded only 49 per cent.

"In the western division, first prize went to Purdue

University for a wonderful load of lambs, raised in Idaho by Wood Livestock Company. Considering the time this load was on feed, it was remarkably well finished at an attractively light weight. Fred Baker of Kansas City took second prize on a load of lambs that also won second honor at the Royal Show in Kansas City. Third and fourth prize went to Swan Land & Cattle Company of Wyoming and Glenwood Sheep Company of Illinois, respectively. Both of these loads were highly creditable exhibitions of breeding and feeding skill."

Sixteen carloads constituted the sheep show, nine of these being native lambs, five western lambs and one load each of native and western yearlings.

A new class was inaugurated this year for carloads of grade lambs out of range bred ewes by pure bred registered rams of one breed. The lambs must have been dropped on or after February 1st of the year of the show and their dams must have been grazed west of the 38 degree longitude during the previous year. First prize in this new class was awarded to Purdue University's load of Hampshires which were typical cross bred western stock, furnishing an excellent demonstration of the possibilities of short feeding. Second and fourth places went to Chase Brothers' entries in the native lamb class, while third prize was given to the Swan Land & Cattle Company's third prize load of the western lamb class. In fifth place stood a load from the University of Minnesota which had competed in the native lamb contest.

PRESIDENT CLAY'S AND PACKERS' SPECIALS

Four hundred dollars was donated for grand champion, reserve grand champion, 3rd and 4th prize carloads of sheep or lambs, of which John Clay contributed \$250, Armour & Company \$50, Swift & Company \$50 and Wilson & Co. \$50. The prizes were as follows: 1st, \$250; 2nd, \$75; 3rd, \$50; and 4th, \$25.

1st Robt. McEwen, London, Ont., Can.

2nd C. J. Brodie, Stouffville, Ont., Can.

3rd W. G. Miles, Evansville, Wis.

4th Purdue University, Lafayette, Ind.

SALES OF CARLOTS OF SHEEP

"The sale was above criticism. The grand champion load of lambs sold at \$30. Fourteen loads went at a range of \$16.25@ \$30, with an average of \$19, against \$20.85 in 1924. The Brodie load sold at \$27.50, and the Miles load at \$19.50, the Purdue University exhibit making \$18.50. The average was cut down by the presence of several tail-end lots. Two loads of yearlings sold at \$12.50 and \$12.75."—The Breeder's Gazette.

The winning loads in both native and range lamb classes each weighed 89 pounds. Fourteen loads of lambs weighed from 84 to 95 pounds, averaging 89 pounds. The two loads of yearlings weighed 126 pounds and 99 pounds.

SWINE DEPARTMENT

J. M. Handley
Supt.

"The eight breeds of swine on exhibition furnished a center of interest for hog enthusiasts each forenoon. Each day, however, the judges were able to finish their work before noon. This was made possible by the fact that none of the classes were excessively large and by the fact that all work in connection with handling the hog show was accomplished with quickness and dispatch. The man-

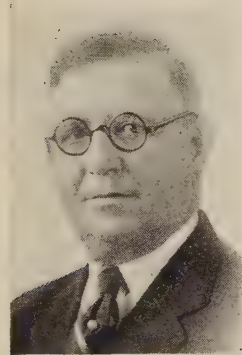

agement of the swine show deserves congratulations for its efficiency. The fact that the date and hour of judging each breed had been published enabled visitors who could attend the show only for a day or two to be there at the time their favorite breed would be in the ring."—The Iowa Homestead.

Dr. J. M. Handley once more served as superintendent of the swine department and managed the detail work to the complete satisfaction of every one.

THE BERKSHIRES

The display of breeding Berkshires made a pleasing exhibition of about fifty representative individuals. According to Wyman E. Lovejoy, Roscoe, Illinois, who again served as judge, "while not large, it was uniform and of good quality throughout."

Last year's grand champion boar came back again in other hands and went on through the aged class to the purple ribbon once more. He is strong in breed type, well developed and a most excellent individual in all respects. The junior championship went to the junior pig, also from Corey Farms.

W. N. Lovejoy
Judge

As a whole, the sows were a better lot, both in quality and in conformation. The champion

sow was a very smooth individual with plenty of bone and scale, and met with the approval of the Berkshire fraternity. She was the winner in the senior sow pig class, while the reserve grand champion came from the aged sow ring, both belonging to A. W. Bemiller & Son, Wakarusa, Indiana.

Grand Champion Berkshire Boar, 1925. Owned by
Corey Farms, New Haven, Mich.

THE POLAND CHINAS

Burlie Dobson
Judge

Allerton Farms, Monticello, Illinois, featured the exhibit of breeding Poland Chinas by bringing out a good sized string of quality hogs, including a number of prize winners at former shows. The awards were placed in a very satisfactory manner by Burlie Dobson, Lancaster, Wis. His task was rather difficult in some classes because of the different types represented. Mr. Dobson stuck to the big type with quality—the kind that furnished grand champion barrow and pen of barrows at this Show. It is the same type that is making the Poland Chinas so popular because of its winnings in ton litter contests.

Exhibitors found that the International Live Stock Exposition offered an ideal place to display representatives of the breed before thousands of breeders and stockmen.

THE DUROC JERSEYS

L. D. Stewart
Judge

L. D. Stewart of Tipton, Indiana, tied the awards.

In the breeding Duroc Jersey division there was a most wonderful display of real brood sows and competition in all of the classes was quite keen, owing to the fact that four full herds were in the entry list. The grand champion boar was a deep-bodied, smooth individual and would be recognized as a valuable herd-header in any ring contest. He has size and smoothness and plenty of masculine characteristics to recommend him to lovers of good boars. The grand champion sow was an outstanding individual in eight shows before coming to the International and is as near a perfect sow as Duroc breeders have ever produced.

THE CHESTER WHITES

H. A. Derenthal
 Judge

"The breeding classes were not heavy but the exhibitors were among the best that the breed affords and the quality of the show was unusually good. Herds were there from Michigan, Ohio, Illinois and Iowa. Chas. Richert captured the grand champion boar prize on his aged boar, a son of Giant Prince, the National Swine Show grand champion boar of this year. The boar is a very good reproduction of his sire. A. J. Vizedom won reserve champion boar on his good junior yearling, The Sparkplug.

"Miss Imprint was beaten for grand champion sow prize by Giant Princess, also the get of Giant Prince, National grand champion boar owned by Frank E. Sheerer. Giant Princess is the senior yearling sow shown by Kegiwin & Son at the National, where she won first and reserve grand champion. Allerton Farms purchased her after the National and showed her at the International. Miss Imprint was first prize aged sow.

"Albert H. Stuart won both junior champion prizes.

The Star Pointer, his new junior boar pig, walked away with the junior championship of the boar classes, and Valley Monster, his sensational senior sow pig, captured the junior champion sow prize. Hickman & Son did consistent winning."—The Chester White Journal.

"While the boar classes were not up to standard, the sow rings were hard to beat and the grand champion sow was the best individual I ever saw," commented H. A. Derenthal, Wykoff, Minnesota, after completing his work as official judge.

TYPE OF CHESTER WHITE SOW

THE HAMPSHIRE

C. Messenger
Judge

Two Ohio, one Illinois and one Iowa herds furnished the show of breeding Hampshires. The McKenzie entries from the Buckeye State captured most of the blue and purple ribbons. Iowa's sole exhibit was a senior yearling sow, faultless in type, which missed the grand championship only by a narrow margin.

The judge, Clayton Messenger, Keswick, Iowa, remarked that the sow classes were exceptionally good.

TYPE OF HAMPSHIRE SOW

THE TAMWORTHS

E. F. Ferrin
Judge

Professor E. F. Ferrin, of the University of Minnesota, who again acted as arbiter in the breeding Tamworth contests made the following observations:

"The Tamworth sow classes were exceptionally good. Two choice aged sows were shown, one by Allerton Farms and the other by Harris Farms. The under-a-year and spring gilt classes were also good, more competition developed in several classes than last year."

The Iowa Homestead reported: "The Tamworths have advanced in the showing they are making at the International. In the early days of the big show, a bacon hog was little more than a curiosity to

corn belt farmers. Now the breed has become one of the established features of the show. As is usually manifested at one of the big shows, there are quite a number of farmers becoming interested in this breed. Very likely the showing made at the International each year has helped to bring about this condition which is so satisfactory to the Tamworth breeders. The classes were not largely filled but were sufficient to give the visitor an opportunity to observe good Tamworth type in its different ages and classes. Tamworth breeders were well pleased with their show."

THE YORKSHIRES

Lew P. Reeve
 Judge

"The exhibit of breeding Yorkshires was not large but the individuals were representative of the breed. What was lacking in numbers was made up in individuality.

"The aged sow class was especially strong, the four top sows in this contest having been winners at other shows. They were first class from every standpoint.

"Mr. B. F. Davidson, the leading breeder of Yorkshires in the United States, is to be congratulated for his attempt to maintain the correct type." Statement issued by Lew P. Reeve, Austin, Minnesota, official judge.

THE SPOTTED POLAND-CHINAS

W. W. Smith
Judge

Two Ohio exhibitors brought out a modest display of breeding Spotted Poland-Chinas. The veteran showman, Walter E. McCoy, of Washington Court House, had the most contenders and carried off the blue ribbons in the older classes, as well as the sow grand championship. Herbert M. Vincent, of New Holland, was also back again and made a strong showing in the classes where represented. His entries headed the junior boar pig class, four of the group classes and captured the boar grand championship.

McCoy's first prize junior yearling boar was grand champion at the 1924 International.

The awards were made by W. W. Smith, Lafayette, Indiana.

FAT SWINE DIVISION

"This year's barrow show was the largest and most representative exhibit of its kind on record. . . . The entries were presented for the most part in full bloom, and showed a liberal feed of the season's bountiful corn crop. Few barrows could be faulted for lack of sufficient condition to make them acceptable in their respective weights. What few tail-enders were present were more numerous in the lighter weights than elsewhere. Clean-cut, well-grown, meaty barrows were in general favor with the judges. 'What chance would this barrow have of commanding the

top price on the market?' was one of the foremost questions that judges kept in mind."—The Breeder's Gazette.

As usual the fat swine show was one of the leading features of the Exposition. The colleges were strongly represented and carried off the lion's share of the coveted awards. Many of these prize winning college barrows were the result of co-operative effort on the part of individual breeders who carried them up to a certain stage, and the colleges who finished and showed them. The various contests developed as close competition as at any recent Internationals.

THE BERKSHIRES

E. J. Barker
Judge

E. J. Barker, Thorntown, Ind., made the official placings in these classes and stated:

"The exhibit was by far the best I have ever seen and as judge of these classes at five former Internationals I feel free to make this statement. There were no bad ones in the ring and they all indicated not only good fitting, but also good type."

The Breeder's Gazette reported:

"Berkshire breeders may well feel proud of the display of fat barrows. The hogs that were 'outside the money' could not be faulted for deficiency in market type. It was generally agreed at the ringside that no

poor hogs were shown. In most cases the entries showed generous fitting. Old-timers praised the exhibit as the best of any International. Three agricultural colleges, representing Indiana, Kentucky and Pennsylvania, were the championship winners. The latter produced the champion individual barrow, which was among the 20 heavyweights.

This hog wore the reserve champion ribbon of the show. Purdue followed closely in second and third on two good barrows. The title-holder was heavier finished, fuller in the ham and slightly evenner from end to end than the second hog. The 31 medium weights were of choice quality, but a few showed to disadvantage because they were in the lower levels of the weight classification. They should have possessed more growthiness to successfully compete with the heavier barrows. The class of 22 light weights was uneven in size."

THE POLAND CHINAS

This good showing of 92 barrows was a contest of the Colleges. The Oklahoma A. & M. College was a close contender with Iowa State College for first place. Minnesota, Wisconsin, Nebraska, Colorado, California, Ohio and Pennsylvania furnished interesting competition. The awards were placed by Burlie Dobson, Lancaster, Wisconsin, a practical breeder and showman of Poland Chinas.

The champion barrow was bred by H. M. Meneough, Grimes, Iowa, and was fed and shown by Iowa State College.

This barrow was later made grand champion over all

breeds. Regarding this barrow, we quote from Prof. H. H. Kildee as follows: "He impressed one first of all with his style, his balance and symmetry, and his appearance of smoothness and mellowness of fleshing, and his trimness and freedom from waste. He was described by several reporting the live stock show as a packer's ideal type from the standpoint of conformation, mellowness of fleshing and freedom from waste. This, in spite of the fact that he weighed 440 pounds, and was therefore heavier than the packers prefer."

Awards

THE DUROC JERSEYS

Durocs have presented one or two stronger shows in numbers in recent years in this great barrow contest but very few shows with as good individuals from which to pick the tops. The champion barrow from the University of Illinois exhibit was of splendid type and well fleshed and

about as good a barrow as has stood at the head of the breed show here in recent years. The same college won the champion pen also with a high class trio.

The placings were made by L. D. Stewart of Tipton, Indiana.

THE CHESTER WHITES

E. Z. Russell
Judge

"I regard the quality of the Chester White barrows in all three of the classes as being the best ever shown at the International. The entries were exceptionally smooth. All the rings were large, making the competition very keen," remarked E. Z. Russell, Washington, D. C., after making the official placings.

The Chester White Journal reported the show as follows:

"The division of Chester White barrows at the International included the best exhibits that were ever shown at the annual barrow classic in the opinions of the many critics of this exhibition annually. Chester

Whites held the distinction of having the biggest barrow show in numbers of all the breeds, as well as the best quality show in general.

"All the fat classes deserve special mention, as they showed splendid improvements over previous years' showing in uniformity, numbers, fitting and type. Each ring attracted big crowds of spectators and many were the very favorable comments on the breed's showing made by nationally recognized barrow critics.

"The 23 barrows showing in the class of 150 and under 250 pounds gave Judge Russell something to think

about, as there were so many good ones among them. He took plenty of time, and after due consideration, gave Iowa State College first place on a very neat barrow of medium size and what the breeders would call a big, smooth-type kind of an animal. He was fitted in a very even and smooth condition, not too fat.

"In the class of 250 and under 350 pounds, Ohio State University won first prize, competing in a class of 27 as well fitted and as uniform a bunch as were ever driven into a barrow show ring, according to many bystanders, who expressed their opinions freely on this class. This barrow was very mellow with even side-lines and very clean cut from end to end.

"There were 19 entries shown in the 350 and under 450 pound class. Here was another class that brought spectators to the ringside from all over the swine barns. The 19 animals all looked alike and they were the most even-sized class of the show. They were nearly all of one type and were fitted in unusual barrow show condition.

"Chas. Richert captured first prize on his splendidly fitted entry that was later made champion barrow of the breed show. It was a very popular barrow, being extremely smooth and mellow and fitted in an ideal manner. He proved very attractive to spectators when driven into the ring with the champions of all other breeds, when the grand champion barrow was selected.

"The pens were likewise interesting because of their many good entrants. Iowa State College won champion

pen on their heavy-weights. They won reserve champion pen on their light weights. The several state agricultural colleges had splendid exhibits, as did the individual breeds

and firms. The prizes were shared about equally among them, thus showing the consistency of this greatest of all barrow shows at Chicago."

THE HAMPSHIRE

"I considered the 1925 Hampshire barrow show the best fitted and strongest competition of any barrow show yet held at the International, especially the light weight class," said Clayton Messenger, Keswick, Iowa, after making the official ratings. "The class for groups of ten head was exceptionally good."

The Breeder's Gazette gave the following report of the show:

"Hampshire breeders contributed a larger number of entries to this year's show than to any previous one. They appreciate the importance of an International show to help establish the market qualities of their favorites. Many of the breed's best barrows were in the ring last week. The Hampshire's performance on the market in realizing top prices and its ability to show a high return to the feeder are strong arguments to induce new men into the ranks. The 30 lightweights, uniformly smooth in their sides and of good finish, had the reserve champion, shown by Purdue University. The champion was selected from a small class of heavyweights. This hog was especially well-filled in the ham, a characteristic that is becoming more prominent in the breed. He was higher in condition than the reserve champion. The 20 medium weights were difficult to place. The three top hogs were not fitted alike, and each could be faulted in condition. The Iowa entry finally won the judge's favor, and two Oklahoma hogs were in the next place."

CLASS 217

Awards Barrow, 150 and Under 250 Pounds

- 1st Purdue University, LaFayette, Ind.
- 2nd University of Illinois, Urbana, Ill.
- 3rd Colorado Agricultural College, Fort Collins, Colo.

THE TAMWORTHS

The Tamworth barrows were again rated by Professor E. F. Ferrin, of the University of Minnesota, who stated: "The Tamworth show was strongest in the 150 to 250 pound and the 250 to 350 pound classes, in which Harris Farms, Seymour, Illinois, showed some very well fitted and

good type barrows. The University of California had a very well finished 350 to 450 pound barrow, lacking a little in quality, type and smoothness of shoulder as compared with the Harris Farms' 250 to 350 pound barrow, which was champion.

THE TAMWORTHS

CLASS 227

Barrow, 150 and Under 250 Pounds

Awards

THE YORKSHIRES

Lew P. Reeve, Austin, Minnesota, allotted the awards and observed:

"The top individuals were of the desirable type, having plenty of stretch and depth. They were well conditioned. Some of those below the first two places were of the right type, but lacked condition. A few were too short, but had the necessary condition. The top ones were very good."

CLASS 237

Barrow, 150 and Under 250 Pounds

Awards

- 1st University of Minnesota, St. Paul, Minn.
- 2nd University of Minnesota, St. Paul, Minn.

Owned by University of Minnesota, St. Paul, Minn.

THE SPOTTED POLAND-CHINAS

"The Spotted Poland-China breeders are to be congratulated on the showing of barrows made at the International," observed W. W. Smith, Lafayette, Indiana, who judged the exhibit. "In point of quality, the classes were uniformly good. The breed champion, from the medium weight class, was an outstanding individual. Most of the winners had sufficient finish with very attractive type and quality."

CLASS 247

Barrow, 150 and Under 250 Pounds

Awards

- 1st Iowa State College, Ames, Iowa.
- 2nd Walter E. McCoy, Washington C. H., Ohio.
- 3rd Walter E. McCoy, Washington C. H., Ohio.
- 4th Walter E. McCoy, Washington C. H., Ohio.

- 1st Iowa State College, Ames, Iowa.
- 2nd Walter E. McCoy, Washington C. H., Ohio.
- 3rd A. J. Anderson, Dawson, Iowa.

The display of barrows showed the results of the efforts to produce a popular type of market hog. The specimens brought out were of excellent market type. Iowa State College captured most of the blue ribbons, though a breeder, McCoy of Ohio, won the class for light pens. The champion barrow and the champion pen both came from the Iowa State College's entries in the medium weight classes.

GRAND CHAMPIONS

H. B. Francis
Judge

"The fat barrow show on the whole was good. In most of the breeds the champions were of good type, well fitted and high quality hogs. Practically all the breed champions were heavy barrows, weighing close to 450 pounds.

"In the final round-up of the breed champions there came before that highly competent, conscientious judge, Howard Francis of New Lenox, Ill., the Iowa State College Poland-China, weight 445 pounds; the Illinois College Duroc Jersey, weight 440 pounds; the champion Chester White, shown by Charles Richert, La Moille, Ill., weight 445 pounds; the Pennsylvania

State College Berkshire, weight 440 pounds; the Iowa State College Spotted Poland-China, weight 340 pounds; the Iowa State College Hampshire, weight 445 pounds; the Minnesota College Yorkshire, weight 265 pounds, and Harris Farms, Seymour, Ill., champion Tamworth, weight 345 pounds. These eight barrows made a real interesting show.

"The contest soon narrowed down to the Poland-China, Berkshire and Chester White. In short order the judge proclaimed the smoothly fleshed, evenly balanced, high

qualified Poland-China from the Iowa State College as the grand champion.

"This barrow is a real champion and compares favorably with best ever seen at any previous show. He was fitted to the minute and his flesh was perfect.

"The Pennsylvania State College Berkshire was made reserve grand champion. This is a very high class barrow, but was faulted by the judge for being a bit hard in his fleshing over the shoulders, otherwise a real grand champion.

"The Chester White in conformation was about the best of them all, but Judge Francis declared the fleshing of this barrow to be too hard on all parts of the body, thus left him in third place.

"The Iowa College grand champion Poland-China barrow is about 14 months old, was bred by H. M. Menough, Grimes, Iowa, and sold to the college last May. Since his arrival at the college he has run on alfalfa pasture and was fed on a grain ration composed of corn six parts, middlings three parts, tankage one part and a liberal allowance of buttermilk, and in addition had access to a mineral mixture.

"The reserve grand champion Berkshire, shown by the Pennsylvania State College, was bred by W. W. Wilburn of Virginia, and sold to the college in January, 1925, when he was about three months old. Since then he has been fed

on a grain ration composed of corn six parts, shorts two parts, cracked oats two parts, tankage one part and a liberal allowance of buttermilk. During the summer and fall months he had the run of a good alfalfa pasture.

"This hog was a good doer and during the last 40 days his ration had to be limited to keep him from being heavier than 450 pounds, the class limitation point."—Chicago Daily

Drovers Journal.

The fight for the pen grand championship was much a repetition of that for single honors. The Iowa Poland-Chinas, including the best barrow of the show, were awarded the royal purple. The reserve honors again went to Pennsylvania State College on its Berkshires after a close struggle.

DRESSED CARCASSES OF HOGS

By M. D. HELSER, Superintendent

Hugo F. Arnold
Judge

Berkshires seemed to have almost everything their own way this year. They won the major portion of the prizes, winning the championship and the reserve championship on carcasses. The hog classes were close. In the three lighter classes many of the carcasses had to be cut before a final decision could be reached. In the heavy-weight class (400 pounds or more) there was a single entry, a Duroc-Jersey shown by the Oklahoma Agricultural College. Producers are learning that heavy carcasses are not so desirable to produce, from an economic standpoint. The cuts are too heavy.

They are very hard to dispose of, and the texture of their meat quite often is coarse and dark-colored.

In the 300 and under 400-pound class the University of Illinois won first on a Poland-China barrow, which was neat over the shoulder, and carried a well-filled ham. The color of the meat was beautiful. The second and third prizes went to Iowa State College on two Berkshire barrows that were very close. The third-prize barrow was a trifle more wasty.

In the 200-pound and under 300-pound class it was necessary to cut 13 carcasses in order to select the three prize-winners. Bluebank Farm, Ridgely, Tenn., won first on a smooth, heavily-fleshed Berkshire. The color, marbling, texture and proportion of fat to lean were almost perfect. "It is one of the very best carcasses that I have ever seen,"

said Hugo F. Arnold, of Chicago, the judge, who did splendid work in going over the large classes. Michigan State College won second on a Berkshire of excellent quality, but the fat and lean were not quite so well-proportioned as those of the Bluebank entry. The University of Minnesota won third on another well-developed Berkshire.

In the 100-pound and under 200-pound class J. H. Nickel & Sons, Arenzville, Ill., won first on a Berkshire carcass that carried a full ham, which showed a large proportion of lean to fat, and yet the lean was beautifully marbled. Michigan State College won second on a Berkshire, which was not quite so wasty as the Ohio State University's Duroc-Jersey, which was placed third.

Armour & Co. dressed and exhibited the hog carcasses.

The champion hog carcass was sold to the Horn & Hardart Baking Co. of Philadelphia for 45 cents a pound.

CLASS 259

CARLOADS OF HOGS

J. M. Waters
Judge

Forty-two carloads made up what many consider to be one of the strongest shows of its kind ever staged. Nineteen of these entries were Hampshires, eight were Duroc-Jerseys, seven were Poland-Chinas, and four each were Chester Whites and Berkshires. In the lightweight class, a load of Nickels' Berkshires won over three loads of Hampshires. It came from the same herd which produced the grand champion carload of the 1924 International shown by Homer Waters and was easily the best light entry.

Thirteen loads composed the 200 to 250 pound class, which found a leader in Anderson's Hampshires, with Baker Farms second on Poland-Chinas and Homer Waters third with Berkshires.

The 250 to 300 pound class brought out seventeen contenders. A load of Duroc Jerseys entered by the veteran exhibitor, P. J. Horn, landed in first place, with an outstanding load of Chester Whites pressing it hard.

The heavyweight class, with its eight entries, developed the grand champion load of the show, in the University of Notre Dame's Hampshires. Close behind this load was placed an exhibit of Poland-Chinas from Allerton Farms, which was notable both for type and finish.

The race between the top loads was very close as they were phenomenally uniform. The exhibit was well conditioned throughout. Judge J. M. Waters, Chicago, gave the preference to the winner in the heavyweight division in awarding the supreme honor.

The Notre Dame carload averaged 349 pounds and most of the hogs in the load were farrowed in February. At the time they were shown they were approximately ten months of age, so this carload gained considerably more than a pound a day for every day they lived. The carload was made up of 51 barrows, all sired by purebred Hampshire boars and out of purebred Hampshire dams.

The 51 pigs that comprised the carload drifted on alfalfa pasture from April to the latter part of July, together with 400 other pigs. These pigs followed cattle on feed—about five pigs to one steer. The cattle fed were western, beef cattle of a nervous temperament. The feeder at Notre Dame stated that he never had a lot of hogs do better than this bunch of Hampshires.

About the first of August the pigs were put on a fifty-fifty combination of ground oats and ground rye. The fitting of the carload started November 1st, at which time eighty head of the best barrows were selected with the idea of fitting them for the International. In addition to being fed new corn, the hogs had a liberal supply of tankage. During the last four weeks of the period the carload was fed a small amount of oil meal.

AMERICAN BERKSHIRE ASSN. SPECIALS

The American Berkshire Association duplicated all prizes offered by the "International" where winning loads were Berkshires or Berkshire grades.

SALES OF CARLOADS OF FAT HOGS

"Heretofore the National packers have supported this sale despite the fact that the carcasses have no advertising merit as in the case of cattle and lambs; but this year a city butcher, John Heitzel, entered the contest, buying the grand champion load. The 41 loads sold averaged \$12.33, the highest in five years, comparing with \$11.42 last year, and \$9.07 in 1923. The grand champion load realized \$14, the same price as in 1920. The Allerton Farms load of Poland-Chinas went to Swift & Company at \$13.

"Eighteen loads of Hampshires sold at a range of \$10.75@14, averaging \$12.26. Eight loads of Duroc-Jerseys

sold at \$11.50@\$13, averaging \$12.28. Seven loads of Poland-Chinas sold at \$11.75@\$13, averaging \$12.29. Four loads of Berkshires realized \$12.25@\$13.25, averaging \$12.87, and four loads of Chester Whites made \$11.75@\$13, averaging \$12.25.

"Armour & Co. and Swift & Co. took 14 loads each, the former at an average of \$12.52, and the latter at \$12.36. Eight loads bought by Wilson & Co. averaged \$12.21. Two loads went to Roberts & Oake at \$11.13. Heitzel & Co. secured two loads at a \$12.75 average."—THE BREEDER'S GAZETTE.

DRAFT HORSE DEPARTMENT

By **ELLIS McFARLAND, Supt.**

Ellis McFarland
Supt.

The International Draft Horse Show staged quite a come-back in 1925, so far as sales of breeding animals were concerned. Breeders were surprised at the number of stallions and mares that were sold and at the number of prospective buyers that were on hand. In fact, it was a bit difficult to find a time during the day when there was not one to a half dozen horses out on the horse row in front of the barns being shown to men who contemplated purchasing. This feature looked like old times.

Exhibitors reported an unusual number of sales after they arrived home as a result of their exhibiting at the show. All of this made breeders and exhibitors feel very much encouraged over the prospects for future business.

The Percheron show lacked some of having its usual number of entries, owing to some serious cases of disorder in the barns of the exhibitors who always exhibit at the International.

The Belgians made their strongest show in years. Nearly all of the leading breeders were represented either

by their own horses or by those that they had sold to someone else. The big sorrels and roans made a tremendous impression on the public.

The Shire horse exhibit was the largest and best held on the Chicago tanbark in years. Iowa and Illinois were both strongly represented.

The Clydesdale classes brought out the usual number of excellent individuals. Special mention should be made of the superior Canadian Clydes. No International Clydesdale show would be complete without these fine horses from our country to the north.

Two exhibitors made up the Suffolk competition.

Special recognition should be given the Agricultural Colleges for their support of the draft horse show. The Iowa State College had the grand champion Clydesdale mare, the Ohio State University the grand champion Percheron stallion and the reserve grand champion Percheron mare, and the Michigan State College had the grand champion Percheron mare. The horsemen of the different Agricultural Colleges have a tremendous power for good in stabilizing the horse industry during recent years. Some of the best breeding studs in the country are now to be found on College farms.

THE CLYDESDALES

A. McFarlane
Judge

Notwithstanding the fact that the Clydesdale classes fell below other years in numbers, breeders of the Scotch drafter had every reason to feel proud of their exhibit. Only outstanding winners at the fall fairs were in evidence and widely different areas of the country were represented.

Showing their breeding horses with hard sinews and in only moderate flesh, as the Clydesdale supporters do, has much to commend it over that higher and "loaded-down" condition common among other breeds.

The University of Saskatchewan won the lion's share of the stallion championships, with the exception of the reserve junior, which went to a Saskatchewan farmer, and the reserve grand championship, which was awarded to A. G. Soderberg, Osco, Ill. Both the grand champion and the reserve grand champion stallions were sired by Kinleith Footprint.

In the mares the result was different. The Iowa State College had the junior and grand champion, the senior champion going to F. L. Anderson of Iowa, but the reserve grand to the University of Saskatchewan.

The aged stallions offered strong competition for the adjudication of Andrew McFarlane of Palo, Iowa. Green Meadow Reliance, several times champion this year at state fairs, won for A. G. Soderberg over Langwater Footprint, a son of Fairholme Footprint from the Wyrick stables in Indiana. This was a close decision. Had the Wyrick horse moved a little better he could have won his class.

The outstanding stallion of the show was the well-fitted Canadian three-year-old, Green Meadow Footstep. His

stretchy type, balance, quality and action made him a popular top in his class and the grand champion. Seldom has as flashy a set of legs, kits and feet been seen in the International ring. He was also grand champion at the Toronto Royal the week previous, and his dam, Langwater Jessica, won first prize as a two-year-old, again as a four-year-old and was senior champion and reserve grand champion at the 1921 International Live Stock Exposition.

The two-year-old Bonnie Craigie, with powerful underpinning and true action, headed his class and was the junior champion. Royal Footprint, the Iowa College colt, with his good top and flash gaits, was a very close second.

In the yearlings, Mr. Dougans showed a growthy sinewy youngster of considerable promise, Parkdale Fyvie. He also headed the stallion futurity class.

In foals the clash was between the University of Saskatchewan and the University of Wisconsin. A smaller colt with a little more quality finally won for Saskatchewan.

The aged mares did not reach the usual breed standard at this show, although Cedric Baroness was an acceptable top. She was well balanced, drafty and feminine but was scarcely as flashy as previous winners.

Pride of the Pines was scarcely the ringside choice in the three-year-old class, although she was one of the draftiest fillies of any breed in the show. She was somewhat overdone and her legs were not so fresh as those of College May placed second.

Amy Footprint by Kinleith Footprint was the favorite two-year-old and went through to the junior and grand championship. She is wonderfully feminine, of keenest quality and yet shows plenty of substance with a snappy, straight stride that fills the Caledonian eye.

A strong class of ten yearlings found first and second for the University of Saskatchewan. The top filly promises a great outcome. These two also headed the filly futurity

GREEN MEADOW FOOTSTEP 22258

Grand Champion Clydesdale Stallion, 1925. Age, May 17, 1922. Sire,
Kinleith Footprint [23423] 19592; dam, Langwater Jessica [49435] 20291.
Owned by University of Saskatchewan, Saskatoon, Sask., Canada.

class with Otha Wyrick third and A. G. Soderberg fourth.

The foal class brought out six entries. It was headed by a promising filly exhibited by T. Callow, Belle Plaine, Saskatchewan.

The group classes were especially strong and competition keen, the principal awards going to the Iowa State College and the University of Saskatchewan. It is in the groups, showing the result of breeding skill, that Clydesdale men particularly excel and the 1925 show proved no exception to this rule.

The silver medals awarded by the Clydesdale Society of Great Britain and Ireland were awarded to the University of Saskatchewan on Green Meadow Footstep and to the Iowa State College on Amy Footprint.

Clydesdales were supreme in the real test of the show, the gelding classes, all breeds competing, winning champion and reserve champion honors, first, second, third and fourth premiums on single geldings four years old and over, and every honor in the harness classes, pairs, fours and sixes.

THE CLYDESDALES

CLASS 1

Stallion, 4 Years Old and Over

Awards

- 1st Green Meadow Reliance 21715—Age, May 23, 1920; sire, Kinleith Footprint 20807; dam, Fairholme Ruth 19880—A. G. Soderberg, Osco, Ill.
- 2nd Langwater Footprint 21999—Age, April 1, 1921; sire, Fairholme Footprint 17584; dam, Ella Footprint 20898 (44447)—Otha Wyrick, Kempton, Ind.
- 3rd Fairholme Black Trooper 21116—Age, May 2, 1918; sire, Golden Chief 18325; dam, Fairholme Blossom 18510—F. L. Anderson, Ross, Iowa.
- 4th Vint Hill Bing 22175—Age, May 29, 1921; sire, Col. Bing 20523; dam, Katherine McColm 17534—A. G. Soderberg, Osco, Ill.

CLASS 2

Stallion, 3 and Under 4

- 1st Greenmeadow Footstep 22258—Age, May 17, 1922; sire, Kinleith Footprint [23423] 19592; dam, Langwater Jessica 20291 [49435]—University of Saskatchewan, Saskatoon, Sask.
- 2nd Hayfield Corporal 22247—Age, March 6, 1922; sire, Golden Knight 15447; dam, Fyvies Lady Mary 19302—A. G. Soderberg, Osco, Ill.

CLASS 3

Stallion, 2 and Under 3

Awards

- 1st Bonnie Craigie [24039]—Age, May 13, 1923; sire, Bonnie Fyvie [22782] (20224); dam, Craigie Meral of Westholme [27528]—University of Saskatchewan, Saskatoon, Sask.
- 2nd Royal Footprint 22510—Age, May 12, 1923; sire, Fairholme Footprint 17584; dam, Jess of Craigewille 19505 [25411] (27633)—Iowa State College, Ames, Iowa.
- 3rd Pride of the Prairie 22565—Age, May 20, 1923; sire, Baron Peer 21255; dam, Lady Dagmar 21075—A. G. Soderberg, Osco, Ill.
- 4th Prince Royal 22918—Age, July 23, 1923; sire, Hope's Favorite 20588; dam, Lady Refiner 19951—A. G. Soderberg, Osco, Ill.
- 5th Junior MacFarland 22929—Age, May 6, 1923; sire, McFarland 21094; dam, Mary of Argyle 18019—R. C. McMillan, Hebron, Ind.

CLASS 4

Stallion, 1 and Under 2

- 1st Parkdale Fyvie—Age, June 5, 1924; sire Fyvie Stamp Imp. [12132]; dam, Parkdale Princess [43459]—J. L. Dougans, Condie, Sask.

Awards

- 2nd Baron Fitz-Hugh [24584]—Age, May 26, 1924; sire, Baron Fitz-James [20723]; dam, Fyvie Queen [44449] (49431)—University of Saskatchewan, Saskatoon, Sask.
- 3rd Desuston Gallant [24412]—Age, March 20, 1924; sire, Gallant Buchlyvie [12769]; dam, Desuston Ino (36583)—A. E. Arnold, Shoal Lake, Man.
- 4th Cedric's Footprint 22788—Age, May 14, 1924; sire, Fairholme Footprint 17584; dam, Cedric Baroness 20649—F. L. Anderson, Ross, Iowa.
- 5th Osco Victor 22656—Age, Jan. 17, 1924; sire, Green Meadow Reliance 21715; dam, Lovely Lass 17654—A. G. Soderberg, Osco, Ill.

CLASS 5**Stallion Foals, Bred in America**

- 1st Bonnie Craigellachie—Age, April 19, 1925; sire, Bonnie Fyvie [22782] (20224); dam, Craigie Meral of Westholme [27528]—University of Saskatchewan, Saskatoon, Sask.
- 2nd Badger Majesty 22937—Age, Feb. 12, 1925; sire, Langwater Muirton 21940; dam, Mollie Darling 20074—University of Wisconsin, Madison, Wis.
- 3rd Windsor Gallant [24674]—Age, May 7, 1925; sire, Gallant Buchlyvie [12769]; dam, Deanston Dora [47043]—David Binnie, Rosser, Man., Can.
- 4th Billie Footprint 22936—Age, June 1, 1925; sire, Langwater Footprint 21999; dam, Daisy Sweetheart 20287—Otha Wyrick, Kempton, Ind.
- 5th—Age, April 24, 1925; sire, Green Meadow Reliance 21715; dam, Shamrock's Queen 19936—A. G. Soderberg, Osco, Ill.

CLASS 6**Mare, 4 Years and Over**

- 1st Cedric Baroness 20649—Age, May 26, 1917; sire, Prince Cedric 16656; dam, Baroness Alexander 16785—F. L. Anderson, Ross, Iowa.
- 2nd Queen of Freshwater [51489]—Age, April 20, 1919; sire, Baron of Carnhill [11811]; dam, Queen—Harrower Bros., Watrous, Sask., Can.
- 3rd Bonnie Lass 21815—Age, June 2, 1920; sire, Osco Pride 15470; dam, Lovely Lass 17654—A. G. Soderberg, Osco, Ill.
- 4th Deanston Flora [42712]—Age, July 30, 1918; sire, Deanston Bob [16607]; dam, Doune Lodge Lady Marcellus [32917]—Isaac Cormach, Kenton, Man., Can.

CLASS 7**Mare, 3 and Under 4**

Awards

- 1st Pride of the Pines 22310—Age, Mar. 26, 1922; sire, Fairholme Royal Print 21696; dam, Fairholme Forrest Star 21693—A. G. Soderberg, Osco, Ill.
- 2nd College May 22275—Age, May 10, 1922; sire, Peer's Stamp 21254; dam, May Palmerston 15994—Iowa State College, Ames, Iowa.
- 3rd Deanston Leah [49188]—Age, May 5, 1922; sire, Gallant Buchlyvie [12769]; dam, Lady Leah [33591]—David Binnie, Rosser, Man., Canada.
- 4th Fairholme's Queen 22268—Age, Apr. 1, 1922; sire, Fairholme Royal Print 21696; dam, Fairholme Duchess 18509—Otha Wyrick, Kempton, Ind.
- 5th Lady Cedric 22406—Age, Apr. 7, 1922; sire, Kincaig 15355; dam, Cedric Baroness 20649—F. L. Anderson, Ross, Iowa.
- 6th Goldie Fortune 22240—Age, May 1, 1922; sire, Peerless Fortune 20218; dam, Daisy Sweetheart 20287—Otha Wyrick, Kempton, Indiana.

CLASS 8**Mare, 2 and Under 3**

- 1st Amy Footprint 22490—Age, Apr. 22, 1923; sire, Kinleith Footprint 20807 (19592); dam, Fairholme Ruth 19880—Iowa State College, Ames, Iowa.
- 2nd Marie Footprint 22488—Age, Apr. 15, 1923; sire, Fairholme Footprint 17584; dam, May Palmerston 15994—Iowa State College, Ames, Iowa.
- 3rd Border Belle [50520]—Age, May 24, 1923; sire, Border Keep [22742]; dam, Nellie of Richview [30408]—W. A. Burnet, Napinka, Man., Canada.

THE PERCHERONS

Harry McNair
Judge

A. B. Caine
Judge

Harry McNair of Chicago, Ill., and A. B. Caine of Ames, Iowa, judged the Percherons. W. H. Pew of Freedom Station, Ohio, was the referee, but his services were required only twice during the entire showing.

The Percheron show did not bring out quite as many animals as usual owing to the fact that two or three of the leading Percheron exhibits that would have been on hand were kept home on account of very severe cases of distemper. The cold, wet fall seemed particularly suitable for developing a great deal of sickness among the horses.

It is doubtful if there has been a Percheron show held in the last ten years where the first prize horses and champions were as good as those that won at the International in 1925.

Two notable examples were the two grand champions. Hesitation, the grand champion of 1923, came back in better fix and won easily. He has grown into a stallion that looks the part of a real sire. His closest competitor for highest honors was his half brother, Perlaet, by Laet. Both of these good black colts came from the same breeder, W. H. Butler of Columbus, Ohio. The champion horse is owned by the Ohio State University at Columbus.

The champion mare, Maplegrove Leila, is the fourth daughter of Lagos, owned by J. O. Singmaster of Keota, Iowa, to win grand championship honors at Chicago. She came from the Michigan College stables. The reserve among the mares is a granddaughter of the \$40,000 Carnot, another Ohio State University entry, bred by J. K. Spittler & Sons of Bloomville, Ohio.

The younger classes were decidedly short in numbers, indicating the scarcity of good young animals in the hands of breeders.

Dealers showed fewer animals than usual for the reason that they had had more sales during the spring and summer than in 1924.

94544—Robt. Failon & Sons, Neponset, Ill.

THE SHIRES

C. R. Taylor
Judge

"The Shire stallion classes brought out several splendid big qualityed drafters, most of them being good movers.

"In the 4-year-old class, five shown, the good moving, drafty Hobbs Lots Bohemian, won his class easily and was finally made senior and reserve grand champion for J. C. Moore, Rushville, Ill.

"The 3-year-old class was light. Six 2-year-olds furnished some good prospects, the fight for first place being between Bushnell Bohemian, shown by Trumans' Pioneer Stud Farm, Bushnell, Ill., and Tatton Coming King, shown by R. M. Fogleman, Callender,

Iowa. Superior underpinning and action placed the Trumans horse up and was finally made junior and grand champion.

"In a class of four, Trumans won first in the futurity on the well-grown and good-legged Trumans' Quadrant II, later made reserve junior champion. The big rugged foal, Revelation, shown by Henry W. Matern, Lostant, Ill., easily won its class.

"In the four-year-old Shire mare class the judge, Chas. Taylor, Williamsville, Ill., selected the bay, qualityed Edgewood Surprise, shown by F. A. Huddleston of Iowa over the draftier black Moore's Queen, owned by J. C. Moore of Illinois. The black was hardly as good in her feet and legs as the winner.

"Huddleston again swung into first position with Mildred C in the three-year-olds. This mare is very typy,

massive and with splendid action. She was made senior and grand champion.

"Edith Lyde, another good daughter of Severn Flag, won the two-year-old class with six shown. The more drafty but thin Royal Flower III was second for Henry W. Matern of Illinois.

"The futurity winner in a class of four was Belle Champion, shown by W. G. Lynch of Illinois, secretary of the American Shire Horse Association. This is a well-grown, heavy-boned filly and a splendid mover. She made a very good junior champion.

"The strong-topped, well-grown Tatton Trinket easily won the foal class for R. M. Fogleman of Iowa. Most of the foals were in grass condition."—Chicago Daily Drovers Journal.

Huddleston won the get-of-sire class with Boro Flag, Mildred C. and Edith Lyde by Severn Flag and the stallion and three-mare class with the same trio and Edgewood Surprise added. Matern captured the produce-of-dam contest with Revelation and Royal Flower III, out of Albert's Flower. Truman had the best group of five stallions in Lockinge Sailor Emmanuel, Mystic Conqueror, Bushnell Bohemian, Truman's Quadrant 2d and Truman's Quadrant.

EXHIBITORS

Fogleman, Ralph M., Callender, Iowa.
Huddleston, F. A., Webster City, Iowa.

THE BELGIANS

Wm. H. Pew

Harry Stamp
Judging Committee

E. A. Trowbridge

"The older classes were not large, but, all in all, there was real tone to this show. At no point was there keener interest taken in the judging. Several decisions seemed to require prolonged consultation, and the work of the judges, while drawn out, was admirably done.

"The aged stallions were topped by Louis de Maeter, 1923 grand champion for Bell Bros. In excellent fit, this horse won over the 1922 grand champion, George Henry, shown by W. E. Scripps. The Bell horse has a splendid top, lots of style and flashy action, and was finally awarded the reserve senior and reserve grand championships of the show. Only three 4-year-olds came out, headed by Royal Farceur, 1925 grand champion in Des Moines and Waterloo for Charles Irvine. This is a massive horse with lots of substance. Range Line Phoenix was a close contender. Things tightened up more when nine 3-year-olds lined up. Supreme Farceur, last year's junior and reserve grand

champion at this show, was easily the favorite over Paragon Major, a grandson of Farceur and junior champion at the Toronto Royal in 1923 and 1924. The roan, Major de Bois, is a topper, and gave the judges no trouble for first place in the 2-year-olds. He is stretchy, short-backed and rugged, with plenty of bone, and a mover. Forest Daron from Saskatchewan took second to the stretchier sort. Two extra good colts were found in the stallion division of the Belgian futurity. The top selected was Joe Henry, bred by Paul Stover, Hartford City, Ind. He headed the Indiana Stallion Futurity this year. Next came Oakdale Supreme, first and reserve junior champion at Waterloo this year.

"The tense moment of the whole show was the selection of the Belgian stallion champions. The keenest interest centered on the 5-year-old Louis de Maeter and the 3-year-old Supreme Farceur for the senior championship. Both horses had their admirers. The referee decided in favor of Supreme Farceur, a horse of outstanding quality, ruggedness of bone, setting of legs, and large, shapely feet. He has excellent draft horse action, though not so flashy as Louis de Maeter. This makes two years in succession for Mr. Good to win the grand championships on stallions of his own breeding.

"The aged mare class of seven entries presented a variety of types. The Everet King stables brought out Marie Farceur, a real drafty roan, with lots of quality and substance. The bay Cora de Hondzocht showed ruggedness to a finish, but hardly the quality and finish of the King roan mare, which placed first and above the bay. The 4-year-olds were very light. Nine 3-year-olds were a real show. It was the high point in the mare contingent. In this group was Farceur's Civette, a former grand champion at Waterloo, and this year's winner of the Special Belgian trophy there. Ruby, bred and shown by Mr. Wentz

SUPREME FARCEUR 13534

Grand Champion Belgian Stallion, 1925. Age, July 23, 1922. Sire, Farceur 7332; dam, Belle 4770. Owned by C. G. Good & Son, Ogden, Iowa.

and grand champion in Ohio this year, made a strong bid for first. She is a wonderful roan mare: balanced and rugged, and with wonderful style and quality. The trio was completed with Iowa State College's Jeanne Braine, last year junior and reserve grand champion at this show. This mare has done well and is truly a great mare, but she has scarcely so much bone as the other two. The referee decided in favor of Farceur's Civette, a mare of real Belgian type, quality and finish. Her legs are properly set; she has the best of hocks, ankles and big, shapely feet. She was the grand champion mare of the show. Any one of these three entries would make an acceptable champion.

"When the ribbons were tied on the seven 2-year-olds, Irvinedale Frieda, a popular winner this year, had topped

her class. She was scarcely so good in action as Ohio's Hazel Dell, but showed more stretch and finish than the Ohio University's mare. The well-grown, drafty Jupiter's Lolo easily won third. The seven yearlings were not particularly strong. Miss Mira de Maeter easily won the futurity filly class. She is a well-grown filly, and promising. With the exception of a couple of foals at the top, the filly foal class was not strong. First was easily placed on a daughter of the grand champion stallion, Supreme Farceur. A scion of Lucifer de Maeter, Mr. Ritchie's stud sire, made a good second."—The Breeder's Gazette.

The judges were W. H. Pew, Ravenna, Ohio, and Harry Stamp, Roachdale, Ind., with E. A. Trowbridge, Columbia, Mo., as referee.

CLASS 88**Junior Champion Mare, Under 3 Years**

- Miss Mira de Maeter 10820—Age, May 20, 1924; sire, Lucifer de Maeter 7276; dam, Mira Waere 2805—Evert King, Chicago, Ill.
- Reserve—Irvinedale Freda 10587—Age, March 28, 1923; sire, Alfred de Bree Eyck 7959; dam, Salome 4871—Chas. Irvine, Ankeny, Iowa.

CLASS 89**Grand Champion Mare, All Ages Competing**

- Farceur's Civette 9659—Age, April 6, 1922; sire, Farceur 7332; dam, Civette 3065—C. G. Good & Son, Ogden, Iowa.
- Reserve—Ruby 10040—Age, July 6, 1922; sire, Frank Bolser 6750; dam, Faro Nell 6559—Chas. A. Wentz, Kirby, Ohio.

FUTURITY CLASSES**American Bred Yearling Stallions**

- 1st Joe Henry—Age, March 22, 1924; sire, Camille 9247; dam, Pet of Antwerp 5769—Bell Brothers, Wooster, Ohio.
- 2nd Oakdale Supreme 14246—Age, May 18, 1924; sire, Oakdale Farceur 12581; dam, Margot 4583—C. G. Good, Ogden, Iowa.
- 3rd Bobbie Bolser 14081—Age, May 6, 1924; sire, Frank Bolser 6750; dam, Lady Burnett 9370—Chas. A. Wentz, Kirby, Ohio.
- 4th Andy W. 13666—Sire, George Henry 11460; dam, Dollie D. E. 8822—W. E. Scripps, Orion, Mich.
- 5th Kerrobert Bob—Age, May 12, 1924; sire, Baron de Pelletier 2352; dam, Ruby de Melin—J. A. Strange, Kerrobert, Sask., Can.

American Bred Yearling Mares

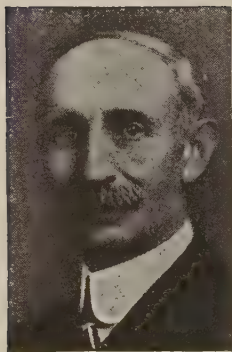

- 1st Miss Mira de Maeter 10820—Age, May 20, 1924; sire, Lucifer de Maeter 7276; dam, Mira Waere 2805—Evert King, Chicago, Ill.
- 2nd Annabel 10534—Sire, George Henry 11460; dam, Hazel Bell 9237—W. E. Scripps, Orion, Mich.
- 3rd Miss Helen de Maeter 10821—Age, May 25, 1924; sire, Lucifer de Maeter 7276; dam, Helena 2564—Evert King, Chicago, Ill.
- 4th Badger Belle 10814—Age, May 15, 1924; sire, Farceur's Pal 11312; dam, Springdale Katherine 8897—University of Wisconsin, Madison, Wis.
- 5th Clara Farceur 11103—Age, Feb. 2, 1924; sire, Royal Farceur 13031; dam, Clara 5368—Chas. Irvine, Ankeny, Iowa.
- 6th Bess 11147—Age, March 27, 1924; sire, Barnum de Beersel 5983; dam, Bersie 4023—August Bolliger, Deer Creek, Ill.

FARCEUR'S CIVETTE 9659

Grand Champion Belgian Mare, 1925. Age, April 6, 1922. Sire, Farceur 7332;
dam, Civette 3065. Owned by C. G. Good & Son, Ogden, Iowa.

THE SUFFOLKS

Alex Galbraith
Judge

A select show of this old English breed was again judged by Alex Galbraith, Edmonton, Alta., Canada. A new exhibitor, Riverhill Farms, Gurnee, Ill., was represented this year with a few select colts bred by Hawthorn Farm.

The imported 15-year-old stallion Ashmoor Romeo once more made his appearance in the International arena, but was not shown for the championship. Last year's champion stallion, Morston Beau Brummel, was again awarded the royal purple. He is fulfilling his promise of becoming one of the breed's outstanding individuals, which was indicated by his winning the reserve championship at the Royal Show in England before being imported to this country by Hawthorn Farm.

The aged mare class was a duplication of the 1924 show. Hawthorn Sea Breeze, a three-year-old, was made champion mare over the two-year-old Hawthorn Henham Hope, which last year was awarded the supreme honor.

Morston Beau Brummel defeated Ashmoor Romeo when they were shown with a group of three mares each. The produce-of-dam class went to a pair of colts out of Hawthorn Darling, while the get-of-sire contest was awarded to entries by Ashmoor Romeo.

EXHIBITORS

Riverhill Farm, Gurnee, Ill.
Hawthorn Farm, Lake County, Ill.

CLASS 90

Stallion, 4 Years or Over

Awards

- 1st Ashmoor Romeo 607—Age, 1910; sire, Saturn (2653); dam, Ashmoor Duchess (6838)—Hawthorn Farm, Lake County, Ill.

Awards

Stallion, 3 Years and Under 4

- 1st Morston Beau Brummel 1457—Age, May 20, 1922; sire, Sudbourne Beau Brocade (4235); dam, Red Court Diamond (10100)—Hawthorn Farm, Lake County, Ill.

CLASS 94

Stallion Foal

- 1st Riverhill Diamond 1477—Age, March 2, 1925; sire, Ashmoor Romeo 607; dam, Hawthorn Duchess 904—Riverhill Farms, Gurnee, Ill.
2nd Hawthorn Wisdom 1491—Age, May 16, 1925; sire, Ashmoor Romeo 607; dam, Hawthorn Fragrance 1087—Hawthorn Farm, Lake County, Ill.

CLASS 95

Mare, 4 Years or Over

- 1st Hawthorn Fragrance 1087—Age, May 30, 1917; sire, Darsham Onyx 736; dam, Burgh Darling 653—Hawthorn Farm, Lake County, Ill.
2nd Hawthorn Illa 1233—Age, Mar. 31, 1919; sire, Ashmoor Romeo 607; dam, Burgh Darling 653—Hawthorn Farm, Lake County, Ill.

CLASS 96

Mare, 3 Years and Under 4

- 1st Hawthorn Sea Breeze 1379—Age, June 11, 1922; sire, Ashmoor Romeo 607; dam, Framlingham Gala 992—Hawthorn Farm, Lake County, Ill.

CLASS 97

Mare, 2 Years and Under 3

- 1st Hawthorn Henham Hope 1454—Age, May 30, 1923; sire, Ashmoor Romeo 607; dam, Bawdsey Hebe 650—Hawthorn Farm, Lake County, Ill.

CLASS 98

Mare, Yearling Filly

- 1st Hawthorn Barbara Jean 1455—Age, April 15, 1924; sire, Framlingham Bellboy 1360; dam, Hawthorn Illa 1233—Hawthorn Farm, Lake County, Ill.
2nd Hawthorn Mona Vanna 1462—Age, Feb. 27, 1924; sire, Framlingham Bellboy 1360; dam, Hawthorn Girl 1231—Hawthorn Farm, Lake County, Ill.

CLASS 99

Mare, Filly Foal

- 1st Hawthorn Satin 1488—Age, June 8, 1925; sire, Framlingham Bellboy 1360; dam, Hawthorn Encore 1242—Hawthorn Farm, Lake County, Ill.
2nd Riverhill Gazelle 1487—Age, June 1, 1925; sire, Ashmoor Romeo 607; dam, Hawthorn Mavis 1305—Riverhill Farms, Gurnee, Ill.

MORSTON BEAU BRUMMEL 1457

Grand Champion Suffolk Stallion, 1925. Age, May 20, 1922.
Sire, Sudbourne Brocade (4235); dam, Red Court Diamond (10100)
Owned by Hawthorn Farm, Lake County, Ill.

INTERNATIONAL LIVE STOCK EXPOSITION

GELDINGS AND GRADE MARES

A. W. Montgomery

(Pictures of Mr. McNair and Prof. Trowbridge found elsewhere.)

"Genuine interest was shown while the geldings were parading before the judges. Farmers like to watch them judged at the halter. The showing was encouraging. Seldom do we find so many good ones as were in the aged class at halter.

"In the class for geldings at halter, 17 entries lined up before the judges—Prof. E. A. Trowbridge, Columbia, Mo., and Andrew Montgomery, Jr., Hartland, Wis. Competition was keen. The judges worked ardently for over an hour before making their decisions. Finally a popular choice was made on Victor and Scotty for first and third for the Union Stock Yard & Transit Co., with Bachelor and Major McFarlane second and fourth for Wilson & Co. Victor is an Illinois-bred horse. While not

so large as some others in the class, yet he possesses sufficient quality, finish and action to send him through as the champion. It was a close decision between this horse and the Canadian-bred Wilson Bachelor, winner of the silver cup at this year's Toronto Royal. Scotty, third prize winner, is more drafty, but with a little plainer head than those above him. This horse stood fourth in 1922 at this show. He was imported from Scotland by the National Biscuit Co. The 3-year-olds were a small class. Two extra good ones were Bradwell, shown by the Manitoba Cartage and Warehousing Co., while Silver King landed second for the University of Wisconsin. P. W. South & Son won the 2-year-old class on Nellie Gray, a very promising colt.

"Among the more thrilling and spectacular performances are the heavy drafters in harness. "Billy" Wales

and Frank Housley always put up a great driving exhibition. Wilson & Co. won the heavy pair class on Klinker and Bachelor, a real good show pair, with scale, ruggedness of bone and splendid action. They were recently purchased in Canada. The Chicago Stock Yards Company won second on Baldy, champion in 1921, and this year's champion, Victor, bred by Mr. Merna in Illinois. This pair was possibly better matched, but lacked the length of stride of the winners. The Manitoba Cartage & Warehousing Co. was third on a well-mated brown pair, not so fresh as they were last year. J. F. Hassler was fourth.

"In the tandem draft hitch, the Chicago Stock Yards Company won on its better-matched and snappier-moving Victor and Scotty. Wilson & Co. were a close second on Bachelor and Klinker. The hitch was perhaps a little draftier than the winner.

"The non-professional class gives farmers a better chance in which to win. This year there were five entries. First went to Boyd Bros., Warren, Man., Can., on the flashy-moving bay Clydesdales Sam and Sandy. Second went to the Western News Co. on a pair of short-gaited roans.

"The Harry McNair special was won by the Western News Co. on Earl, a dark roan, stylish 1,550-pounder, good in action. Second went to Eagle, owned by the same firm. The Bowman Dairy Co. won third on King, a somewhat smaller horse, with less length of stride. J. F. Hassler was fourth on Billy, an upstanding Percheron, plainer on top, with a little less style.

"The closest contest in draft horses in harness developed on Friday night in the 4-horse teams between the Wilson and the stock yard entries. The Wilson 4—McDonald, McFarlane, Gambler and Klinker—were somewhat larger framed and draftier than the stockyard entry, and

showed a long, free-swinging stride that was most attractive; but they lacked the tightly-made bodies and the flashiness of gait that characterized Scotty, Mack, Victor and Baldy. After a long study, the judges finally accepted the Wilson 4 as premier. Third was awarded the free-going, drafty browns, Broom, King, Glen and Chief, exhibited by the Manitoba Cartage and Warehousing Co., while fourth went to the heavy-bodied grays of Hassler's.

"Excitement ran high Saturday night when the sixes came into the ring. It had been expected that the show would be close, and many felt that the turn of a hair would decide the final award between Wilson & Co. and the Chicago Stock Yard company. Up to the time the animals entered the ring, partisans for each hitch were "going strong," but a bit of misfortune which prevented one animal each from the lead, swing and wheel pairs of the regular hitch from competing for the Stock Yard Company

turned the scales definitely in favor of the Wilson entry. Not only were the Wilson horses as exhibited draftier, but they were much better mated. Third went to the Manitoba 6 on their better balance and greater activity, while fourth was awarded to the Hassler grays. During the last three nights of the show the ribbons were placed by Capt. A. M. Montgomery and Harry McNair.

"The brown 22-year-old gelding Joe, owned and exhibited by the Western News Co., was the only entry. He has been worked continuously on Chicago streets for 16 years, and still is fresh and vigorous, and said to be sound. He has broken in over 300 mates and won 2 cups before this show. A silver trophy again was awarded to him this year. This reflects great credit not only on the stamina of the horse but also on the manner in which he has been cared for. He looks like a grade Percheron."—THE BREEDER'S GAZETTE.

SPECIAL PRIZES FOR THE MEN BEHIND THE HERDS, FLOCKS AND STABLES

Recognizing the superior skill, fine judgment and faithful devotion to duty on the part of the herdsman, shepherds and grooms in preparing the splendid specimens of animal excellence displayed annually at the International Live Stock Exposition, the management has decided to establish a series of competitive awards each year in the shape of medals in each of the various divisions, as follows:

AWARDS IN 1925

Herdsmen fitting G. C. Steer of Show.....	George Edwards, Ames, Iowa
Herdsmen fitting G. C. Carload of Beef Cattle.....	M. T. Sullivan, Mason City, Ill.
Herdsmen fitting G. C. Shorthorn Bull.....	James Watson, Pekisko, Alta., Can.
Herdsmen fitting G. C. Milking Shorthorn Bull.....	John O. Rowe, Davis, Calif.
Herdsmen fitting G. C. Hereford Bull.....	Wm. Kerr, Lafayette, Ind.
Herdsmen fitting G. C. Aberdeen-Angus Bull.....	Geo. A. Porteous, Miami, Okla.
Herdsmen fitting G. C. Red Polled Bull.....	Alva T. Schickedanz, Chenoa, Ill.
Herdsmen fitting G. C. Galloway Bull.....	J. W. Larabee, Earlville, Ill.
Herdsmen fitting G. C. Polled Shorthorn Bull.....	W. B. Berry, Saronville, Neb.
Shepherd fitting G. C. Wether of Show.....	George Philip, Davis, Calif.
Shepherd fitting G. C. Carload of Sheep.....	Alex. Mackenzie, London, Ont., Can.
Herdsmen fitting G. C. Pen of Barrows.....	Harold Williams, Ames, Iowa
Herdsmen fitting G. C. Carload of Hogs.....	Brother Leo, Notre Dame, Ind.
Groom of Clydesdale Stable Winning Most Prizes.....	James Slessor, Saskatoon, Sask., Can.
Groom of Percheron Stable Winning Most Prizes.....	Robert Tighe, Beacon, Iowa
Groom of Belgian Stable Winning Most Prizes.....	Lester R. Good, Ogden, Iowa
Groom of Shire Stable Winning Most Prizes.....	F. A. Huddlestun, Webster City, Iowa
Groom of Suffolk Stable Winning Most Prizes.....	H. P. Perkins, Hawthorn Farm, Lake County, Ill.

THE EVENING HORSE SHOW

The largest and most satisfactory exhibition of light and heavy harness horses, roadsters, three and five gaited saddle horses, ponies and hunters and jumpers ever seen in the arena at the International Live Stock Exposition appeared to compete for the class prizes and championship stakes at the 1925 exhibition. Competition in all classes was keen.

Mr. R. Lawrence Smith, of New York City, and Mr. Harry McNair, of Chicago, passed on the horses and ponies in harness, and on horse and pony breeding classes.

The saddle horses of three gaits and the saddle ponies were submitted to the same two judges. The fine harness horses and the saddle horses of five gaits went before a single judge, Mr. Harry McNair. Mr. Alfred B. Maclay, of Millbrook, New York, and Mr. Smith looked after the hunters and jumpers. Mr. Robert A. Fairbairn, of Westfield, New Jersey, was the associate judge in the tying of the ribbons.

The French High Commission Challenge Cup has now been competed for for eight years and still remains unwon. This year Mrs. F. J. Navin, of Detroit, with her

gray gelding, Ruane, won a leg. This cup must be won three times by the same exhibitor.

The six-horse hitches in harness still retain their great popularity and were judged by Mr. Andrew W. Montgomery, of Hartland, Wisconsin, and Mr. Harry McNair.

On the program one hundred forty-seven classes were scheduled for the nine performances and all were given without a hitch. For special features there was a parade each night of the prize winning cattle and the prize winning draft horses, chukkers of polo, an exhibition of the famous high school horse, Belle Beach, and of a shepherd with his sheep dog.

Mr. O. T. Henkle, the chairman, and Mr. W. J. O'Connor, the secretary of the horse show committee, are to be congratulated for the quality and quantity of entertainment offered and for the successful conduct of the entire show.

ROADSTERS

(Standard or Non-Standard)

CLASS 1

TROTTERS—Stallion, Mare or Gelding. To be shown to road or speed wagon.

Awards

- 1st Jack London—Geo. J. Peak & Son, Winchester, Ill.
- 2nd Alvarado—John R. Thompson, Chicago, Ill.
- 3rd Lillian Sydles—Geo. J. Peak & Son, Winchester, Ill.
- 4th Little Sister—Mrs. Daniel A. Orth, Chicago, Ill.

LEADING ARTICLE AND FARINA REGAL—MRS. JOHN R. THOMPSON DRIVING
Prize Winning Pair of Horses Driven by Lady.

CLASS 2

TROTTERS—Stallion, Mare or Gelding. To be shown to road or speed wagon, with appointments. Horse to count 60 per cent; appointments, 40 per cent.

Awards

- 1st St. Mesrob—Geo. J. Peak & Son, Winchester, Ill.
- 2nd Alvarado—John R. Thompson, Chicago, Ill.
- 3rd Little Sister—Mrs. Daniel A. Orth, Chicago, Ill.
- 4th Jack Worthy—John Hubly, Mason City, Ill.

CLASS 3

TROTTERS—Stallion, Mare or Gelding. To be shown to bike.

- 1st Lillian Sydles—Geo. J. Peak & Son, Winchester, Ill.
- 2nd Alvarado—John R. Thompson, Chicago, Ill.
- 3rd The Project—John Hubly, Mason City, Ill.
- 4th Dewey Worthy—John Hubly, Mason City, Ill.

CLASS 4

TROTTERS—Trotting Pairs, to be shown to road wagon.

- 1st Peter Handsome and St. Mesrob—Geo. J. Peak & Son, Winchester, Illinois.
- 2nd Jack London and St. Alora—Geo. J. Peak & Son, Winchester, Ill.
- 3rd The Project and Jack Worthy—John Hubly, Mason City, Ill.
- 4th Plain Jane and Little Sister—Mrs. Daniel A. Orth, Chicago, Ill.

CLASS 5

TROTTERS—Trotting Pairs, to be shown to road wagon, with appointments. Horses to count 60 per cent; appointments, 40 per cent.

- 1st Jack London and St. Alora—Geo. J. Peak & Son, Winchester, Ill.
- 2nd Peter Handsome and St. Mesrob—Geo. J. Peak & Son, Winchester, Illinois.
- 3rd The Project and Jack Worthy—John Hubly, Mason City, Ill.
- 4th Plain Jane and Little Sister—Mrs. Daniel A. Orth, Chicago, Ill.

\$500.00 CHAMPION ROADSTER STAKE**CLASS 6**

Stallion, Mare or Gelding. To be shown to road or speed wagon. Horse alone to be considered.

Awards

- 1st St. Mesrob—Geo. J. Peak & Son, Winchester, Ill.
- 2nd Alvarado—John R. Thompson, Chicago, Ill.
- 3rd Lillian Sydles—Geo. J. Peak & Son, Winchester, Ill.
- 4th Jack London—Geo. J. Peak & Son, Winchester, Ill.
- 5th The Project—John Hubly, Mason City, Ill.
- 6th Little Sister—Mrs. Daniel A. Orth, Chicago, Ill.
- 7th The Object—John Hubly, Mason City, Ill.

RUNABOUT CLASS**CLASS 7**

Horse, not exceeding 15 hands 2 inches, to be shown to runabout. Horse should have style (excessive action not essential), good manners, and be able to go good pace. Horse must stand without being held.

- 1st Frisco—John Hubly, Mason City, Ill.
- 2nd Bocohama—Wm. E. Dee, Chicago, Ill.

HORSES IN HARNESS**CLASS 8**

Horse, 14 hands 2 inches and under 15 hands 2 inches. To be shown to a light two or four-wheeled vehicle. Horse alone to be considered.

- 1st Field Marshall—Otto W. Lehmann, Lake Villa, Ill.
- 2nd Sunset—Heyl Pony Farm, Washington, Ill.
- 3rd Leading Article—John R. Thompson, Chicago, Ill.
- 4th Model Lady—Mrs. A. C. Thompson, Chicago, Ill.

CLASS 9

Pair of Horses, 14 hands 2 inches and under 15 hands 2 inches. To be shown to a light four-wheeled vehicle. Horses alone to be considered.

Awards

- 1st Montpelier Corinne and Netherhall's Pride—Otto W. Lehmann, Lake Villa, Ill.
- 2nd Sunset and Sunbeam—Heyl Pony Farm, Washington, Ill.
- 3rd Model Gem and Model Lady—Mrs. A. C. Thompson, Chicago, Ill.
- 4th Seaton Buster and Seaton Priscilla—Wm. E. Dee, Chicago, Ill.

CLASS 10

Horse, 15 hands 2 inches or over. To be shown to an appropriate two or four-wheeled vehicle. Horse alone to be considered.

- 1st Princess Mary—Otto W. Lehmann, Lake Villa, Ill.
- 2nd Sporting Extra—John R. Thompson, Chicago, Ill.
- 3rd Amaryllis—Wm. E. Dee, Chicago, Ill.
- 4th Queen Elizabeth—Mrs. A. C. Thompson, Chicago, Ill.

CLASS 11

Pair of Horses, 15 hands 2 inches or over. To be shown to a light four-wheeled vehicle. Horses alone to be considered.

- 1st Queen Mary and Queen Elizabeth—Mrs. A. C. Thompson, Chicago, Illinois.
- 2nd Princess Mary and Prince Peterboro—Otto W. Lehmann, Lake Villa, Ill.
- 3rd Amaryllis and Seaton Buster—Wm. E. Dee, Chicago, Ill.
- 4th Seaton Monkshood and Sunbeam—Heyl Pony Farm, Washington, Illinois.

CLASS 12

Three Horses, 14 hands 2 inches or over, owned by same exhibitor, shown as a pair and a single.

- 1st Otto W. Lehmann, Lake Villa, Ill.

Harness Horse, 14 hands 2 inches or over, to be shown to appropriate vehicle

- 1st Leading Article—John R. Thompson, Chicago, Ill.
- 2nd Queen Elizabeth—Mrs. A. C. Thompson, Chicago, Ill.
- 3rd Sporting Extra—John R. Thompson, Chicago, Ill.
- 4th Seaton Buster—Wm. E. Dee, Chicago, Ill.

CLASS 1005

Saddle Horse, ridden at walk, trot and canter, by lady

- 1st Kid Boots—Mrs. Glen Dipmore, Chicago, Ill.
- 2nd Beggar Boy—Miss Lucile F. Fesler, Chicago, Ill.
- 3rd My Buddie—Miss Adele Moller, Blue Island, Ill.
- 4th Watchful—Mrs. A. C. Thompson, Chicago, Ill.

REX RENE—BENNIE BENSON UP

First prize combination harness and saddle horse.
Owned by Mrs. James G. Alexander, Chicago, Ill.

CLASS 1006

Gaited Saddle Horse, five gaits: walk, running walk, fox trot or slow pace, canter, rack and trot

Awards

- 1st Silver Gale—Mrs. A. C. Thompson, Chicago, Ill.
- 2nd Emily McCreedy—Miss Gertrude B. Hardt, Chicago, Ill.
- 3rd Stepping Suedo—Myles Cannaven, Chicago, Ill.
- 4th Eclipse—Louis J. Pfaelzer, Chicago, Ill.

CLASS 1007

Riding Team (two horses), to be shown at walk, trot and canter. Conformation 50 per cent; team work, 25 per cent; appointments, 25 per cent. Ladies, gentlemen or mixed teams.

- 1st Dream Girl and Watchful—Mrs. A. C. Thompson, Chicago, Ill.
- 2nd The Dude and Pattye Dare—Miss Eleanor P. Weber and Myles Cannaven, Chicago, Ill.
- 3rd Leading Lady and Echo—Ms. B. H. Davies and Dave Waixel, Chicago, Ill.
- 4th Mardip and May Allison—Mrs. Glen Dipmore and Fred A. Poole, Jr., Chicago, Ill.

CLASS 1008

Hunters, qualified or green, up to carrying 170 pounds, to hounds. To be shown over a 4-foot 3-inch brush, a 4-foot 3-inch fence, and an in-and-out jump, the first fence (post and rail) 3 feet 6 inches; second fence (post and rail) 4 feet. Twice around. Performance only to count.

- 1st June Night—George A. Strom, Chicago, Ill.
- 2nd Tom Taylor—Leona Farms, Cary, Ill.
- 3rd Wee McGregor—Philip D. Burke, Chicago, Ill.
- 4th Over the Top—Dunstan Collins, Oak Park, Ill.

CLASS 1009

Hunters, qualified or green, up to carrying over 170 pounds, to hounds. To be shown over a 4-foot 3-inch brush; a 4-foot 3-inch fence; a 4-foot 3-inch picket fence, and 4-foot 3-inch post and rail. Twice around. Performance only to count.

- 1st Hemlock—E. J. Lehmann, Lake Villa, Ill.
- 2nd Birchwood—E. J. Lehmann, Lake Villa, Ill.
- 3rd Wood King—Leona Farms, Cary, Ill.
- 4th Lough Eagle—Leona Farms, Cary, Ill.

CLASS 1010

Hunters, to be ridden by amateurs. To be shown over a 4-foot brush; a 4-foot fence; a 4-foot picket fence; and a 4-foot post and rail. Twice around. Performance to count 75 per cent; conformation, 25 per cent.

Awards

- 1st Hemlock—E. J. Lehmann, Lake Villa, Ill.
- 2nd Hercules—Duffield Farms, Waukegan, Ill.
- 3rd Gray Dawn—Leona Farms, Cary, Ill.
- 4th Mellwood—Mrs. Harry G. Goelitz, Jr., Oak Park, Ill.

CHILDREN'S CLASS**CLASS 1011**

Saddle Horses or Ponies, to be ridden by children 17 years or under. Must be amateurs. Riding and horsemanship only to count.

- 1st Dwight Collins, Oak Park, Ill.
- 2nd George A. Strom, Jr., Chicago, Ill.
- 3rd Byron Collins, Oak Park, Ill.
- 4th Henry Bender (for Mrs. Glen Dipmore), Chicago, Ill.

CHICAGO EQUESTRIAN ASSOCIATION CLASSES**CLASS 1013**

Saddle Horse, three gaits, over 14 hands 2 inches. Owned by a member of the Chicago Equestrian Association. To be ridden by amateur, who must be a member of the Chicago Equestrian Association.

- 1st Mystery Girl—Mrs. A. C. Thompson, Chicago, Ill.
- 2nd Wonder Miss—Miss Gertrude B. Hardt, Chicago, Ill.
- 3rd Bobbie Martin—Mrs. Glen Dipmore, Chicago, Ill.
- 4th The Bachelor—G. Keith Line, Chicago, Ill.

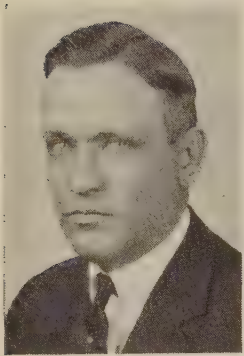

CLASS 1014

Saddle Horse, five gaits, over 14 hands 2 inches. Owned by a member of the Chicago Equestrian Association. To be ridden by amateur, who must be a member of the Chicago Equestrian Association.

- 1st Rex Shawmut—Mrs. Glen Dipmore, Chicago, Ill.
- 2nd Golden Flash—Miss Gertrude B. Hardt, Chicago, Ill.
- 3rd Damon McDonald—E. R. Shaw, Chicago, Ill.
- 4th Blonde—Raymond I. Power, Chicago, Ill.

THE MEAT SHOPPE (Quality in Meats Exhibit)

By R. C. POLLOCK, Superintendent

R. C. Pollock
Supt.

The "Quality in Meats" exhibit at the 1925 International Live Stock Exposition was proclaimed a tremendous success. In a great many respects it even surpassed the exhibit of the previous year, which was the first extensive showing of meats ever arranged as a feature of a live stock exposition. While superior to the 1924 exhibit, this superiority must not be construed as belittling to the initial exhibit, for that showing of meats was most comprehensive and was pronounced by all branches of the live stock and meat industry as a most valuable adjunct to the great International Live Stock Exposition.

But the second effort offered an opportunity to profit by the experiences of the first and thus to further perfect this comparatively new institution of meat learning.

Not only was the display last December a master stroke in education for producer and consumer, but it carried with it a deep significance from the standpoint of future achievements. It brought to light almost endless possibilities of education on the subject of meat through careful display of the product; it definitely established the fact that educational and research agencies of high repute are heartily in accord with such methods and are ready to contribute their full moral and physical support; it showed that the interest of the producer in quality meat is steadily being developed; and it revealed an apprecia-

tive attitude on the part of the consumer toward the effort being made by the industry to produce a food which will meet with his approval.

The 1925 exhibit evolved itself into a vast co-operative project. It was sponsored by the National Live Stock and Meat Board, and the many displays or units of the exhibits were made possible by the participation of eight state agricultural experiment stations, the U. S. Department of Agriculture, and the Institute of American Meat Packers; also King Ranch of Kingsville, Texas, and Sn-A-Bar Farms of Grain Valley, Mo.

Never before had these agencies joined forces in such an endeavor. Never before had experiment stations entered into a showing of the meat of their experimental animals. Year after year these stations had shown their animals on the hoof, but this display on the hook was an innovation in their program. Their work thus was carried a step further than in the past. All of this was made possible by the enthusiastic co-operation extended by Mr. O. T. Henkle, one of the directors of the International Live Stock Exposition.

New quarters were provided for the 1925 "Quality in Meats" exhibit in the northwest corner of the main Exposition building. Being easy of access and of popular appeal with its huge coolers and attractive arrangement of carcasses and meat, the exhibit drew thousands of interested visitors. The program was planned so as to crowd as much educational material as possible into the few days of the show's duration. If a visitor viewed the displays on Monday and returned on Wednesday, he found an entirely different lesson for his consideration, for the

entire exhibit had been changed. Diversity was gained by setting off the exhibits into three distinct divisions.

DIVISION I

Division I was comprised largely of displays furnished by the experiment stations and the U. S. Department of Agriculture. These displays were in place the first three days of the Exposition. The stations participating were from the states of Arkansas, Illinois, Indiana, Iowa, Minnesota, Missouri, Nebraska and North Dakota. They were on hand with carcasses and products of cattle, hogs and lambs, portraying results of feeding and breeding upon the quantity and quality of meat produced. The Department of Agriculture co-operated with Sni-A-Bar Farms in a showing of calves. Animals for the exhibit were shipped to Chicago in the live state and slaughtered after their arrival.

The offerings of each of these experiment stations were combined in telling a most constructive and interesting story.

Sni-A-Bar Farms, U. S. Department of Agriculture and Missouri

Sni-A-Bar Farms in co-operation with the Department of Agriculture and the Missouri Agricultural Experiment Station showed carcasses and cuts of calves from two lots illustrating the results of feeding grain versus no grain while on grass with the dams. The best methods of feeding and management of the beef calves while suckling is an important question, and co-operative research involving it is in progress at these well-known farms.

Nebraska

From Nebraska came an exhibit setting forth differences in meats from cattle in different ages and weights

but uniform in market grade. To indicate these differences, carcasses and cuts were shown of (1) prime light steer (super baby beef), (2) prime yearling steer and (3) prime heavy steer.

Institute of American Meat Packers

An exhibit contributed to Division I by the Institute of American Meat Packers contrasted the carcasses and cuts of three 2-year-old steers, representing the prime, good and common market grades. The relation between market grade of animals and the quality in the meat is one which commands wide-spread interest.

King Ranch

Brahman blood in cattle breeding is a question of concern to many cattle men in southeast Texas and elsewhere in the gulf-coast region. A steer carcass from King Ranch, Texas, showed vividly the influence of Brahman blood upon the quality in the meat.

Arkansas

Arkansas provided carcasses and cuts of hogs illustrating the results of feeding hog ration of corn, tankage and minerals, which is a standard, as compared with a ration of corn and minerals. It was shown that the ration loses much of its value when the tankage is removed.

Illinois

A showing of hog carcasses from Illinois indicated the location of the different cuts, their appearance after cutting and trimming, their retail price per pound, and cost per pound of lean meat and edible meat. This exhibit also showed the divisions of the cuts into lean, fat, skin and bone, with the percentage of each component.

Iowa

The Iowa display of carcasses and cuts of hogs contrasted the results of feeding (1) corn and minerals, (2) corn, tankage and minerals, (3) oats (followed by corn) and minerals on rape pasture.

Minnesota

Results of producing hogs on pastures in comparison with dry lot were shown in a display of carcasses offered by the Minnesota Station. In this display it was pointed out that pastures for pigs were valuable for several rea-

**EDUCATIONAL EXHIBIT OF CARCASSES SHOWING CONTRASTS
IN BEEF AND PORK**

(The common, good and prime steer, and the hard, soft and oily hogs.)

sons and that swine production cannot be carried on with best results without pasture.

North Dakota

In view of wide interest in the production of hogs of the type, quality and finish to yield first-class Wiltshire sides, the North Dakota Station showed fresh and cured sides to illustrate the following (1) ideal type, quality and finish for Wiltshire side, (2) ideal type and quality but over-finished for Wiltshire side, (3) ideal type and quality but under-finished for Wiltshire side.

DIVISION II

Division II of the "Quality in Meats" exhibit, furnished by the Institute of American Meat Packers, was moved in as Division I was moved out, and was left in place for a period of two days. Institute members exhibited carcasses and products of beef, pork and lamb, showing the differences in the meat products revealed by the various types and classes of animals after slaughter.

Beef

In the beef demonstration was found the following:

Feeder steer—A 2-year-old animal of good quality but lacking finish. This is the type usually bought for feed lots. When fed it may make a prime steer.

Prime steer—A 3-year-old heavy steer, highly finished, supplying the cuts preferred for hotel, club, diner and restaurant trade, and yielding the rich, tender steaks, roasts and other cuts.

Prime yearling—A well finished animal yielding the choice cuts of suitable weight for family trade.

Good yearling—An animal of good finish, but not of the quality of the prime yearling.

Good 2-year-old—Also of good finish but not prime quality.

Common 2-year-old—An animal showing a certain coarseness and lack of finish.

A lean cow and a fat cow—both of them telling their own tale.

Veal calves were represented by one yielding heavy veal and another the "milk veal" type. They brought out the contrast in shape, weight, and color of flesh and the amount of fat carried.

Pork

The pork demonstration was equally instructive and presented an interesting study in contrast. It included:

A packing sow—which is generally used for barreled pork and dry salt meat. It contains a large proportion of lard-yielding fat.

Heavy butcher hog—An animal between 240 and 350 pounds alive, prime and smooth. Yields heavy loins, large hams, cuts suitable for making dry salt meats and lard.

Light butcher hog—An animal of live weight between 160 and 240 pounds, and most preferred between 200 to 220 pounds. Yields the most popular cuts, such as light and medium loins, choice hams and bacon, lard and sausage.

Bacon-type hog—Showing a choice, lean, young hog, 180 to 200 pounds. This type yields chiefly the "Wiltshire sides" for the English export trade. It has great length between ham and shoulder, with lean and fat in fairly equal layering in back, loin and belly.

A shipper pig—Similar to the butcher hog in type and quality but lighter in weight; generally not highly finished.

Two bruised pork carcasses were added to show how bruising animals by whips, clubs and prod poles mutilates and reduces the value of the meat left uninjured. All bruised parts must be removed and rendered into inedible products. Bruising live stock causes millions of dollars' loss yearly.

In the commercial pork cuts there were:

A heavy belly used in the dry salt trade;

A light belly which is the source of most of the fancy
American bacon;

A heavy pork loin made from a heavy butcher hog
that will cut three or four chops to the pound; and

A light pork loin made from a light butcher hog that
will cut five or six chops to the pound.

EDUCATIONAL EXHIBIT OF SWINE CARCASSES

Furnished by Institute of American Meat Packers.

Lamb and Mutton

A valuable lesson in type and conformation was contained in the lamb and mutton exhibit. It included:

Prime mutton carcass that produces the choice mutton cuts, and

Prime lamb carcass that produces the choice lamb cuts.

There was a heavy lamb; a prime or choice lamb; a good lamb; a medium lamb; a cull and a "buck" lamb. The last showed the rangy, thin, undesirable carcass and emphasized the imperative need for docking and castration.

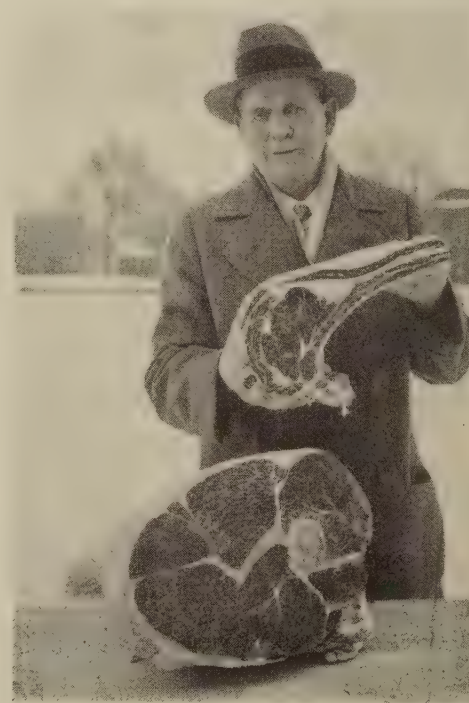

There also was a "break joint" exhibit of lamb, in which attention was called to the red appearance at the end of the shank and the irregular broken edge—a sure sign of youth in a carcass. It was contrasted with a "break joint" of mutton showing white "knuckles" and smooth edges—a sign of age in the carcass.

DIVISION III

Prize-winning carcasses in the annual carcass contest were designated as Division III, occupying the coolers the final two days of the show. The display was under the supervision of the Department of Animal Husbandry, Iowa State College. On Friday morning these carcasses were sold at public auction. Those familiar with the auction know that it was a splendid climax for a most successful week. It was an event long to be remembered, for it shattered all previous records in interest and prices obtained.

The winners in the annual carcass contest were displayed in the Meat Shop exhibit for the first time the year preceding, but the sale was of mediocre success. There was some fear expressed at that time for the future of the carcass contest. But the outcome of the 1925 event not

only erased all such fears but instilled a spirit of utmost optimism, and increased the appreciation of the efforts put forth by the exhibitors. The results of that auction sale with its record prices went booming across the country.

W. W. WILSON, MUNCIE, IND.

Showing Portion of Grand Champion Carcass, Sold at
World Record Price of \$7.00 per Pound.

The Grand Champion Steer carcass, an Aberdeen-Angus Junior yearling exhibited by W. W. Wilson and Son of Muncie, Ind., brought the unheard-of price of \$7 per pound. It was purchased by the New City Packing and Provision Company for the Hotel Sherman. Mr. Wilson

reserved half of the carcass to be served at the banquet of the Indiana Live Stock Breeders' Association.

Enthusiasm during the bidding on all carcasses was without precedent, cheers filling the building as the figures mounted higher and higher. When the champion beef,

ENTHUSIASTIC CROWD ATTENDING THE RECORD-BREAKING AUCTION SALE

Prize Carcasses in the "Quality-in-Meat" Exhibit
With Col. Roy G. Johnston on the Auctioneer's Block.

which was offered first, reached the \$3 mark those present thought it marvelous. But that was not the end; in fact, it was hardly the beginning, as shown by the close of \$7.

The Grand Champion Lamb carcass also was purchased for the Hotel Sherman by the New City Packing and Provision Company at \$8 per pound. Horn & Hardart Baking Company of Philadelphia took the Grand Champion Hog carcass, a Berkshire, at 45 cents per pound. Other winning carcasses brought comparatively good prices.

In setting up the "Quality in Meats" exhibit, every effort was made to maintain the greatest possible simplicity in the interest of clearness. An ample supply of easily read explanatory signs accompanied each unit, and furthermore, every visitor was provided with a pamphlet which explained in detail all phases of the exhibit. Also, there were attendants on hand to answer questions.

Another feature in the way of literature was an attractive and valuable meat recipe book which was available to all who wished it. The demand for this book was in excess of 10,000 copies; and it must be borne in mind that the book was not given out promiscuously to children and those who did not ask for it. A recipe book had been distributed at the 1924 exhibit, and, apparently, that publication made a lasting impression. Many visitors called to mind the first book. One man told us he received explicit instructions from his mother to be sure to get "one of those meat recipe books," when he visited the Exposition.

A large quantity of bulletins containing an address by Dr. James R. Slonaker of Stanford University, Calif., also were distributed. In this address Dr. Slonaker told

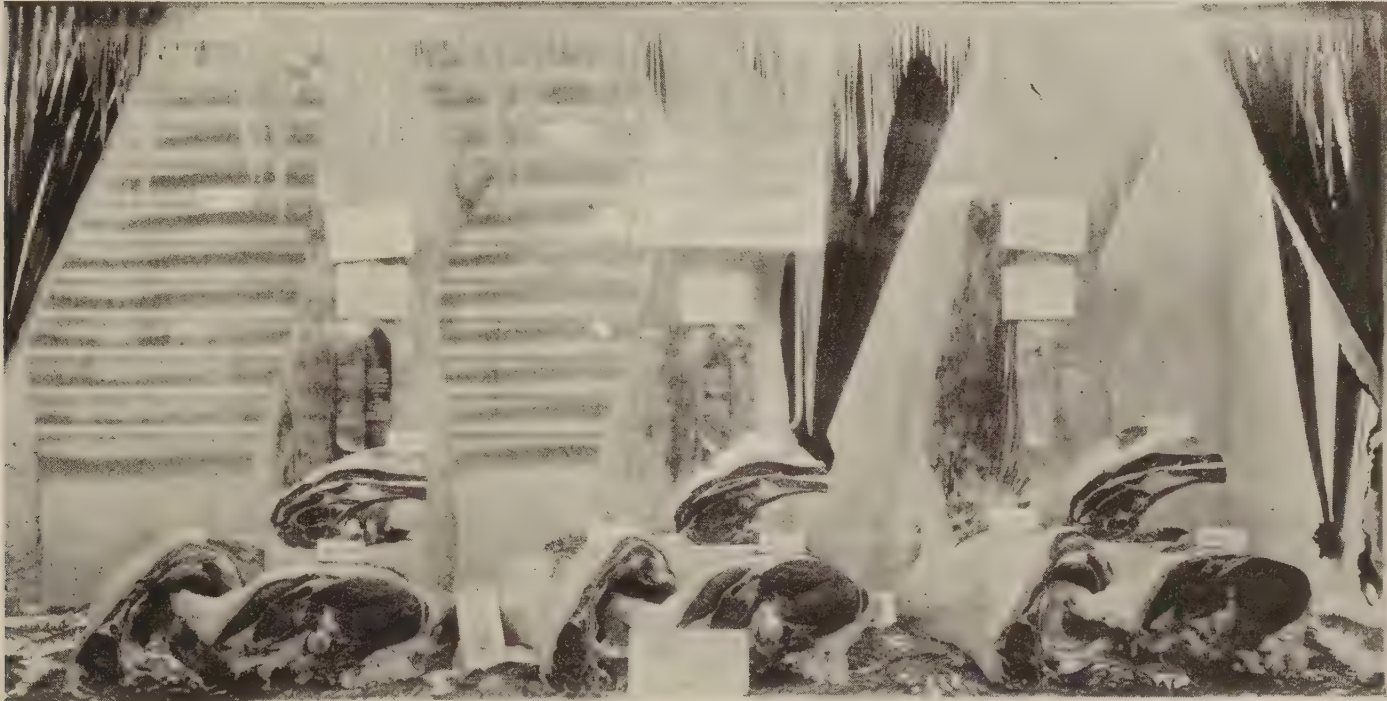

PROF. F. KLEINHEINZ,

University of Wisconsin, who produced the Champion Lamb Carcass, sold at \$8.00 a pound

of his many years of experimentation on diet, comparing the meat and vegetable diet with the diet made up strictly of vegetables. This work brought out striking facts most

favorable to meat as a requisite to the balanced diet, and the story as told briefly in the bulletin was most appropriate for the occasion.

CUTS FROM WINNING CARCASSES IN "QUALITY-IN-MEATS" EXHIBIT

(In center is Grand Champion Carcass sold at \$7.00 per lb.)

As has been brought out in this article, many agencies united in making possible the 1925 exhibit. In this behalf mention of the United Cork Companies and the York Company should not be neglected. The United Cork Com-

panies provided and installed the two huge coolers, and the refrigeration for these coolers was furnished by the York Company.

PRIZE-WINNING SHEEP CARCASSES IN "QUALITY-IN-MEATS" EXHIBIT
(The Grand Champion Carcass sold at \$8.00 per pound.)

INSTITUTE OF AMERICAN MEAT PACKERS SPECIALS

By EDWARD N. WENTWORTH

Recognizing that one of the effects of the trend toward lighter animals in the live stock market is the discouragement of improvement from a meat type standpoint, the Institute of American Meat Packers in April, 1922, appointed a Committee on Improved Live Stock Breeding, whose function was to devise means of stimulating the use of better bred sires. The entire experience of the packing industry in the purchase of live stock has led it to the conclusion that the improved breed is the only basis for advancement in the production of carcass types. The market recognizes that feeding is important in producing suitable finish, but breeding is essential in order that animals shall possess the proper type and handle the feed supplied them efficiently and economically.

With this belief as a foundation to work from, the Committee offered a number of prizes for the best bred carlots of cattle and the best bred individual entries in the junior live stock feeding contests. These prizes were originally offered at the International Live Stock Exposition, but were extended to other shows as well. In the carlots, awards were made in the three leading breeds of cattle. First prize in each case was a solid silver cup appropriately engraved, while second prize was a rosetted ribbon. For purposes of award, the term "best bred" was interpreted to signify animals showing the highest degree of the standard characteristics, type, conformation and quality of the breed specified, as well as the greatest uniformity among the different individuals of the carload. In order to promote the purebred sire idea, it was required that the carload be the produce of one man's herd, although the exhibitor need not be the breeder. In 1923 this rule was changed to make the award directly to the breeder regardless of whether he exhibited the carload or whether

it was exhibited by some one to whom the load was sold. Amount of flesh was disregarded, making both feeders and finished animals eligible, since the prizes were intended to recognize breeding only. In other words, the contest was so conducted as to encourage the continued use of purebred sires for market animals.

In the junior feeding contests, solid silver medals for the best bred animal of each breed of cattle, sheep and swine were offered under comparable rules.

The ideas behind the original awards are to be credited to the first Chairman of the Committee, Mr. Murdo Mackenzie of Wilson & Company, and later manager of the Matador Land and Cattle Company. Mr. Mackenzie is the leading exponent of high class breeding among western producers, and used his experience in breeding up his own herd as a foundation for stimulating this work.

CATTLE

(Feeding or Fattened Steers or Heifers, any age)

Best Bred Carload of Shorthorn Cattle

Awards

- 1st Sai-A-Bar Farms, Grain Valley, Mo.
- 2nd Bellows Bros., Maryville, Mo.

Best Bred Carload of Hereford Cattle

- 1st C. T. Mitchell, Marfa, Texas.
- 2nd A. J. Mettler, Menno, S. D.

Best Bred Carload of Aberdeen-Angus Cattle

- 1st J. A. Huseman, Crown Point, Ind.
- 2nd W. A. Berg & Son, Parnell, Mo.

JUNIOR FEEDING CONTEST

(For Boys and Girls under 20 years)

- Best Bred Shorthorn Steer—Glenn Michael, Loretto, Neb.
- Best Bred Hereford Steer—Beryle Williams, Salem, Ind.
- Best Bred Aberdeen-Angus Steer—Pauline Brown, Aledo, Ill.
- Best Bred Shropshire Lamb—Alice E. Garrott, Battle Ground, Ind.
- Best Bred Southdown Lamb—Alvin L. Helms, Belleville, Ill.
- Best Bred Oxford Lamb—Alvin L. Helms, Belleville, Ill.
- Best Bred Chester White Hog—Wilma Mahew, Aledo, Ill.
- Best Bred Duroc-Jersey Hog—Dale Garner, Charleston, Ill.

COLLEGE AND EXPERIMENT STATION SECTION

DEMONSTRATION IN MUTTON IMPROVEMENT

Each year since 1917 President A. G. Leonard of the Union Stock Yard & Transit Company of Chicago has offered a series of prizes for the best demonstrations in mutton improvement breeding work exhibited at the International Live Stock Exposition by agricultural colleges. The contest is designed both to induce the agricultural colleges to make instruction in sheep husbandry more conspicuous in their work and also to give visitors to the International a practical demonstration of the possibilities of building up a valuable farm flock from ordinary grade ewes, which are clearly lacking in mutton form, by crossing them with registered rams of the mutton breeds.

As usual, Prof. Kleinheinz of the University of Wisconsin, exhibited an educational display of sheep from the

college flock, vividly illustrating the practical possibilities of raising market topping lambs by using pure bred mutton rams on range ewes, such as are available on the Chicago market.

Three yearling ewes by a Southdown ram out of western ewes were shown along side of three lambs by a Shropshire ram out of first cross ewes. A pen each of wether lambs and ewe lambs of the Southdown-Western ewe cross were brought out before the judge, E. L. Shaw, Ashley, Ohio, and he selected a ewe lamb as the best individual.

This exhibit was penned in a conspicuous place in one of the sheep barns and attracted much attention. Placards over each pen brought out the lessons of each in a clear, forceful manner.

CLASS 1

Three Wether Lambs

1st University of Wisconsin, Madison, Wis.

CLASS 2

Three Ewe Lambs

1st University of Wisconsin, Madison, Wis.

CLASS 3

Best Lamb

1st University of Wisconsin, Madison, Wis.

CLASS 4

Three Yearling Ewes

Awards

1st University of Wisconsin, Madison, Wis.

CLASS 5

Three Lambs (ewe or wether) from the yearling ewes bred according to the requirements for the ewe lambs eligible for 1924 International or from ewes of the same breeding.

1st University of Wisconsin, Madison, Wis.

JOHN CLAY & COMPANY SPECIALS

Another record number of contestants vied for the John Clay & Company offering of \$1,000 in prizes to agricultural colleges on their exhibits of cattle, hogs and sheep. Competition was open to all breeds of pure bred and to grades and crosses as well.

Iowa carried off the lion's share of the awards by virtue of its capturing first and second premiums in senior yearling cattle, second in junior yearlings, fourth in calves, first in best five head of cattle, first in best general exhibit, consisting of five cattle, five hogs and five sheep, first in best barrow under 250 lbs. and first and third in best five barrows under 250 lbs. Grand championship in in-

dividual fat cattle in the John Clay & Company specials as well as of the International also went to Iowa on Mah-Jongg which sold at the record price of \$3 per pound.

University of California with a pure bred Southdown lamb, won first in the wether class, later selling this individual at the record price of \$4.15 per pound.

Pennsylvania State College showed up to excellent advantage, winning second in best five cattle, second in best general exhibit of five cattle, five hogs and five sheep, second in best five barrows under 250 lbs., first in aged wethers, reserve champion wether and fifth in best five wethers under 18 months.

JOHN CLAY & COMPANY SPECIALS CATTLE DIVISION

(Open to all pure-breds, grades and crosses)

CLASS 1

Steer, Spayed or Martin Heifer, Calved Between Sept. 1, 1923, and Jan. 1, 1924.

Awards

- 1st Mah-Jongg—Age, Sept. 3, 1923; sire, Elvan 320742; dam, Black Ida of Lone Ash 291195—Iowa State College, Ames, Iowa.
- 2nd Wallstreet—Age, Oct. 3, 1923; sire, Bradstreet 162580—Iowa State College, Ames, Iowa.
- 3rd Purdue's Prince 1285149—Age, Sept. 2, 1923; sire, White Champion 753519; dam, Sultan's Princess 814450—Purdue University, Lafayette, Ind.
- 4th Diamond Lad 1141—Age, Dec. 11, 1923; sire, Diamond Disturber 1102884; dam, Fair Lassie 705072—Purdue University, Lafayette, Ind.

CLASS 2

Steer, Spayed or Martin Heifer, Calved Between Jan. 1 and Sept. 1, 1924

- 1st Black Lad 2398—Age, March 2, 1924; sire, Quaker Lad K 281346; dam, Minnesota Primp 2nd 363607—University of Minnesota, St. Paul, Minn.

Awards

- 2nd Charcoal—Age, Jan. 6, 1924; sire, Blackcapper C 352618; dam, Queen Ella 6th 304684—Iowa State College, Ames, Iowa.
- 3rd Panama's Gift—55916—Age, June 15, 1924; sire, Panama 38th —23249—; dam, Helen Brae —31216—University of Alberta, Edmonton, Alta., Can.
- 4th College Kenyon 2410—Age, March 10, 1924; sire, Kenyon 3rd 304473; dam, College Pride N. 353846—University of Nebraska, Lincoln, Neb.

CLASS 3

Steer, Spayed or Martin Heifer, Calved Since Sept. 1, 1924

- 1st Laddie Fairfax—Age, Sept. 18, 1924; sire, Donald Fairfax 3rd 931581; dam, Lady Fairfax 820479—University of Illinois, Urbana, Ill.
- 2nd North Dakota Boy 2nd 2482—Age, Sept. 14, 1924; sire, Eldart 219754; dam, Meadow Pride 339416—North Dakota Agricultural College, Agricultural College, N. D.
- 3rd Cal. Roan Raider 297717—Age, Sept. 19, 1924; sire, Caledonia Omega 1123010; dam, The Rosary 1079983—University of California, Davis, Cal.
- 4th Gay Perfect—Age, Sept. 10, 1924; sire, Gay Baronet 333878; dam, Blackbird Perfection 12th 313864—Iowa State College, Ames, Iowa.

CLASS 4**Champion Steer, Spayed or Martin Heifer****Awards**

Mah-Jongg—Age, Sept. 3, 1923; sire, Elvan 320742; dam, Black
Ida of Loneash 291195—Iowa State College, Ames, Iowa.

CLASS 5**Best Five Head of Steers, Spayed or Martin Heifers
exhibited in above classes**

- 1st Iowa State College, Ames, Iowa.
- 2nd Pennsylvania State College, State College, Pa.
- 3rd Purdue University, LaFayette, Ind.
- 4th University of Illinois, Urbana, Ill.
- 5th University of California, Davis, Calif.

SHEEP DIVISION**(Open to all pure-breds, grades and crosses)****CLASS 1****Wether, Over 12 Months and Under 24**

- 1st Pennsylvania State College, State College, Pa.
- 2nd University of Wisconsin, Madison, Wis.
- 3rd University of Wisconsin, Madison, Wis.

CLASS 2**Wether Lamb, Under 12 Months**

- 1st University of California, Davis, Calif.
- 2nd Kansas State Agricultural College, Manhattan, Kan.
- 3rd University of California, Davis, Calif.

CLASS 3**Champion Wether**

University of California, Davis, Calif.
Reserve—Pennsylvania State College, State College, Pa.

CLASS 4**Best Five Head of Wethers, Under 18 Months****Awards**

- 1st University of California, Davis, Calif.
- 2nd University of California, Davis, Calif.
- 3rd University of Wisconsin, Madison, Wis.
- 4th Iowa State College, Ames, Iowa.
- 5th Pennsylvania State College, State College, Pa.
- 6th Purdue University, Lafayette, Ind.
- 7th Oklahoma A. & M. College, Stillwater, Okla.
- 8th University of Illinois, Urbana, Ill.

SWINE DIVISION**(Open to all pure-breds)****CLASS 1****Barrow, Under 250 Pounds**

- 1st Iowa State College, Ames, Iowa.
- 2nd Oklahoma A. & M. College, Stillwater, Okla.
- 3rd Purdue University, Lafayette, Ind.

CLASS 2**Best Five Head of Barrows, Over 250 Pounds**

- 1st Iowa State College, Ames, Iowa.
- 2nd Pennsylvania State College, State College, Pa.
- 3rd Iowa State College, Ames, Iowa.
- 4th Purdue University, Lafayette, Ind.
- 5th University of Minnesota, St. Paul, Minn.
- 6th University of Illinois, Urbana, Ill.
- 7th Oklahoma A. & M. College, Stillwater, Okla.
- 8th University of Wisconsin, Madison, Wis.
- 9th University of California, Davis, Calif.

BEST GENERAL EXHIBIT

**Best General Exhibit, 5 Cattle, 5 Sheep and 5 Swine,
Entered Under Above Classification**

- 1st Iowa State College, Ames, Iowa.
- 2nd Pennsylvania State College, State College, Pa.

J. H. Shepperd
Supt.

Twenty-two agricultural colleges, including one Canadian school, were represented in the 1925 Collegiate Live Stock Judging Contest. Prof. J. H. Shepperd, who has been superintendent of this competition for many years, returned from a trip abroad in time to again take charge of the contest, but unfortunately was obliged to submit to an operation in a Chicago hospital soon afterwards and for the first time in years has been unable to contribute to this Album

his usual interesting report of his section of the International.

The team from the Oklahoma A. & M. College, following the lead of the Oklahoma boys in the Non-Collegiate Livestock Judging Contest the preceding day, captured first honors. It is interesting to note that Professor W. L. Blizzard, coach of the winning college team, who himself was the alternate on the Kansas squad at the 1909 International, was the instructor who trained the two coaches of the winning non-collegiate team.

The victory of the Oklahoma institution adds one more name to the list of colleges which have won The

Union Stock Yard and Transit Company of Chicago trophy since it was first offered, in 1913. Three colleges, Nebraska, Purdue and Texas, have each won it twice and five colleges, Ontario, Ohio, Iowa, Kansas and Oklahoma, have each won it once. The first college winning it three times will gain permanent possession of this much prized trophy.

The honor of making the highest individual score went to Archie McGugan of the Ontario team. He scored 924 out of a possible 1,000 points, which equaled the record of the contest, made by H. F. Williams of Missouri in 1911. McGugan ranked high in the horse and swine classes. He lives at Rodney, Ont., Can., is 22 years of age and a senior in college, where he is taking a general agricultural course. On November 12th, 1925, he was on the winning team in a similar contest at Toronto and was high man in judging horses. In school he is on the college soccer team and has taken part in basket ball and inter-class debating. His family has owned a 640-acre wheat farm since 1902, near Regina, Saskatchewan, which he has managed and on which he spends his summers since his father died, two years ago. The coach of the Ontario team, Professor Wade Toole, has sent eight teams to the International contest and his students have been high men in 1918, 1921, 1923 and 1925, and his teams have stood high in 1918, second in 1921 and 1923 and third this year. It is interesting to note that

INTERNATIONAL LIVE STOCK EXPOSITION

Professor Toole competed in this contest on the Ontario team in 1910.

The winning team from the Oklahoma A. & M. College competed last March in Oklahoma City at the Southwestern American Live Stock Show and stood second. Later the same month at the Southwestern Exposition and Fat Stock Show in Fort Worth the team again took second place. At Kansas City the week before the International the team was high in judging sheep and sixth in the contest as a whole. All members of the team are Oklahoma boys raised on farms and are seniors in school. They have had actual experience at the college in looking after the stock on the farm and all plan to engage in agricultural work after graduation.

The team is composed of the following men:

Walter F. Gray, Oklahoma City, 24 years of age, stood second at the Oklahoma City contest. He was enrolled in club work from 1915 to 1918 and was awarded a trip to the International as the result of his swine winnings at the Oklahoma State Fair. He was a member of the athletic teams while in high school. His farm specializes on pure bred Duroc Jersey hogs.

L. E. Hawkins, Gracemont, 23 years of age, is a member of the Student Senate and was the champion steer rider at the college rodeo. He ranked second in cattle judging at Chicago and third in sheep at Kansas City. Pure bred Poland-China swine are raised on his farm.

R. E. Herndon, Idabel, 23 years of age, did not compete at Oklahoma City, but was in the other three contests and tied for third in judging sheep at Kansas City. He lives on a cotton farm.

C. Weathers, Stillwater, 22 years of age, took part in the Kansas City and Chicago competitions only, standing second in sheep at the former. In 1920 he was a member of the picked All-Oklahoma track team which competed at the University of Chicago Inter-Scholastic, taking part in the pole vault and relay. He was awarded his varsity letter in football in 1923. This year he is president of the senior class and manager of the college annual. During the war he served in the navy on a submarine chaser.

Harland Hamm, Oklahoma City, 22 years of age, stood second in the Fort Worth contest.

Since being at the Oklahoma A. & M. College, Professor W. L. Blizzard has sent seven teams to compete at the International and they have all landed within the high ten. One of his students was high man in 1920 and another was high on cattle last year. He was assisted in coaching the present team by Associate Professor of Animal Husbandry A. E. Darlow, who had charge of the team at Kansas City this year. Professor Darlow himself was a member of the 1918 Oklahoma team the year before that institution began to be represented at the International contest, and competed at Fort Worth and Oklahoma City, where the team stood second.

The plan of this contest as developed by Professor Shepperd and his staff over a long term of years has been adopted by many similar competitions, especially among juniors. Interest in live stock judging contests continue to grow and it is noticeable that winners in non-collegiate contests are now appearing in the college competitions.

THE UNION STOCK YARD AND TRANSIT CO. TROPHY

This organization awards a beautiful bronze trophy to the college team making the highest score in judging all classes of live stock. This trophy must be won three times to become the permanent property of an institution. The institution having the winning team is given possession of the trophy for one year. The present trophy was put up beginning with the 1913 contest and is still passing from college to college, having been won by no less than eight institutions during the thirteen years, as follows:

1913	A. & M. College of Texas.	1920	Purdue University.
1914	No Contest.	1921	Ohio State University.
1915	No Contest.	1922	Iowa State College.
1916	Purdue University.	1923	Kansas State Agri. College
1917	University of Nebraska.	1924	University of Nebraska.
1918	Ontario Agricultural College.	1925	Oklahoma A. & M. College.
1919	A. & M. College of Texas.		

PERCHERON SOCIETY OF AMERICA TROPHY

The Percheron Society of America awards a handsome silver trophy to the team taking highest rank in judging Percherons. Said trophy will become the permanent property of an institution only after it has been won three times. Following are the institutions that have won this trophy:

1920	Texas A. & M. College.	1923	University of Missouri.
1921	Ohio State University.	1924	Iowa State College.
1922	North Dakota Agricultural College.	1925	Oklahoma A. & M. College.

AMERICAN SHROPSHIRE REGISTRY ASSN. SPECIALS

To the seven students winning highest score in judging sheep at the 1925 International Exposition, seven shares of stock in the American Shropshire Registry Association:

THE INSTITUTIONAL HONOR ROLL—1900 TO 1925

Following is the honor roll by college in the number of times they have had the ranking man in the contest:

College.	Years.
Illinois	1 1900
Iowa	7 1901-1902-1903-1908-1912-1916-1922
Ohio	2 1904-1909
Ontario	5 1906-1918-1921-1923-1925
Missouri	3 1907-1910-1911
Texas	1 1913
Nebraska	3 1917-1919-1924
Oklahoma	1 1920

23

In 1905—Jos. A. Main, Ohio, 1st horses.

—C. F. Coverdale, Iowa, 1st on other stock.

This summary shows a well distributed list of "high man" winners following the first four contests.

It will surprise most people to learn that the 17 years in which comparable data is available that the high man has been from the winning team nine and from a lower team eight years.

*The first figure is rank on all classes of stock. Second figure is rank on horse judging. Third figure is rank of cattle, sheep and horse judging.
Total teams, 282; total college men, 1,410. The Spoor Trophy won by Iowa, 1903.

THE PULLMAN COMPANY SCHOLARSHIPS

This year The Pullman Company renewed its offer of \$5,000 in scholarships, which were awarded to thirteen institutions, Iowa again leading with four scholarships.

These scholarships are awarded on the following basis:

1. To the college whose team does the most efficient work in the Collegiate Live Stock Judging Contest, on horses, cattle, sheep, hogs, all classes of live stock, and grains, one scholarship each.

2. The remaining fourteen scholarships will be distributed on the basis of cash prizes won by the colleges in the open classes for International Exposition money only; the money of the Exposition that is won on the grain and forage exhibit not to be counted in this item.

3. The number of scholarships that can be allotted to any one school is restricted to twenty-five per cent (25%) of the whole.

4. These twenty scholarships of \$250.00 each must, in accordance with the Pullman Company's wishes, be awarded to twenty deserving students who would otherwise not be able to secure a scientific training in agriculture or animal husbandry; and this money must not, under any conditions, be divided among a greater number.

5. Students favored with the Pullman scholarships are to be paid this money in quarterly installments.

6. The students accepting these scholarships should regard the money advanced as a loan and endeavor to refund it into the permanent fund of which the International Live Stock Exposition is the trustee as soon as this can be conveniently done. Thus each student winning a scholarship will, by refunding the loan, accord to other deserving ones of his alma mater the same advantages that were extended to him through the establishing of this fund by the Pullman Company.

Administration

This fund is to be administered by trustees chosen by the directors of the International Live Stock Exposition who will disburse the funds in line with the above rules.

The trustees shall receive from the students accepting the funds a promise to repay the money (if possible) obtained through this Foundation. The money thus refunded is then to be credited to the college originally winning the scholarship and to be made again available. By this means a permanent revolving fund, known as the PULLMAN COMPANY FUND, is to be created to aid deserving students who would not otherwise be able to secure a scientific training in agriculture.

The scholarships offered at the 1925 International were awarded as follows:

Iowa State College, Ames, Iowa.....	4
University of Illinois, Urbana, Ill.....	3
Oklahoma A. & M. College, Stillwater, Okla...	2
Purdue University, LaFayette, Ind.....	2
University of California, Davis, Cal.....	1
Kansas State Agricultural College, Manhattan, Kan.	1
Michigan State College, East Lansing, Mich...	1
North Carolina State College of Agriculture, Raleigh, N. C.....	1
Ohio State University, Columbus, Ohio.....	1
Ontario Agricultural College, Guelph, Ont....	1
Pennsylvania State College, State College, Pa..	1
University of Saskatchewan, Saskatoon, Sask.	1
University of Wisconsin, Madison, Wis.....	1

The scholarships won for proficiency in judging were awarded as follows: Horses, Ontario; cattle, Kansas; sheep, Illinois; hogs, Illinois; all classes of live stock, Oklahoma, and grains, North Carolina. The other fourteen scholarships were awarded on the basis of prizes won in the live stock classes.

NON-COLLEGIATE LIVE STOCK JUDGING CONTEST

M. G. Thornburg
Supt.

A new record was established when twenty-two state champion teams took part in the seventh Non-Collegiate Live Stock Judging Contest at the International. Last year twenty-one teams competed which was an increase of two over the then existing record, so that the interest in this contest is quite evidently broadening. Washington, Wyoming and Mississippi entered teams for the first time this year.

The success and popularity of this contest is a tribute to the efficient work of M. G. Thornburg, Iowa Secretary of Agriculture, who has acted as superintendent since its inauguration. This year he was ably assisted by Carl N. Kennedy, Des Moines, Iowa. Much credit is also due to the judges who helped officiate in the contest, the coaches who co-operated in selecting classes and the live stock exhibitors who permitted their animals to be used for judging material.

The Oklahoma team not only won the contest but furnished the high ranking individual. The following day the same state captured the collegiate live stock judging contest and established a record of both competitions being won the same year by a single state.

The Oklahoma boys from the Garber 4-H Club of Garfield County won the right to represent their state in the Chicago contest by capturing the Oklahoma State contest against a field of thirty-four teams. They ranked first at the State Fair in Oklahoma City the last of September, at the Free State Fair, Muskogee, early in October, at the

Oklahoma A. & M. College, Stillwater, October 31st and at the American Royal in Kansas City the week preceding the International. They made the trip to Chicago from Garber, Oklahoma, a distance of 1,582 miles, in a Ford touring car, stopping at Manhattan, Kansas; Kansas City, Omaha, Ames, Iowa; Madison, Wis.; Milwaukee and intermediate points for judging practice. All members of the team were raised and live on farms. They all intend to go to the Oklahoma A. & M. College and plan to become vocational agricultural teachers, specializing in live stock. The members of the team are:

Clarence Kingery, 16, senior in Garber High School, has been in club work for three years and produced one of the twelve ton litters in the state last year. He has been high man in ten state and inter-state judging contests. He lives six miles in the country from Garber. He has been judging live stock for three years, becoming interested through taking this work in the regular vocational course in high school. He expects to use the \$500 scholarship awarded to the high man in the International contest by the Chicago Association of Commerce to enter Oklahoma A. & M. College next fall.

James Gibson, 18, graduate of Garber High School, lives three and one-half miles in the country from that town. This is his third year in club work and he is serving as president of the Garfield County Club Federation. He won first on his calf at the State Fair last year, and was a member of the team winning first over all vocational and club teams at Kansas City the week before the International and also of the team winning first last spring at Fort Worth.

Earl Gregg, 16, is a junior in high school and lives four and one-half miles from Garber. He has been in club work two years and won first at the local community fair on his

INTERNATIONAL LIVE STOCK EXPOSITION

pure bred gilt. He was second high man in judging at both State Fairs in Oklahoma this year and first at the Farm Congress contest at the College in August. He is a member of the high school football team and of the Oklahoma High School Honor Society.

The team was coached by Paul G. Adams, who was vocational agricultural teacher at the Garber High School up to last June and is now live stock specialist at the State College, continuing to assist in coaching the team. He competed in the first non-collegiate contest held in Oklahoma in 1914 and made the highest score. He was also high man on the Oklahoma College team at Fort Worth in 1922 and competed for the same institution at the 1921 International. He was followed as teacher at Garber by Rufus F. Cox, who has coached the team since fall. Mr. Cox competed as a junior for the Oklahoma A. & M. College on the winning team at Fort Worth in 1922 and the same year competed for his alma mater at Kansas City and Chicago. He received his Master's degree last June from Iowa State College, specializing in animal breeding.

The second highest individual score was made by Frank Zitrik, Scamon, Kansas. He plans to use the \$300 awarded him by the Chicago Association of Commerce to enter the Kansas State Agricultural College next fall. He is 19 years of age and was raised and still lives on a farm at the edge of Scamon. He has been enrolled in club work for five years, representing the Scamon 4-H Club at Chicago. Two years ago he was on the team from his club which won the State Dairy Judging Contest and ranked third individually. This year at Hutchinson his team won the general judging contest which gave it the right to compete at Chicago and later stood second at Kansas City. He graduated from the Columbus, Cherokee County, High School in 1923 and is now engaged in farming.

Two members of the second prize winning Nebraska team tied for third individual honors, and each was awarded \$100 by the Chicago Association of Commerce towards an agricultural college education. Ansel Frederickson, 17, Osceola, and Ivan Sundburg, 18, Stromsburg, are both graduates of the Stromsburg High School and fourth year club members. Both were raised and now live on farms and after attending the Agricultural College at Lincoln plan to return to their farms. Together they have competed in judging contests at the State Fair for the last four years, and were declared the state champion demonstration team in all farm products this year.

For the second year the Chicago Association of Commerce offered \$1,000 in agricultural college scholarships to the three highest individuals in this contest, which has had a strong influence in increasing interest among contestants. Last year two Kansas, one Nebraska and one Colorado juniors benefited by this generous offer and at the recent International the scholarships were awarded to one Oklahoma, one Kansas and two Nebraska youths.

JUNIOR ACTIVITIES

By G. L. NOBLE, Superintendent

G. L. Noble
Supt. National
Boys' and Girls'
Club Congress

The National Boys' and Girls' Club Congress, held annually in connection with the International Live Stock Exposition, is accomplishing its mission. 1925 saw the completion of the fourth National Congress and the seventh annual organized event held at the world's greatest live stock show. America's best crop, the farm boys and girls, is now given precedence in attention over the world's best live stock and grain.

Forty-three states were represented at the Club Congress in 1925. One thousand two hundred and thirty-seven champion 4-H club boys, girls and leaders participated in the event. They represented more than 600,000 club boys and girls in the nation. That these young people are to be the nation's leaders is a foregone conclusion.

The Club Congress has had a steady growth, both

Miss Gertrude L.
Warren
U. S. Dept. of Agr.

in attendance and interest. In 1919 only 235 were present; in 1920 there were 475; in 1921, 650; in 1922, 750; in 1923, 1,600; and for the last two years the attendance has been kept around 1,200.

In 1923 the Union Stock Yards and Transit Company of Chicago presented to the 4-H club boys and girls a beautiful headquarters for their exhibits, demonstrations and judging contests. The exhibits have grown from year to year until they now include products produced by these young stalwart "citizens to be" in eight different projects, including baby beeves, swine, sheep, potatoes, cotton, clothing, canned goods and home furnishings. The demonstrations by state champion teams, as well as the judging contests, have been fruitful in establishing ideals in result and practice.

The National Club Congress, which has rapidly

Paul C. Taff
Superintendent
of
Exhibits

INTERNATIONAL LIVE STOCK EXPOSITION

grown to be the great national event in clubdom, has centered national attention on the needs of the young people of the open country and on the great progress they can make under the supervision of efficient leadership and on the value of this work in solving the fundamental problems confronting agricultural leaders and the nation.

Not among the least of the contests entered into by these young people, having a vital bearing on rural com-

munity progress, are the health and rural leadership contests. In the early establishment of the fourfold program of club work looking toward an equal development of the head, hands, heart and health, the fourth "H" received little attention, compared with present-day effort in this direction. Now a very large number of individual clubs are playing the health game and following all the simple rules necessary for the growth and preservation of the

TRIP WINNERS RECEIVING OFFICIAL WELCOME TO 1925 "INTERNATIONAL"

physical. A large number of counties are holding health scoring contests. Some twenty states are giving their county champions an opportunity to score for highest honors and in turn the National Club Congress has provided for the scoring of state health champions to determine national honors.

The stories of the boys and girls who have been outstanding in rural community leadership, could they be

assembled in one volume, would make much more interesting reading than Aesop's Fables and are even stranger in many cases than Anderson's Fairy Tales. Marvelous growth of individuals—astonishing changes in community life and a new order of things have been brought about by these mere youths and maidens who have caught the vision of the possibilities for success and lives full of service in the rural districts.

ILLINOIS DELEGATION IN CHARGE OF PROF. E. I. PILCHARD

Yes, the Club Congress is fulfilling its mission. We predict that it will go on and on, that it will be a permanent national event and one to be looked forward to by every 4-H club member in the years to come. The Club Congress is the mirror in which can be seen these young people and their progress. Like characters in the "Fountain of Time," they are passing before the mirror to go

back to their homes all over the United States, there to continue to reflect the ideals of 4-H club work. More than 6,000 farm boys and girls have passed before the mirror now, absorbing the lessons the International Live Stock Exposition teaches as they marched along, and thousands more, perhaps millions, are coming.

INDIANA CLUB DELEGATION WITH PROF. T. R. JOHNSTON IN CHARGE

The Congress is presenting a challenge to every loyal American citizen who knows of it. Here the results of club work are seen and demonstrated; here the fact that only 600,000 out of 11,000,000 rural boys and girls are 4-H club members is voiced and published. If farm youth is to be given the opportunities it deserves; if our soil fertility is to be conserved; if our live stock is to be improved; if

our agriculture is to be maintained on its present level and the standard of living in the country raised; if our rural citizens are to become better citizens, 4-H club work must be permanently established in every agricultural county of the Union and efficient paid county leadership provided to bring about this continued advancement so necessary for the welfare of the nation and its people.

M. H. COE, CLUB LEADER, AND THE KANSAS DELEGATION

This is the ideal maintained by the Club Congress and those who are responsible for it.

Much credit is due Miss Gertrude L. Warren of the U. S. Department of Agriculture, Prof. Paul C. Taff of Ames, Iowa, and their able assistants for the effective staging of the splendid exhibits in the Boys' and Girls' Club Building on the exposition ground.

POTATO CLUB

The potato exhibit this year by the Juniors was a new classification. There were six entries each produced by the club boy or boys having the best blue ribbon tubers in his state. Wisconsin won 1st; New York, 2nd; Nebraska, 3rd; Michigan, 4th; Pennsylvania, 5th, and Indiana, 6th.

It is expected that this class will attract considerable attention in 1926.

L. I. FRISBIE, STATE LEADER, AND HIS NEBRASKA DELEGATION

CANNED GOODS EXHIBIT

State champion exhibits of canned goods continue to hold the center of attraction in the girls' department. Nine exhibits were shown in a very attractive manner. The judges declared that the quality was very much improved over previous years. One exhibit from each state was allowed, the exhibit consisting of the number of jars of

canned foods (including meats) necessary for a properly balanced diet for a farm family of five for a period of one week. Placings were as follows:

State	Placing	Score
Kentucky	First	97
Oklahoma	Second	96
Nebraska	Third	94
Minnesota	Fourth	91
New Mexico.....	Fifth	90½

**SANTA FE RAILWAY TRIP WINNERS**

(In charge of Mr. Chas. Lange, Agricultural Department, Topeka, Kan.)

HOME IMPROVEMENT EXHIBIT

Only two years of age, the home improvement exhibits by 4-H club girls was a remarkable demonstration of what can be done in making farm homes attractive and artistic at very little expense. There were seven entries occupying one entire wall of the club building and every one was a study in art, economy and sensible planning. When the ribbons were placed the states ranked as follows:

State	Placing	Score
Iowa	First	90
Kentucky	Second	87
Virginia	Third	84
Mississippi	Fourth	80
Oklahoma	Fifth	78

CLOTHING EXHIBIT

Sixteen states showed champion exhibits competing for national honors. The exhibits consisted of five garments and three accessories—a complete outfit for a 4-H club girl. A very marked increase in quality of workmanship, design and other features were much in evidence, according to the judges. The states placed as follows:

State	Placing	Score
Iowa	First	98
Nebraska	Second	97½
Montana	Third	95
Kentucky	Fourth	92
Illinois	Fifth	91½

POSTER EXHIBIT

1, Iowa; 2, Nebraska.

INTERESTING EXHIBIT IN NATIONAL CANNING CONTEST

HOME ECONOMICS JUDGING CONTEST

For years the judging of live stock and grain has been a popular means of education and pace-setting by the agricultural colleges and their various departments. Club Congress delegates to the International Live Stock Exposition, however, are the first to set the precedent in interstate and national judging of home economics products such as canned food, clothing, etc. This is the third year which the contest has been held, broadened to include three classes. The rating of individuals and by classes is as follows:

JUDGING CANNED GOODS

1. Mary Wilmer, Michigan.
2. Frances Shartz, Montana.
3. Doris Searson, South Carolina.
4. Esther Bruce, Colorado.
5. Fanny Hacks, Kentucky.
6. Leona Gale, Michigan, and Iola Hoffman, Oklahoma.
7. Pearl Graville, New Hampshire.
8. Frances Reed, Indiana, and Louise Cleland, South Carolina.
9. Emma Hamlett, Virginia.
10. Frances Stubbler, Illinois, and Elva Jones, Nebraska.

JUDGING FOOD

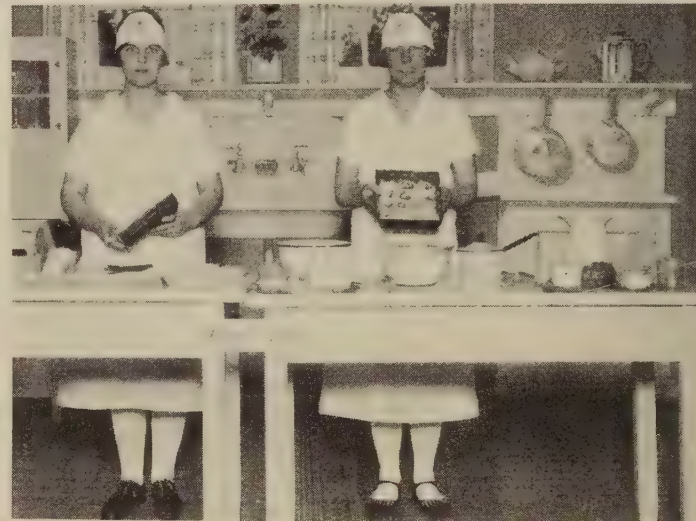

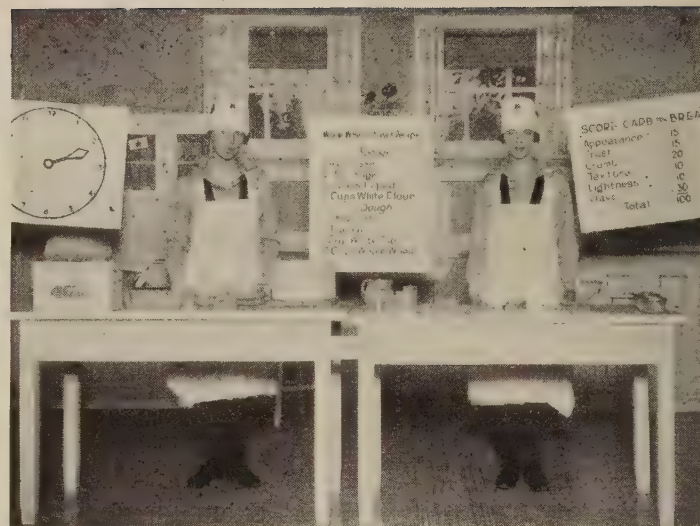

1. Mary Watkins, Oklahoma.
2. Vesta Holden, Georgia.
3. Correne McCarter, Oklahoma.
4. Helen Hanson, Iowa.
5. Frances Reed, Indiana.
6. Gladys Davidson, Indiana.
7. Dena Fusilier, Louisiana.
8. Margaret Throwbaugh, Nebraska.
9. Helen Kane, Massachusetts, and Elva Jones, Nebraska.
10. Josie Bohling, Kansas.

JUDGING CLOTHING

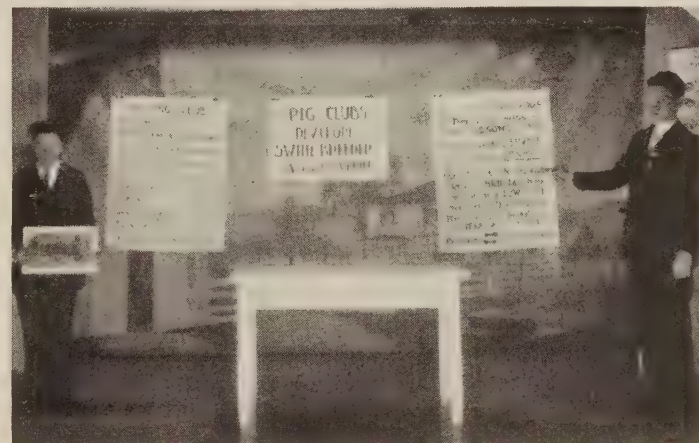

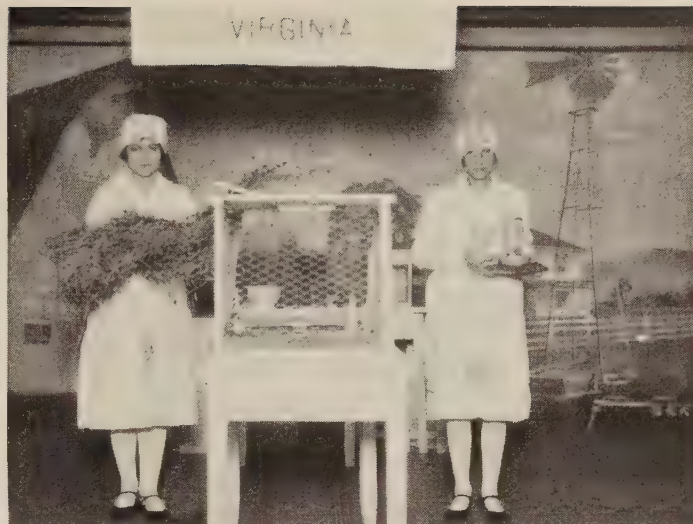

1. Esther Lundquist, Minnesota.
2. Charlotte Joyce, Nebraska.
3. Nina Sharp, Montana.
4. Marjorie Joyce, Nebraska.
5. Emma Hamlett, Virginia.
6. Mary Senese, Minnesota.
7. Isabelle McKellar, Michigan.
8. Gertrude Kock, Iowa.
9. Lilly Spragg, Illinois.
10. Dorothy Lockhart, Oklahoma.

FOUR CHAMPION STATE TEAMS, 1925
Upper—Michigan and Virginia. Lower—Nebraska and South Dakota.

HEALTH AND LEADERSHIP CONTEST

If there is another national contest which holds more interest or is resultful of more good than either the national health contest or the rural community leadership contest which are decided during the Club Congress on the grounds of the International Live Stock Exposition, we are not aware of it. The health contest is three years old. In that short time a large number of states have inaugurated similar contests and counties are following their example. Well nourished and healthy boys and girls on the farms are of more value than any other American crop. Winners

of state health contests only are eligible to compete. The winning girl in 1925 was Miss Alice Burkhardt, Audubon County, Iowa, who scored 95.7. The national champion boy was George Cuskadon, Shelby County, Indiana, who scored 97.7.

Oklahoma again forged to the front in the Moses Leadership Trophy Contest, Miss Frances Smith of that state easily winning national honors over all the other contestants. Miss Smith has been a club member for nine years, during which time she has been the medium of bringing about changes in her community, county, section and state which were so fraught with a wealth of good for the people of that section that she was outstanding in the leadership work. It is expected that Miss Smith will be heard from later because of what she has already accomplished. She gives 4-H club work the credit for her accomplishments. The individuals winning second and third are Kenneth Hinshaw, Goldendale, Washington, and Olen Butler, Guthrie, Oklahoma.

**CHAMPIONS IN HEALTH CONTEST—TROPHIES

JUNIOR FEEDING CONTESTS

By W. H. SMITH, Superintendent

W. H. Smith,
Supt.

In one of the strongest shows since the Junior Feeding Contest was established as a feature of the International, Illinois club members made a clean sweep this year by winning the three silver trophies offered as the grand prizes in each class of live stock. Miss Pauline Brown, Aledo, Illinois, a 4-H Club girl from Mercer County, led out "Dickie," who won the champion baby beef trophy. Dale Garner, Charleston, Illinois, won second trophy by exhibiting the best barrow of the junior division, and Alvin Helms, Belleville, Illinois, furnished the best pen of three lambs, thus winning the third trophy.

Illinois, Indiana, Iowa, Kansas and Nebraska were represented in the beef calf division of the junior section with approximately 100 calves. Professor W. L. Blizzard of Oklahoma, who made the awards, stated: "The Junior Feeding Contest at the International this year brought out several good classes of calves. The first class of 25 Shorthorns developed five outstanding steers in the first five positions. The first prize steer from Nebraska was a steer of excellent finish and bloom, especially wide and thick over his top and very firm in his fleshing. He possibly could have carried a little more flesh on his lower rib and a little more fullness in the quarter and a shorter leg would have improved his type; however, his firmness and thickness of covering and balance carried him to the Shorthorn championship.

"The Junior Yearling Hereford class was topped by two exceptionally good steers. The first prize steer was

owned by Beryle Williams of Salem, Indiana. This steer was remarkably good in his type and thickness of covering, especially over the top. These good qualities carried him to the reserve grand championship.

"The Junior Yearling Angus class of 37 contained more good steers from first to fifteenth place than any other class in the show. This class brought out as a win-

PAULINE BROWN AND "DICKIE"
Champion in Junior Feeding Contest.

ner the champion steer of the show, which was owned by Pauline Brown of Aledo, Illinois. His type, quality, smoothness and firmness of covering were the outstanding points which carried him to the grand championship. The first prize senior Angus calf, owned by W. R. Wilson, was an exceptionally good calf, but lacked the finish and thickness of covering which were characteristic of the champion and reserve steers."

Popularity has steadily increased in the Junior Feeding Contest and along with increased numbers has also brought forth animals with greater finish and of higher

quality. An indication of the skill which the junior feeders have developed is reflected in the winnings which they made in the open classes. Junior feeders won four seconds and one sixth in the open steer classes. Experienced feeders and showmen were forced to concede that many of the junior feeders had produced a product nearer perfect than their own.

While not so large as the beef division the quality of the barrow show compared very favorably. Dale Garner, Illinois, won the championship with a 335-pound purebred Duroc Jersey barrow that was champion barrow at the

JUDGING SHORTHORN CALVES ENTERED IN JUNIOR FEEDING CONTEST, 1925

Illinois State Fair Junior Department. He was smoothly fleshed with a strong top and a trim underline. It is hoped that more barrows will be exhibited as this division develops.

In the sheep division, Alvin Helms, Illinois, again carried off premier honors with his pen of three Southdown wethers. This makes the second time that he has won this contest and he has developed into a real shepherd.

For the first time this year the club calves were sold in an auction of their own on Friday afternoon. The grand champion sold for \$27.00 a cwt.

A total of 111 head, averaging 1,080 pounds, sold for \$18,754.35, or at an average price of \$15.65 a cwt.

DIVISION "A": Steer, Spayed or Martin Heifer (purebred, grade or crossbred. Purebred sire or predominance of breed type and character to classify in case of grades and crosses) dropped between Jan. 1 and Aug. 31, 1924:

- 6th Elliott Brown, Rose Hill, Iowa.
- 7th Alene Strouss, Walnut, Ill.

CLASS 7**Champion in above classes**

Pauline Brown, Aledo, Ill.
Reserve—Beryle Williams, Salem, Ind.

CLASS 8**State Group of Ten Animals from Foregoing Class or Classes**

Awards

- 1st Iowa.
- 2nd Indiana.
- 3rd Illinois.

**GLENN MICHAEL AND "JIM"**

Prize-Winning Shorthorn in Junior Feeding Contest.

AMERICAN SHORTHORN ASSOCIATION SPECIALS

The American Shorthorn Association offered the following prizes on pure-breds or calves showing predominance of Shorthorn blood:

Sec. "A".....20 prizes of \$5 each, from one to twenty, inclusive.
 Sec. "B".....20 prizes of \$5 each, from one to twenty, inclusive.
 Grand Champion if Shorthorn (all breeds competing).....\$50

AMERICAN HEREFORD ASSOCIATION SPECIALS

The American Hereford Association added 50 per cent to any premium won by animal showing predominance of Hereford blood.

AMERICAN ABERDEEN-ANGUS SPECIALS

The American Aberdeen-Angus Association offered the following prizes on pure-bred, grade or cross-bred Aberdeen-Angus calves:

Sec. "A".....	\$10	\$10	\$10	\$5	\$5
Sec. "B".....	10	10	10	5	5

The above Association also offered a gold watch for the Grand Champion Aberdeen-Angus animal of the contest, provided it was a pure-bred Aberdeen-Angus or a grade or cross-bred sired by an Aberdeen-Angus bull.

(The winners of the above Association specials are the same as the International awards in the respective classes.)

CLASS "C"**Pen of Three Lambs of Any of the Mutton Breeds****Awards**

- 1st Alvin L. Helms, Belleville, Ill.
- 2nd James Haire, West Point, Ind.
- 3rd Alice Clarke, Janesville, Wis.
- 4th Edith Clarke, Janesville, Wis.
- 5th Alice E. Garrott, Battle Ground, Ind.

CLASS "D"**Barrow Farrowed After March 1, 1925**

- 1st Dale Garner, Charleston, Ill.
- 2nd Wilma Mayhew, Aledo, Ill.

CLASS 9**Contestant Sending In Best Record**

- 1st Sylvester E. Amsler, Rensselaer, Ind.
- 2nd Raymond Long, Orion, Ill.

Awards

- 3rd Alice E. Garrott, Battle Ground, Ind.
- 4th Edward H. Williams, Rensselaer, Ind.
- 5th Huber Bennett, Westfield, Ill.
- 6th Ralph R. Winslow, Salem, Ind.
- 7th Wilbur Plager, Grundy Center, Iowa.
- 8th James Haire, West Point, Ind.

CHICAGO LIVESTOCK EXCHANGE TROPHIES

Champion Calf—Pauline Brown, Aledo, Ill.
 Pen of Lambs—Alvin L. Helms, Belleville, Ill.
 Best Pig—Dale Garner, Charleston, Ill.

**ALVIN HELMS AND HIS PEN OF LAMBS**

INTERNATIONAL GRAIN AND HAY SHOW

G. I. Christie
Supt.

The increased number of exhibits; the increased interest on the part of a larger number of visitors; the larger and more effective co-operation of the United States Department of Agriculture, agricultural colleges and crop improvement associations, and the results shown from the use of larger amounts of improved seed and the lessons secured from the exhibits, the judges and the instructors, are all evidences of the outstanding merit of the seventh International Grain and Hay Show. The 1925 Show, built

upon the same plan and groundwork as the previous exhibitions, was larger and better as the result of the accumulated benefits of its predecessors. It is a clean-cut demonstration of the results of a definite fundamental plan which has been followed in the development of the International Grain and Hay Show.

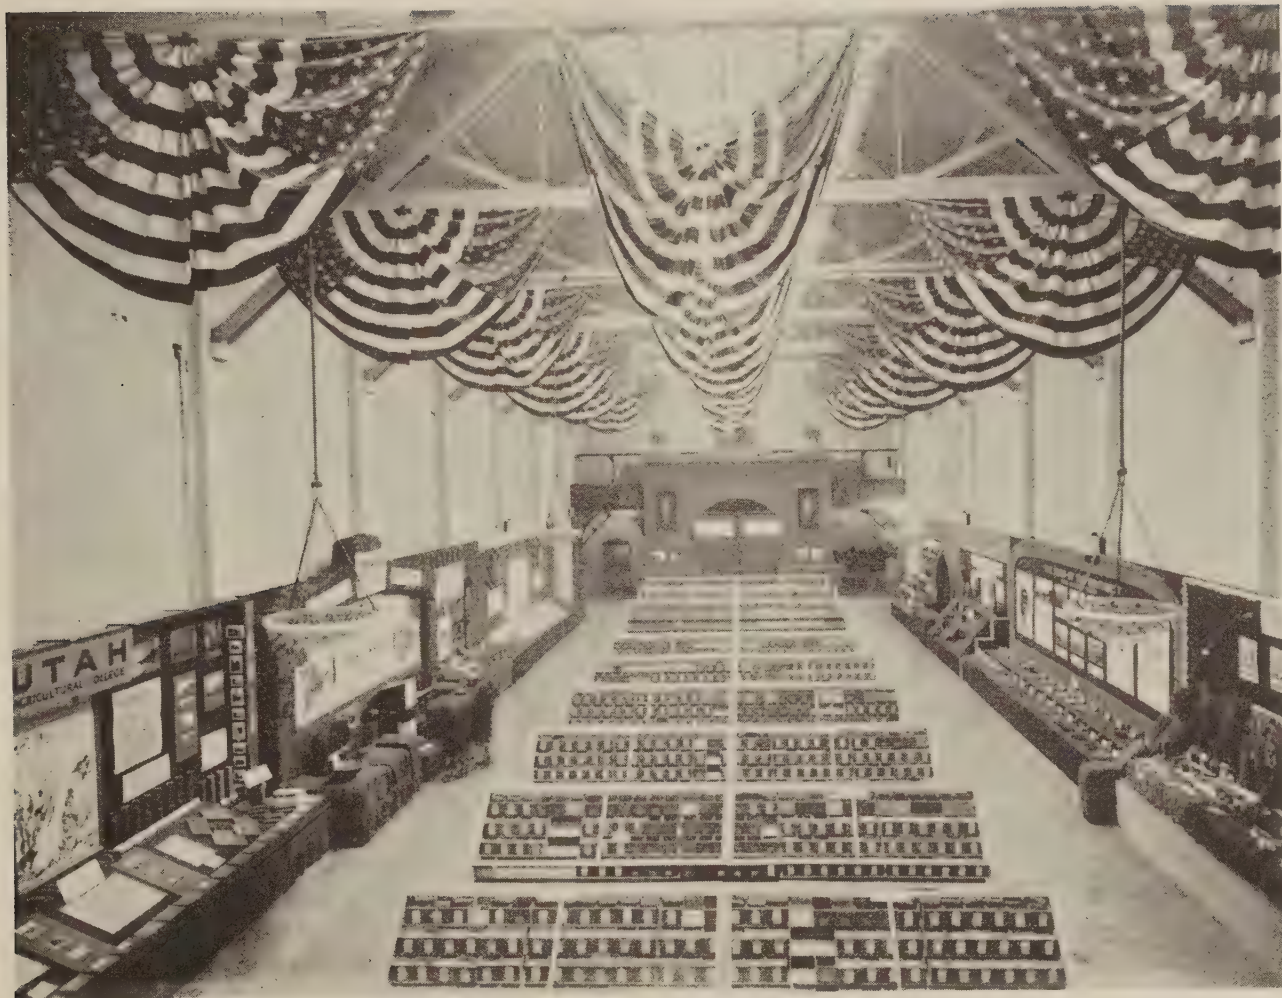

This show is a large co-operative enterprise and its success is dependent upon the excellent co-operation of the agricultural colleges, the crop improvement associations, the United States Department of Agriculture and other interested agencies. The large amount of work involved in connection with the show was handled in a

careful, painstaking way by representatives of the various states and provinces.

The educational exhibits placed by the agricultural colleges and the United States Department of Agriculture made a strong appeal to the Exposition visitors. Each and every one of these exhibits carried fundamental lessons and were so displayed that they drew forth many expressions of approval. These exhibits have proved themselves to be a most important part of the Exposition.

A feature of the educational exhibits was a collection of varieties of grains originated and produced by various agricultural experiment stations. This exhibit was brought together through the efforts of Prof. M. O. Pence of Purdue University. More than sixty varieties of grains were exhibited. These were displayed in connection with a large map of the United States, showing in an easy and definite way the territory to which these grains were adapted and the state in which they had been developed.

Educational exhibits were made by the states of Wisconsin, Michigan, Idaho, North Dakota, Nebraska, Maryland, Missouri, Indiana, Alabama, Kansas, Illinois, Montana and Utah and the Province of Ontario. In addition the United States Department of Agriculture, in co-operation with Purdue University, staged a special barberry eradication exhibit. The state seed inspector of Illinois contributed a booth dealing with state seed laws.

THE SMALL GRAINS SECTION OF THE SHOW

The International Experimental Farm was again shown in miniature as a special feature exhibit of the Grain and Hay Show. It was located in a central place in the main corn show room. The actual farm is located near Salem, Indiana, and consists of eighty acres of land. It was bought in 1921 by direction of J. A. Spoor of the Union Stock Yard and Transit Company of Chicago when it was in a very run down condition and turned over to Purdue Experiment Station to be improved as was deemed most practical for land in that part of the state in its wornout condition. The exhibit showed a model of the actual farm as it was in 1921 and again as it is at the present time. The contrast was very striking and created much interest in the exhibit.

The total number of entries was 5132, which is 379 more than the record for 1924. In 1919 there were 1500 entries, in 1920 this increased to 2200, the following year jumped to 3312, in 1922 there were 4039, the next year 5049, the next 4753, and this year 5132. The large corn crop in the Corn Belt was responsible for the increased number of entries. This increase came in spite of the rule against exhibits from Ohio, Ontario and other territory quarantined on account of the European corn borer. The number of exhibits of corn was also encouraging since Iowa, Illinois and Indiana had suffered severely from a heavy freeze in October. In spite of these conditions farmers selected the largest number of samples of some of the best corn ever exhibited at the Exposition. Due to the unfortunate weather, which delayed the harvesting and threshing of soybeans, the soybean entries were reduced. The samples of small grains were of exceptional quality.

The Corn Types Committee, under the leadership of Dr. W. L. Burlison of Illinois, placed an interesting and attractive exhibit of samples of corn representing corn types

suitable for various regions of the Corn Belt. This exhibit attracted a lot of attention and represented a large amount of careful work. The members of this committee from the various regions were: Regions 1 and 2, Prof. A. L. Stone, Wisconsin; Prof. A. C. Arny, Minnesota; Prof. J. F. Cox, Michigan; Mr. L. H. Newman, Canada. Regions 3 and 4, Prof. Joe L. Robinson, Iowa; Prof. C. A. Helm, Missouri; Prof. J. C. Hackelman, Illinois. Regions 5 and 6, Prof. C. A. Helm, Missouri; Prof. L. E. Call, Kansas; Prof. T. A. Kiesselback, Nebraska; Prof. O. W. Dines, Tennessee. Regions 7 and 8, Prof. A. T. Wiancko, Indiana; Prof. Wallace E. Hanger, Ohio.

The title of "Corn King" was placed upon the worthy brow of L. M. Vogler of Hope, Bartholomew County, Indiana, a section of the country famous for the numerous samples of grand champion corn it has produced in the past. Mr. Vogler is a near neighbor of R. L. Heilman, who was declared grand champion in 1924. Mr. Vogler's triumph came as a climax to eighteen years of endeavor to win the coveted title. The sample, which won for Mr. Vogler, was ten ears of Vogler's White Dent, a strain originated by his father, L. A. Vogler, now eighty-six years old, but who is still hale and hearty and able to gather seed corn. The forty-acre field, from which the sample came, averaged slightly better than 90 bushels of corn per acre. While Mr. Vogler raises and sells a considerable amount of good seed corn, which he has bred for many years, he also feeds out a carload of cattle and three or four hundred hogs each year.

Reserve champion honors went to another Hoosier, C. E. Troyer, of LaFontaine, Wabash County, Indiana. Mr. Troyer was grand champion in 1920. He won with ten ears of yellow corn this year.

CORN TYPES FOR REGIONS

This exhibit displayed the corn types which were selected by a special committee of agronomists as best adapted to the soil and climatic conditions of the various regions. Representative samples were shown for each region and these samples were used as a guide in judging the corn show.

The sweepstakes single ear went to the state of Maryland when the judges pronounced the ear of yellow corn exhibited by A. D. Radebaugh of Forest Hill, Maryland, the best in the show, while Fred H. Drury, Unionville, Missouri, was awarded reserve sweepstakes in the single ear class.

The Junior Corn Championship was awarded to Victor C. Lux, Waldron, Shelby County, Indiana, on a ten-ear sample of white corn. He selected his sample from an acre that produced 144.95 bushels of corn per acre by actual weight. Victor is the fourteen-year-old son of Edward Lux, who has been a consistent winner at the Grain and Hay Show for many years. The present junior champion is a cousin of Maurice and Frank Lux, who were junior champions in 1923 and 1924, respectively.

The closest competitor to Victor for junior championship honors was Dorothy Heckman of Cerro Gordo, Illinois, who was given reserve junior championship on her ten-ear sample of white corn. She also won first prize in both yellow and white corn in Region 4. It is of interest to note that she took first prizes in both yellow and white corn in Region 4 in 1924.

L. P. Yates of Fishtail, Stillwater County, Montana, was the winner of the coveted sweepstakes award in wheat, winning on a peck of Marquis, a hard red spring wheat, which tested 64.7 pounds per bushel. The sample was grown in a twenty-acre field that averaged forty-seven and one-half bushels to the acre. C. Edson Smith of Corvallis, Montana, won the reserve wheat championship with his peck of hard red winter wheat. Mr. Smith also had the honor of winning sweepstakes in Durum wheats and was awarded the National Macaroni Manufacturing Trophy. He was also reserve wheat champion in 1924.

George C. and L. G. Hutzler of South Manitou Island, Michigan, were again declared winners in the rye class, with a peck of Rosen rye, grown on the famous South

Manitou Island, located some twelve miles from the mainland of Michigan. On this island Rosen rye is the only variety grown and it is, therefore, kept perfectly pure. The Hutzlers won first place last year with their Rosen rye.

L. E. Peterson of Victor, Montana, is again the producer of the champion oats, his winning sample weighing 47.8 pounds per bushel. He won the same honor in 1924 show. R. V. Peterson, also of Victor, Montana, a brother of the oats champion, was given the reserve championship in oats. He was also sweepstakes winner in barley, his first prize sample of two-rowed barley winning over the first prize sample of six-rowed barley, owned by his brother, L. E. Peterson, and the first prize tre-bi barley, belonging to C. Edson Smith of Corvallis, Montana.

In spite of the rather unfavorable season and the resultant decrease in number of entries in soybeans, the quality of beans displayed was very good, indeed. In a class of one hundred and sixty entries, John C. Wilke of St. Louis, Michigan, was declared to have the winning sample of soybeans. The sample was a peck of Manchu beans. Mr. Wilke was reserve champion on soybeans last year. The reserve champion this season was R. O. Conlee of Pleasant Plains, Illinois.

Again the north and northwest took all the high honors in the small seed classes. In the alfalfa seed class Utah took fourteen out of sixteen placings made, Idaho taking sixth and South Dakota seventh place. Wade Krebbs of Myton, Utah, received first premium in the alfalfa seed class. In the sweet clover class Sebens Brothers of Milnor, North Dakota, last year's winners in this class, again took first premium. P. W. Bartell of Aberdeen, Idaho, won first place in alsike clover seed. Idaho red clover seed growers, heavy winners in last year's show, again took the honors in this class by securing ten of the sixteen placings made. E. T. Sandmeyer of Buhl, Idaho, was declared to be winner of first place in this class. The prize sample of timothy

THE "NEW CROPS" EXHIBIT

A new feature was provided in the "New Crops" exhibit through the co-operation of the various experiment stations of the United States and Canada. The exhibit consisted of samples of the new varieties of grains produced and gave a very interesting idea of what is being done at these various experiment stations in development of new varieties of crops throughout the country.

Colored electric lights on a large map connected with the various samples by ribbons showed where each sample was produced. The exhibit was in charge of

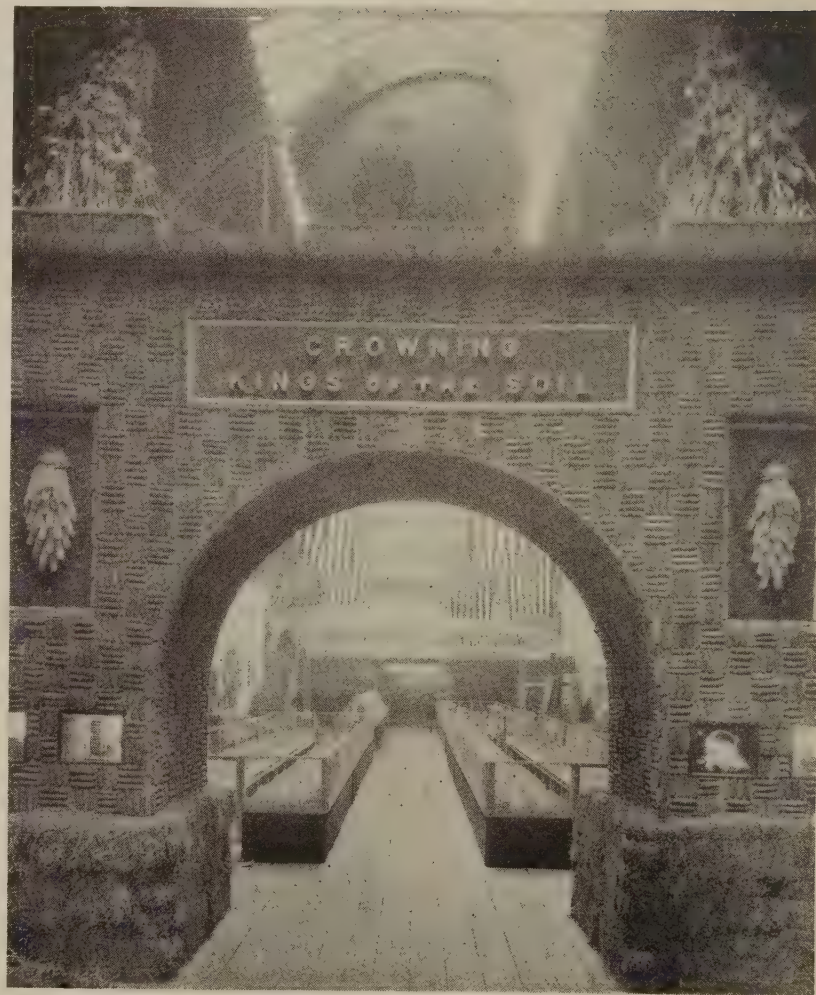

Prof. M. O. Pence of the Purdue Experiment Station.

seed was exhibited by T. H. Busteed of Busteed, Montana, who was the winner in this class in 1924. Oklahoma again took first place in both kaffir and milo classes, first prize in kaffir going to J. M. Rapp of Watonga, Oklahoma, and first prize in milo to Elmer Ivens of Hydro, Oklahoma. Kansas was also a strong contender in these classes.

The hay exhibit, while smaller in number of entries than in 1924, was very attractive because of the fine quality of hay that was displayed. Arthur W. Jewett, Jr., of Mason, Michigan, won the hay grand championship for the fourth consecutive time. He won this year with a bale of mixed clover and timothy hay. All first prize winners in the hay classes live in or near Mason, Michigan.

An important improvement was made this year in the method of exhibiting and protecting entries. Through the suggestions of Mr. O. T. Henkle, Treasurer and Director of the International, a special table was designed for small grains exhibits. This new table provided for a much larger number of exhibits and furnished a covering for the boxes, at the same time making it possible for visitors to examine the grain to better advantage. The corn exhibits were also placed under wire coverings for protection.

For the first time the International Grain and Hay Show was this year organized as a regular department of the Exposition. Director G. I. Christie of the Indiana Agricultural Experiment Station, who has been Superintendent of this show since its inception, was made a member of the Board of Directors of the International. He was ably assisted this year by W. F. Graham of Purdue University, who acted as his special representative and gave special attention to the educational exhibits. Mr. Graham rendered a great service through his assistance to the various exhibitors, judges, and other workers connected with the show.

CORN ARCH FEATURE

ALABAMA COLLEGE OF AGRICULTURE EXHIBIT

The exhibit from Alabama was a very attractive display of the many products of the Southland, demonstrating that, while cotton is considered the main crop in that section of the country, other lines of agriculture are rapidly developing.

The exhibit was in charge of Prof. L. T. Wells.

Following is a list of the judges and official representatives:

JUDGES CORN COMMITTEE

State	Name	Address
Missouri	Prof. C. A. Helm	Columbia
Iowa	Mr. J. H. Petty	Elliott
Illinois	Mr. William Webb	Joliet
Maryland	Prof. J. E. Metzger	College Park
Indiana	Prof. A. T. Wiancko	Lafayette

SMALL GRAINS COMMITTEE

State	Name	Address
Wisconsin	Prof. A. L. Stone	Madison
Minnesota	Prof. A. C. Arny	St. Paul
Michigan	Prof. C. R. McGee	East Lansing
Canada	Prof. Manley Champlin	Saskatoon, Sask.

HAY COMMITTEE

A complete list of the awards follows:

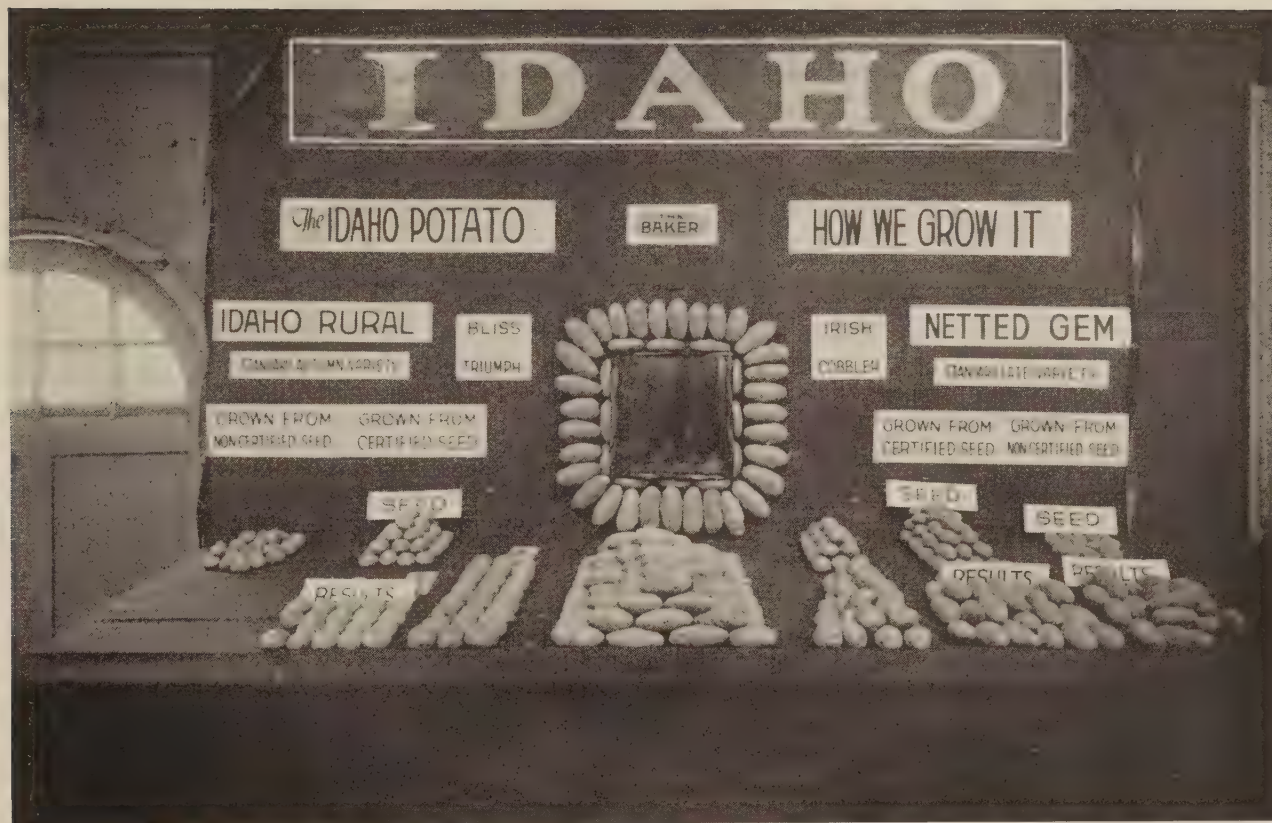

TEN EARS YELLOW DENT—REGION 1

Awards

1st	N. H. Leland, Wendell, Idaho.
2nd	C. J. Chapman, Wendell, Idaho.
3rd	Alfred Pousi, Dassel, Minn.
4th	H. H. Kalmor, Montevideo, Minn.
5th	H. B. Abrahamson, Dassel, Minn.
6th	Wladystaw Prajwaski, Menomonie, Wis.
7th	Roy Graves, Gooding, Idaho.
8th	B. G. Olson, Watson, Minn.
9th	R. O. Ward, Wendell, Idaho.
10th	C. C. McCormick, Boise, Idaho.
11th	John Henderson, Cokato, Minn.

TEN EARS WHITE DENT—REGION 1

1st	C. A. Luther, Gooding, Idaho.
2nd	John Henderson, Cokato, Minn.
3rd	Ole Nordlund, Cokato, Minn.
4th	Ernest Darling, Wendell, Idaho.
5th	Ira Anderson, Wendell, Idaho.
6th	Antone Braga, Gooding, Idaho.
7th	George Jenkins, Gooding, Idaho.
8th	Murvin Chapman, Wendell, Idaho.
9th	Ralph Hafer, Gooding, Idaho.
10th	Dave Vipperman, Gooding, Idaho.
11th	Theo. Dahlman, Dassel, Minn.

UNIVERSITY OF IDAHO EXHIBIT

The Idaho University exhibit showed in a very clear manner the value of planting only certified seed potatoes of a standard variety. Good seed brings good potatoes and a high profit. Potatoes grown from both certified and non-certified seed were shown to illustrate this point. The exhibit was in charge of Prof. Ralph S. Bristol.

TEN EARS YELLOW DENT—REGION 2**Awards**

- 1st G. E. Kittleson, Ceylon, Minn.
- 2nd Lewis M. Hanson, Mandovi, Wis.
- 3rd Justus Brueckner, Jefferson, Wis.
- 4th Leo Brueckner, Jefferson, Wis.
- 5th Elmer G. Biddick, Livingston, Wis.
- 6th Lewis M. Scott, Fairmont, Minn.
- 7th Alfred Ravnum, Ettrick, Wis.
- 8th O. O. Popp, Jefferson, Wis.
- 9th Carl J. Lunenschloss, Richland Center, Wis.
- 10th Chas. H. Howitt, Randolph, Wis.
- 11th Jacobsen Bros., Green Bay, Wis.
- 12th J. P. Thompson, Elk Point, S. D.
- 13th Henry H. Olsgard, Spring Grove, Minn.
- 14th R. Robison, Irvington, Iowa.
- 15th Harvey Christiansen, Ringsted, Iowa.
- 16th Geo. Reif, Hixton, Wis.
- 17th H. T. Draheim, Gotham, Wis.
- 18th Linus Spangler, Jefferson, Wis.
- 19th Fred Black, Midway, Wis.
- 20th Robert C. Boese, Jefferson, Wis.
- 21st John E. Calkins, Granada, Minn.
- 22nd A. C. Ellickson, Arlington, Wis.
- 23rd Gust Guskalkson, Columbus, Wis.
- 24th A. N. Algren, McFarland, Wis.
- 25th Oliver P. Bade, Cochrane, Wis.
- 26th Stanley Kivlin, Oregon, Wis.

TEN EARS WHITE DENT—REGION 2

- 1st Sam Waage, Blanchardville, Wis.
- 2nd C. L. Blanchard, Sherburn, Minn.
- 3rd John Bendel, Jr., Stoddard, Wis.
- 4th L. J. Coberg, Edwood Falls, Minn.
- 5th C. N. Bong, Lynd, Minn.
- 6th Hugh Raney, Algona, Iowa.
- 7th Donald F. Ringeisen, Fairmont, Minn.
- 8th O. A. Haney, Lone Rock, Wis.
- 9th Wm. Shaveland, Mallard, Iowa.
- 10th Clarence Lohrback, Revere, Minn.
- 11th Linus Spangler, Jefferson, Wis.
- 12th Roy Brennand, Oshkosh, Wis.
- 13th C. T. Shaveland, Mallard, Iowa.
- 14th Albert Spangler, Jefferson, Wis.
- 15th Fred S. Geigel, Irvington, Iowa.
- 16th Lewis M. Scott, Fairmont, Minn.
- 17th Otto Wolf, La Crosse, Wis.
- 18th Archie Peters, La Crosse, Wis.
- 19th John Van Beek, Orange City, Iowa.
- 20th Henry H. Olsgard, Spring Grove, Minn.

Awards

- 21st Frank Blonde, Green Bay, Wis.
- 22nd Gust Guskalkson, Columbus, Wis.
- 23rd Herman Jahn, Green Bay, Wis.
- 24th Wm. E. Grabau, Spring Valley, Minn.
- 25th Frank Calouri, Elrod, S. D.
- 26th June Davis, Twin Bluffs, Wis.

TEN EARS YELLOW DENT—REGION 3

- 1st Mrs. Luella Krizer, Rose Hill, Iowa.
- 2nd N. H. Krizer, Rose Hill, Iowa.
- 3rd Oscar Anders, Rose Hill, Iowa.
- 4th Lucille Krizer, Rose Hill, Iowa.
- 5th Krizer Bros., Eddyville, Iowa.
- 6th Geo. Peterson, Letts, Iowa.
- 7th Ray Redfern, Yarmouth, Iowa.
- 8th Herbert F. Bruns, Sigourney, Iowa.
- 9th Leroy Krizer, Eddyville, Iowa.
- 10th J. C. Peterson, Letts, Iowa.
- 11th Harry Braden, Elliott, Iowa.
- 12th Chas. G. Roggenback, Altona, Neb.
- 13th Theo. E. Gran, Bennington, Neb.
- 14th J. L. McKeighan, Yates City, Ill.
- 15th H. F. Osterlin, Faulkner, Iowa.
- 16th Jas. R. McKeighan, Yates City, Ill.
- 17th Henry W. Book, Naperville, Ill.
- 18th Geo. Bennett, Ames, Iowa.
- 19th Chas. Gran, Bennington, Neb.
- 20th J. J. Kepner, Tampico, Ill.
- 21st Carl Holden, Williamsburg, Iowa.
- 22nd Tracy V. Stewart, Lacey, Iowa.
- 23rd Fred McCullough, Hartwick, Iowa.
- 24th E. M. Kerr, Kewanee, Ill.
- 25th Geo. A. Rothgeb, Milford, Ill.
- 26th W. W. Rothgeb, Milford, Ill.
- 27th Wm. Hislop, Milford, Ill.
- 28th Leslie Kolb, Holstein, Iowa.
- 29th Henry L. Rahlf, Falls City, Neb.
- 30th Wm. Krause, Fort Calhoun, Neb.
- 31st Rolyn Kolb, Holstein, Ill.
- 32nd Linda Ford, Tipton, Iowa.
- 33rd Ed. W. Daubet, Hanna City, Ill.
- 34th Marius J. Roost, Dwight, Ill.
- 35th Grant E. Large, Fort Calhoun, Neb.
- 36th W. E. Utterback, Sigourney, Iowa.
- 37th M. L. Brown, Alta, Iowa.
- 38th Walter O. Utterback, Sigourney, Iowa.
- 39th Selby L. Kepner, Tampico, Ill.
- 40th Lester Pfister, El Paso, Ill.
- 41st W. H. Townsend, Peotone, Ill.

UNIVERSITY OF ILLINOIS EXHIBIT

This exhibit was devoted to a "Program of Corn Improvement." Three principles were featured: (1) Effect of selection on height of ear, protein content and oil content; (2) Effect of selection for disease resistance and yield; and (3) The effect of pure-line selection, involving the production by self-fertilization of desirable self-fertilized lines, and the crossing of these lines to produce high yielding disease-resistant hybrids. The exhibit was in charge of Dr. C. M. Woodworth.

Awards **TEN EARS WHITE DENT—REGION 3**

- 1st Edwin Justice, Ankeny, Iowa.
- 2nd Walter Russell, Indianola, Iowa.
- 3rd Lester Justice, Ankeny, Iowa.
- 4th Carl Holden, Williamsburg, Iowa.
- 5th H. F. Osterlain, Faulkner, Iowa.
- 6th M. E. Davis, Laurens, Iowa.
- 7th Albert Sancken, Emmington, Ill.
- 8th John Maland, Leland, Ill.
- 9th John Justice, Ankeny, Iowa.
- 10th H. A. Justice, Ankeny, Iowa.
- 11th Carl Hoffman, Ida Grove, Iowa.
- 12th J. C. Kolb, Holstein, Iowa.
- 13th Ed. Hoffman, Ida Grove, Iowa.
- 14th Jos. Meyers, Freeport, Ill.
- 15th W. W. Rothgeb, Milford, Ill.
- 16th Constantine Bros., Dwight, Ill.
- 17th Henry L. Rahlf, Falls City, Neb.
- 18th Irwin H. Phillips, Princeton, Ill.
- 19th Rolyn J. Kolb, Holstein, Iowa.
- 20th Harold Jensen, Holstein, Iowa.
- 21st Chester A. Hunt, Morris, Ill.
- 22nd Robert J. Cocking, Erie, Ill.
- 23rd A. E. Johnson, Marathon, Iowa.
- 24th Ira Finch, Fairbank, Iowa.
- 25th W. H. Gissel, Independence, Iowa.
- 26th John Sanchen, Emmington, Ill.
- 27th Tom Irving, Blairsburg, Iowa.
- 28th Willie Hunt, Morris, Ill.
- 29th H. A. Schroeder, Gardner, Ill.
- 30th Israel M. Halder, Laurens, Iowa.
- 31st Fred G. Penn, Humboldt, Iowa.
- 32nd Leigh McGinnis, Dixon, Ill.
- 33rd Leslie Kolb, Holstein, Iowa.
- 34th Chas. T. Halder, Laurens, Iowa.
- 35th Jos. Harrison, Havelock, Neb.
- 36th Joseph Payer, Winnebago, Neb.
- 37th Adolph J. Meents, Laurens, Iowa.
- 38th John W. Rieschick, Falls City, Neb.
- 39th Matt Baker, Mitchellville, Iowa.
- 40th J. H. Blodgett & Son, Adams, Neb.
- 41st Jesse A. Lyon, Unadilla, Neb.

TEN EARS YELLOW DENT—REGION 4

- 1st Geo. W. Dunseth, Springfield, Ill.
- 2nd Roscoe Powell, Browning, Mo.
- 3rd J. L. Rakes, Auburn, Ill.
- 4th R. A. Hatfield, Trenton, Mo.
- 5th W. F. Watts, Clarksville, Mo.
- 6th Jay Powell, Browning, Mo.
- 7th Jos. W. Boley, King City, Mo.

Awards

- 8th D. L. Vandveer, Loami, Ill.
- 9th Fred H. Drury, Unionville, Mo.
- 10th Eugene Urbach, Purdin, Mo.
- 11th James R. Dunseth, Modesto, Ill.
- 12th Wm. T. Urbach, Purdin, Mo.
- 13th Roscoe J. Dunseth, Modesto, Ill.
- 14th DeVere Mummert, Astoria, Ill.
- 15th Dean Shields, Astoria, Ill.
- 16th Francis J. Boley, King City, Mo.
- 17th James M. Stephenson, Canton, Mo.
- 18th Wm. L. Beck, Jr., Blanchard, Iowa.
- 19th Wanda Lee Ruth, Astoria, Ill.
- 20th Mrs. Ruth Rakes, Auburn, Ill.
- 21st Harve Ruth, Astoria, Ill.
- 22nd R. L. Rakes, Auburn, Ill.
- 23rd V. A. Rakes, Auburn, Ill.
- 24th Mrs. C. R. Malsbury, Virden, Ill.
- 25th Chas. Shelton, Holden, Mo.
- 26th L. L. Shields, Astoria, Ill.
- 27th Verne Hatfield, Trenton, Mo.
- 28th Lydia Heckman, Cerro Gordo, Ill.
- 29th Chas. S. Spencer, Chula, Mo.
- 30th Mrs. Ollie Malsbury, Lowder, Ill.
- 31st Mrs. D. L. Vandveer, Loami, Ill.
- 32nd John Duewer, Auburn, Ill.
- 33rd S. P. Stephenson, Canton, Mo.
- 34th I. D. Heckman, Cerro Gordo, Ill.
- 35th Geo. C. Watts, Clarksville, Mo.
- 36th J. E. Mummert, Astoria, Ill.
- 37th Clarence Mills, Keytesville, Mo.
- 38th A. J. Stone, Fairview, Ill.
- 39th Mark Stambaugh, Ipava, Ill.
- 40th George Stambaugh, Ipava, Ill.
- 41st Mrs. John Duewer, Auburn, Ill.
- 42nd Eva Pottorf, Mason City, Ill.

TEN EARS WHITE DENT—REGION 4

- 1st Mrs. C. R. Malsbury, Virden, Ill.
- 2nd Claude R. Malsbury, Lowder, Ill.
- 3rd Elbridge Ridge, Grant City, Mo.
- 4th Dan Purdin, Purdin, Mo.
- 5th Mrs. Minnie Malsbury, Lowder, Ill.
- 6th Wm. T. Urbach, Purdin, Mo.
- 7th Thelma B. Conlee, Springfield, Ill.
- 8th A. M. Skeens, Lowder, Ill.
- 9th Henry Hopner & Son, Brunswick, Mo.
- 10th G. W. Dunseth, Springfield, Ill.
- 11th R. O. Conlee, Pleasant Plains, Ill.
- 12th Lydia Heckman, Cerro Gordo, Ill.
- 13th R. K. Malsbury, Lowder, Ill.

KANSAS STATE AGRICULTURAL COLLEGE EXHIBIT

Sorghum, the corn of the Southwest, was the feature of the Kansas exhibit. It was shown that sorghum is very like corn in feeding quality for animals and is much more drought resistant, making it very desirable where the amount of rainfall is limited during the growing season. The exhibit, trimmed neatly with sorghum heads, was very attractive and was in charge of Prof. H. H. Laude.

Awards

- 14th A. A. Malsbury, Lowder, Ill.
- 15th Mrs. Ollie Malsbury, Lowder, Ill.
- 16th Marvin McCready, Lowder, Ill.
- 17th Francis Potts, Lowder, Ill.
- 18th Thelma Louraine Malsbury, Lowder, Ill.
- 19th F. W. Potts, Lowder, Ill.
- 20th J. V. Gooden, Lowder, Ill.
- 21st I. D. Heckman, Cerro Gordo, Ill.
- 22nd J. E. Matheny, Miami, Mo.
- 23rd S. B. Wilhite, Chillicothe, Mo.

- 13th Roy Snoeberger, Rockfield, Ind.

MICHIGAN STATE COLLEGE EXHIBIT (West End)

The west end of the Michigan Agricultural College exhibit showed that the use of certified seed throughout the state of Michigan has been highly profitable. Exhibits of products grown from certified seed were convincing proof of this statement. The exhibit was in charge of Prof. C. R. McGee.

Awards

- 14th Teddie G. Caldwell, Darlington, Ind.
- 15th Fred C. Palin, Newtown, Ind.
- 16th Edith M. Smiley, Ambia, Ind.
- 17th J. G. Johnson, Fairmount, Ind.
- 18th R. E. Himelick, Summitville, Ind.
- 19th Lawrence Troyer, La Fontaine, Ind.
- 20th J. S. Campbell, Crawfordsville, Ind.
- 21st Claud Vardaman, Summitville, Ind.
- 22nd M. A. Mundell, Frankfort, Ind.
- 23rd W. E. Himelick, Summitville, Ind.
- 24th M. D. Manuel, Crawfordsville, Ind.
- 25th Richard Kohls, Kentland, Ind.
- 26th Bonnie Vardaman, Summitville, Ind.
- 27th Edna Himelick, Marion, Ind.
- 28th W. D. Littlejohn, Kentland, Ind.
- 29th Oliver Lodge, Anderson, Ind.
- 30th A. D. Harpel, Crawfordsville, Ind.
- 31st Glen Smiley, Ambia, Ind.
- 32nd Madalene Himelick, Summitville, Ind.
- 33rd Mrs. Ora A. Caldwell, Darlington, Ind.
- 34th Wm. Perry Johnson, Fairmount, Ind.
- 35th Ralph Williams, Pendleton, Ind.
- 36th Chester Joyce, Logansport, Ind.
- 37th G. B. Faker, Chalmers, Ind.
- 38th J. F. Himelick, Summitville, Ind.
- 39th Carl H. Palin, Newton, Ind.
- 40th E. M. Wilson, Anderson, Ind.
- 41st Joseph Riggins, Advance, Ind.
- 42nd Mrs. Ethel Joyce, Camden, Ind.

- 32nd Peter Schoeppel, Shelbyville, Ind.
- 33rd Charles Adams, Shelbyville, Ind.
- 34th Thomas M. Lux, Shelbyville, Ind.

INSPECTING THE WINNING CORN

Left to right: C. E. Troyer, Reserve Corn King; L. M. Vogler, Corn King; and Superintendent G. I. Christie.

MONTANA STATE COLLEGE OF AGRICULTURE EXHIBIT

The Montana exhibit showed that good bread cannot be made from poor quality of wheat. Wheat, to make high quality bread flour, should be high in protein content. Montana, because of ideal soil and climate, is producing wheat with high protein content that makes a fine quality of flour and bread. Loaves of bread were shown to illustrate this point. The exhibit was in charge of Prof. A. J. Ogaard.

Awards

- 35th Leland P. Lux, Waldron, Ind.
 36th Cash A. Lewman, Sellersburg, Ind.
 37th Thomas H. Blythe, Fort Branch, Ind.
 38th Fred W. Harting, Dillsboro, Ind.
 39th Ira V. McKenzie, Cumberland, Md.
 40th E. B. Milburn, Elkton, Md.
 41st Jacob H. Burtner, Fairplay, Md.
 42nd Charles Fischer Waldron, Ind.

SPECIAL AWARDS ON CORN

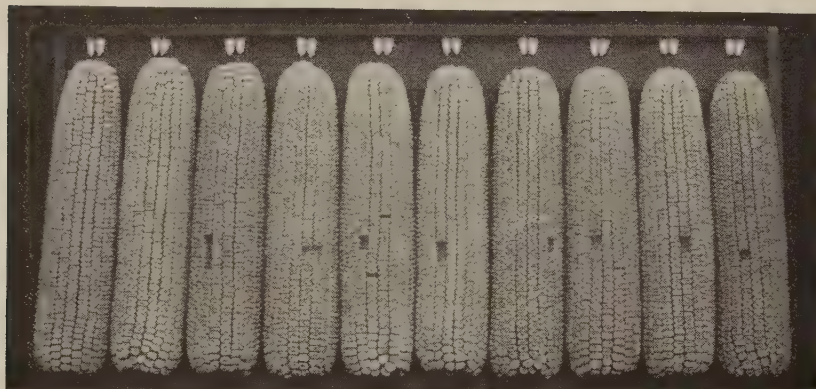

Sweepstakes in Regions

Region Color

- 1 White, N. H. Leland, Wendell, Idaho.
- 2 White, Sam Waage, Blanchardville, Wis.
- 3 Yellow, Mrs. Luella Krizer, Rose Hill, Iowa.
- 4 Yellow, Geo. W. Dunseth, Springfield, Ill.
- 5 Prolific, James A. Patterson, China Grove, N. C.

 ASSOCIATION OF PRODUCTS
 FROM CORN TROPHY**

L. M. Vogler, Hope, Ind.
 1925 winner.

L. M. VOGLER
 and his Grand Champion Corn.

UNIVERSITY OF NEBRASKA EXHIBIT

The prevention of losses in the wheat crop by following proper cultural methods was the purpose of the Nebraska exhibit. Wheat flowing continuously from a number of holes in the side of an old mill represented "leaks in the wheat crop" that could be prevented by using the plugs designated as "seed treatment," "early plowing," etc., which were provided. The exhibit was in charge of Prof. P. H. Stewart.

INTERNATIONAL LIVE STOCK EXPOSITION

Awards

SINGLE EAR CLASS—REGION 1

- 1st Dave Vipperman, Gooding, Idaho.
- 2nd Ole Nordlund, Cokato, Minn.
- 3rd Austin Luther, Gooding, Idaho.
- 4th C. J. Chapman, Wendell, Idaho.
- 5th N. H. Leland, Wendell, Idaho.
- 6th Roy E. Alford, Mapleton, N. D.

SINGLE EAR CLASS—REGION 2

- 1st Lewis M. Scott, Fairmont, Minn.
- 2nd Joseph Conrad, Fairmont, Minn.
- 3rd Sam Waage, Blanchardville, Wis.
- 4th A. B. Schenck, Algona, Iowa.
- 5th W. F. A. Rabe, New Hampton, Iowa.

SWEEPSTAKES SINGLE EAR

Sweepstakes—A. D. Radebaugh, Forest Hill, Md.

**GRAIN DEALERS' NATIONAL ASSOCIATION TROPHY**

A. D. Radebaugh, Forest Hill, Md.
1925 winner.

ONTARIO AGRICULTURAL COLLEGE EXHIBIT

The Ontario exhibit told the story of the evolution of alfalfa in Ontario. Two good strains, the Grimm and the Ontario Variegated, have proven themselves to be most satisfactory in production and hardiness for conditions as they are in Ontario. The two strains had a common starting point, both coming from near Baden, Germany. Prof. J. Buchanan was in charge of the exhibit.

JUNIOR CORN CONTEST**Awards JUNIOR CORN, WHITE—REGION 1**

- 1st Chalmer Wiseman, Hillcrest, Mont.
- 2nd Lawrence Borer, Forsyth, Mont.
- 3rd Guy Byerly, Ingomar, Mont.
- 4th Ray M. Byerly, Ingomar, Mont.
- 5th Paul Spears, Hillcrest, Mont.
- 6th Clarence C. Mielke, Richville, Minn.

- 30th George Raemer, Fairmont, Okla.

UTAH AGRICULTURAL COLLEGE

"Color Counts" in alfalfa seed was the slogan of the Utah exhibit. It showed in a large number of tests that bright yellow seed had a much higher percentage of germination than did seeds of other color. The exhibit also urged that varieties of seeds used be standardized. The exhibit was in charge of Prof. George Stewart.

Grown by L. P. Yates, Fishtail, Montana.

UNIVERSITY OF WISCONSIN EXHIBIT

The proper housing and feeding of fall pigs to make them return the maximum profits was the theme of the University of Wisconsin exhibit. A self feeder and a good ration were shown. Attractive charts told the story of the fall pig problem and gave helpful information on how to solve it. The exhibit was in charge of Prof. E. D. Holden.

INTERCOLLEGIATE CROPS JUDGING CONTEST

A. C. Army
Supt.

The third annual Intercollegiate Crops Judging Contest brought out an increase of one entry over the former record. Indiana and Nebraska were represented in the contest for the first time this year.

North Carolina won the contest in 1923 and came back this year determined to win. Its victory was decisive as its students ranked one, two, three in individual ratings. The score of the North Carolina team this year was 4281.5 out of a possible 5000, as compared to its winning score of 3897 two years ago. In the recent contest the second team was nearly 200 points behind the winning trio.

Prof. A. C. Army, of the University of Minnesota, who has been in charge of this contest since its inception, again conducted the competition in his usual efficient manner. All

placings and reasons were checked, and summary sheets made by 8:30 p. m. of the day of the contest and all winnings were announced at that time. The following judges made the awards:

COMMERCIAL GRADING

H. P. English, Federal Grain Supervision, Chicago, Ill.

J. W. Pieper, Agricultural College, Urbana, Ill.

H. H. Whiteside, Federal Hay Supervision, Chicago, Ill.

COMPARATIVE PLACING

T. E. Odland, Agricultural College, Morgantown, W. Va.

A. L. Stone, Agricultural College, Madison, Wis.

H. C. Slade, Bureau of Agricultural Economics, Washington, D. C.

IDENTIFICATION

T. W. L. Burke, Agricultural College, Saskatoon, Sask.

R. S. Dunham, Northwest School of Agriculture, Crookston, Minn.

The coaches of the eight teams competing this year were: Michigan, Prof. C. E. Cormany; Oklahoma, Prof. A. Daane; North Carolina, Prof. W. H. Darst; Iowa, Prof. C. S. Dorchester; Nebraska, Prof. T. H. Goodding; Indiana, Prof. F. E. Robbins; Ohio, Prof. C. J. Willard; Kansas, Prof. J. W. Zahnley.

THE UNITED STATES DEPARTMENT OF AGRICULTURE

"The exhibit of the U. S. Department of Agriculture, like those of its predecessors, was extremely interesting and instructive. This display, with its many parts, has become one of the most popular features of the International, and always attracts large crowds.

"One of the most interesting sections of the exhibit was one where comparisons were made between choice and common live lambs, and between carcasses and cuts from these types of lambs. Suggestions for cooking the various cuts were also given.

"Another part was designed to impress upon the hog producer the fact that too many pigs are lost, and that therefore his production is not as economical as it should be. It was shown that out of 200 pigs farrowed only 112 hogs actually reach the market at the end of 34 weeks, the other 88 having died from various causes. According to the exhibit, 14 per cent of total feed consumed is expended for pigs which fail to reach the market.

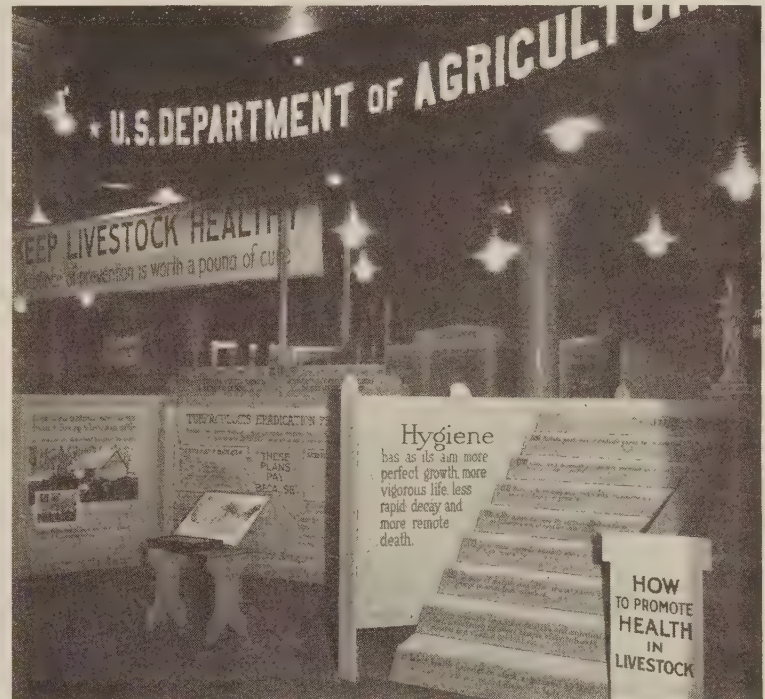

"This is particularly interesting from the packer's standpoint, as more economical hog production, while it would undoubtedly mean more hogs, would also enable producers to sell them more cheaply, which would be reflected in cheaper pork, and increased pork consumption.

"The market news and bulletin service of the Department were also the subjects of interesting exhibits. Other sections were devoted to the damage done by hog worms, a comparison of various types of horses, etc.

"Among the Department men who came out from Washington to attend the show were Secretary of Agriculture Jardine, Dr. J. R. Mohler, chief of the U. S. Bureau of Animal Industry, and T. P. Cooper, chief of the U. S. Bureau of Agricultural Economics.

"Other B. A. I. men were E. W. Sheets, E. Z. Russell, O. G. Hankins, K. F. Warner, H. C. McPhee, Wm. Jackson,

R. S. Spielman, W. H. Black, E. A. Spencer, J. O. Williams, C. G. Potts, S. W. Green, A. T. Eddinger, Dr. C. D. Lowe, Dr. M. Horsett, Dr. A. W. Miller, Dr. U. G. Houck, Dr. J. A. Kiernan, Dr. A. E. Wright, Dr. O. E. Skidmore, Dr. Wm. McKellar, Dr. E. C. Joss, and Dr. A. E. Holm.

INTERNATIONAL LIVE STOCK EXPOSITION

"Among the B. A. E. representatives were C. V. Whalin, O. C. Stine, K. V. Steer, D. L. Perkins, J. Clyde Marquis, C. E. Gibbons, W. C. Davis, E. W. Baker, L. B. Burk, H. P. Tolley, C. E. Trout and James K. Wallace.

"Miss C. R. Schmidt and Miss C. L. Shubert of the home economics bureau were also on hand, as was L. S. Richardson of the press service. The exhibit was in direct charge of J. W. Hiscox, H. T. Baldwin, C. H. Cross, and

HOW TO SELECT SHEEP

1. Wormy sheep often have eggs in their droppings.
2. Young worms hatch from the eggs.
3. Worms feed on the sheep's crops, injure the lining of the stomach.
4. Sheep with the worms look thin and weak.
5. Wormy sheep mature in the flock in 2 to 3 weeks and produce more eggs.

STOMACH WORMS OF SHEEP
 They are commonly present in permanent pastures. They prevent proper growth and development, cause weakness, poorer skin, poverty, low scores or death. They are particularly destructive to lambs.

BLUESTONE TREATMENT

HOW TO GIVE IT

WETHER LAMB
 Lamb born 3 months old.
 Kept free from worms since birth.
 Weighs 60 pounds.

Wormy Wether
 Wormy when a lamb.
 Weighs 60 pounds.

Giving the BLUESTONE TREATMENT

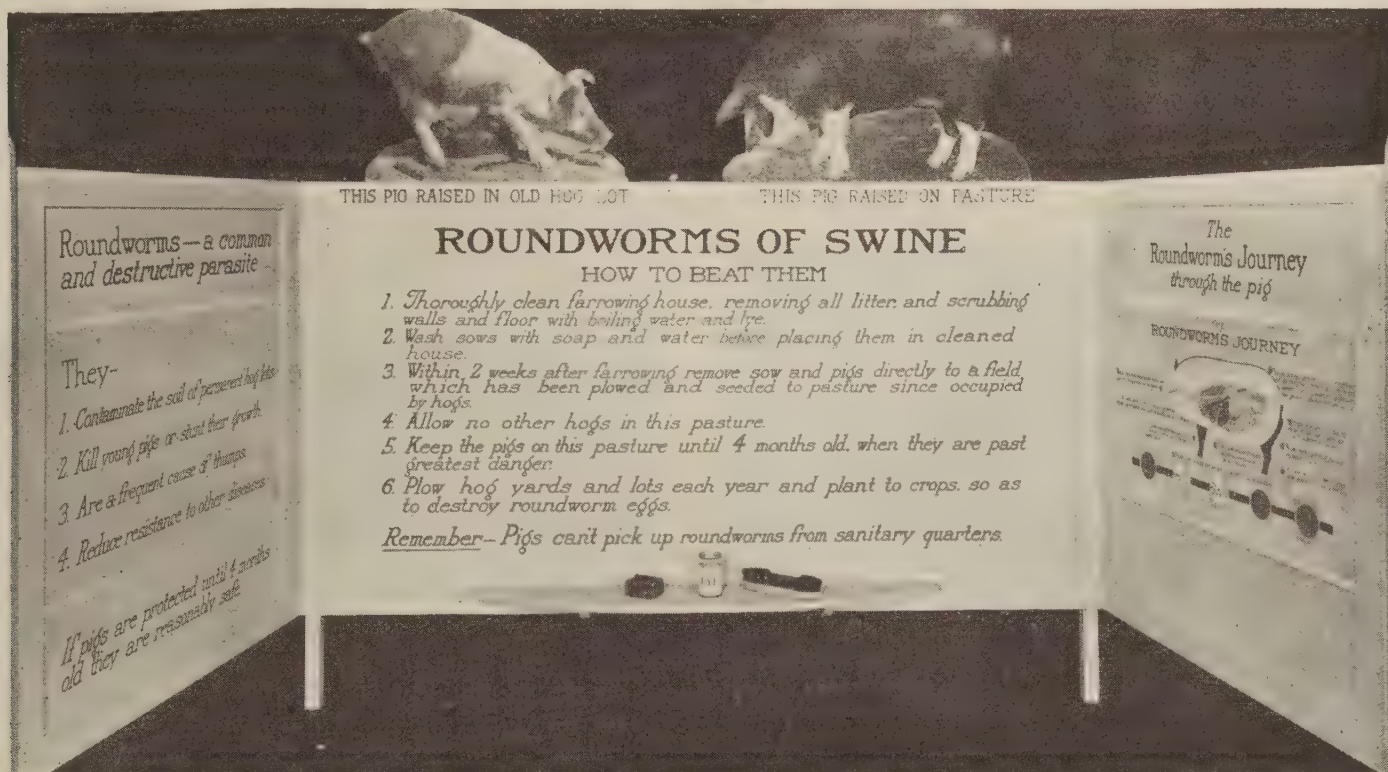

These wethers treated with Bluestone in 1914 and were stronger, stouter, healthier lambs and gave more milk.

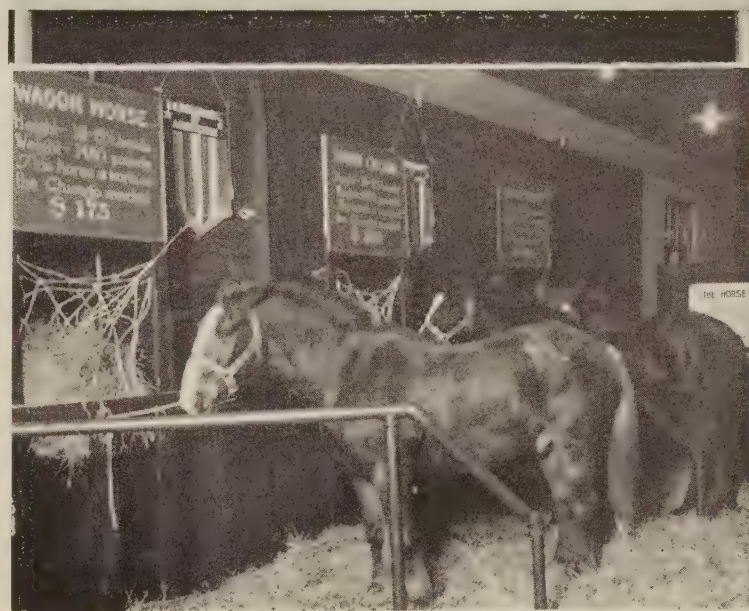

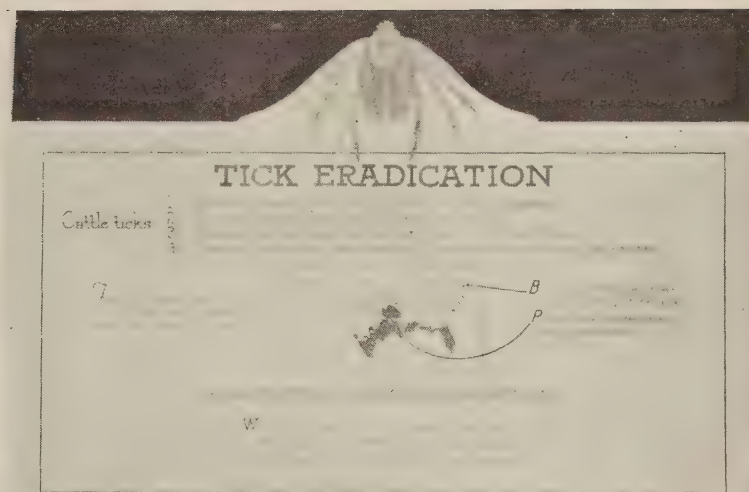

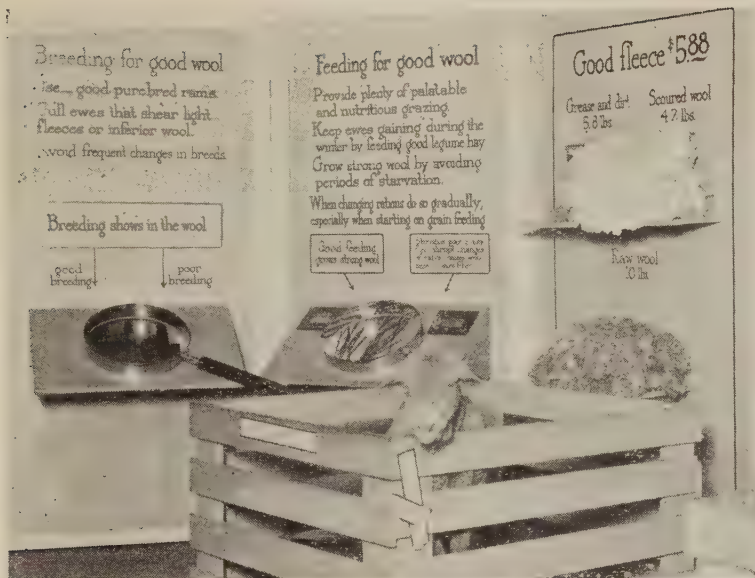

Mr. Marke, of the office of exhibits of the extension service of the department.

"Mr. Davis, Mr. Warner and Dr. Lowe were among the most active in explaining the exhibits and work of the

department to the public."—THE NATIONAL PROVIDER.

The accompanying illustrations show a few of the many subjects treated in the educational display of the United

Lincoln Herd of Red Polls

RUPERTA'S TEDDY 32696 A. R.

Fifty per cent of the herd now carries the blood of Ruperta's Teddy A. R. He weighs 2,600 lbs., has won seven grand championships, sired five champion females, and two champion steers, and the junior champion bull and heifer at the last International. Sold for export to Jamaica, West Indies, for \$1,000. His dam weighed 1,600 lbs. and has official record of 11,005.4 lbs. milk and 600.9 lbs. butterfat.

ADOLPH P. ARP
ELDRIDGE, IOWA

BALL FARM HEREFORDS

Zelienople, Pa.

THE HERD SIRES:

WYOMING 20th, No. 991363—By Blayne's grand champion bull Wyoming.

MODEL BRAE, No. 790717—By Braemore, No. 666666.

PENN WOODFORD, No. 1307038—By Verna's DISTURBER; dam, BELLE WOODFORD 28th, junior champion 1918, and junior and grand champion female 1919 American Royal. PENN WOODFORD stood second at Royal and third at Chicago, 1924. He is only brother to MISS WOODFORD 1st, junior champion both shows, 1923.

GEORGE L. BALL

Pittsburgh, Pa.

OUR WINNERS IN 1925

At the International Stock Show in 1925
We Won:

- 1st prize on junior yearling bull.
- 1st prize on summer yearling bull.
- 1st prize on junior bull calf.
- 1st prize on yearling herd.
- 1st prize on group of three bulls.
- 1st prize on group of two bulls bred by exhibitor.
- 2d prize on get of sire.
- 2d prize on pair of calves.

At the American Royal Stock Show in 1925 we won all of the first prizes noted above and the junior and grand championship of the bull classes.

At the Pacific International Stock Show we won all of the prizes noted above and the first prize on two-year-old bull and the senior championship of the bull classes.

Besides these winnings we sold the highest priced bull of the year, Collynie Supreme, that brought \$3,300 at the International auction, and we made the highest average price of any breeder that sold more than one bull at auction during the year.

We believe that this unparalleled record stamps Blackhawk Herd as the leader in bull production on the American continent.

If you have not received a copy of the Blackhawk herd catalog, write for it now and ask for special information about this great herd.

WOLHURST FARM LITTLETON, COLORADO

HORACE W. BENNETT.

R. ABBOTT, Superintendent.

J. S. RICHE.

Wolhurst Farm, the home of the Milking Shorthorn Cattle in the West. Mr. Abbott, Superintendent, the greater part of his life, has made a study of the Dual Purpose animal and through his untiring efforts has, by scientific methods of breeding and development, manifested to the Agricultural World the ability to produce and combine into one animal two complete types so essential to fill the real need of the progressive farmer: the Shorthorn cow that will produce the highest type, meeting the Beef Cattle market requirements and that will at the same time make official R. O. M. records; this means a continuous liberal beef supply as well as a full "Milk Pail" for the farmer and breeder. He has combined four of the outstanding highest producing herds in the West, combining therein the blood of the world's greatest sires and dams, backed by not only distinguished R. O. M. ancestry, but by undefeated Champions in the Show Ring, they, in return, reigning as a further foundation to the herd that has been built for the purpose of contributing to the higher ideals of the breed.

The immense size of the Wolhurst Farm herd enables them to offer at all times and to serve the breeders and prospective buyers in the purchase of sons and daughters of the different ages, with the finest of quality and scale, from R. O. M. dams and sired by the following noted herd sires: Royal Roan Clay, Claywood White, Bonvue Oxford, Pan Claywood 2nd, Bonvue Lee, Wolhurst Richard Clay, Bonvue Manrico and Snoad Street Emigrant.

Wolhurst extends an invitation to all to visit the Farm and welcomes an opportunity of service.

STILL MORE HONORS

225 Ribbons—79 Firsts—13 Champions

CURLES MAYFLOWER
10 Times First.

Grand Champion at the
International.
Reserve at the National.

WON BY

BRIGADIER DUROCS on the 1925 show circuit is proof conclusive of their winning ability. They have won The Breeders' Aged Herd class at the International for 3 successive years, Grand Champion Sow for 2 years and Get of Sire 2 years. Our Senior Yearling Sows have stood first and second at every show, including the National, the International and the Illinois and Ohio State Fairs.

Quality, breediness, and feeding capacity—the sort we breed. 600 ribbons in 3 years—every animal of our own breeding. The 4 highest ton litters in Virginia this year in the hands of 3 different breeders were of our breeding.
